

## **Request to Transfer funds**

06-16-2026

The Improvement Revolving fund has approximately 10.3 million dollars on hand. I am requesting permission to move as much as 10.2 million dollars of Improvement Revolving funds into the Construction fund as needed for the continued construction of the new Township Hall and Public Safety building.

The movement of these funds has been part of the plan all along to finance this project.

Respectfully,

Mike Roman

White Lake Treasurer.
