

MASTER AGREEMENT FOR MUNICIPAL STREET LIGHTING

This Master Agreement For Municipal Street Lighting ("Master Agreement") is made between DTE Electric Company ("Company") and Charter Township of White Lake ("Customer") (collectively referred to as the "Parties") as of March 23, 2022.

RECITALS

A. Customer may, from time to time, request Company to furnish, install, operate and/or maintain street lighting equipment for Customer.

B. Company may provide such services, subject to the terms of this Master Agreement.

Therefore, in consideration of the foregoing, Company and Customer hereby agree as follows:

AGREEMENT

1. Master Agreement. This Master Agreement sets forth the basic terms and conditions under which Company may furnish, install, operate and/or maintain street lighting equipment for Customer. Upon the Parties' agreement as to the terms of a specific street lighting transaction, the Parties shall execute and deliver a Purchase Agreement in the form of the attached Exhibit A (a "Purchase Agreement"). In the event of an inconsistency between this Agreement and any Purchase Agreement, the terms of the Purchase Agreement shall control.

2. Rules Governing Installation of Equipment and Electric Service. Installation of street light facilities and the extension of electric service to serve those facilities are subject to the provisions of Company's Rate Book for Electric Service (the "Tariff"), Rule C 6.1, Extension of Service (or any other successor provision), as amended and approved by the Michigan Public Service Commission ("MPSC") from time to time.

3. Contribution in Aid of Construction. In connection with each Purchase Agreement and in accordance with the applicable Orders of the MPSC, Customer shall pay to Company a contribution in aid of construction ("CIAC") for the cost of installing Equipment (as defined in the applicable Purchase Agreement) and recovery of costs associated with the removal of existing equipment, if any. The amount of the CIAC (the "CIAC Amount") shall be an amount equal to the total construction cost (including all labor, materials and overhead charges), less an amount less than or equal to three (3) years' revenue expected from such Equipment, and less an amount equal to the Post Charge revenue if selected by Customer. The CIAC Amount will be as set forth on the applicable Purchase Agreement. The CIAC Amount does not include charges for any additional cost or expense for unforeseen underground objects, or unusual conditions encountered in the construction and installation of Equipment. If Company encounters any such unforeseen or unusual conditions, which would increase the CIAC Amount, it will suspend the construction and installation of Equipment and give notice of such conditions to the Customer. The Customer will either pay additional costs or modify the work to be performed. If the work is modified, the CIAC Amount will be adjusted to account for such modification. Upon any such

suspension and/or subsequent modification of the work, the schedule for completion of the work shall also be appropriately modified.

4. Payment of CIAC Amount. Customer shall pay the CIAC Amount to Company as set forth in the applicable Purchase Agreement. Failure to pay the CIAC Amount when due shall relieve Company of its obligations to perform the work required herein until the CIAC Amount is paid, at which point the schedule for completion of the work shall be appropriately modified.

5. Post Charge. For newly installed underground-fed lighting systems of greater than five (5) lights, Customer has the option to select a Post Charge, in lieu of paying all or some of the up-front CIAC Amount, pursuant to the terms of the Purchase Agreement. The Post Charge is a monthly rate, calculated based on the portion of the CIAC Amount that is not paid up front (rounded up to the nearest \$1,000.00 increment).

6. Modifications. Subject to written permission of the respective municipality, after installation of the Equipment, any cost for additional modifications, relocations or removals will be the responsibility of the requesting party.

7. Maintenance, Replacement and Removal of Equipment. In accordance with the applicable Orders of the MPSC, under the Street Lighting Rate (as defined below), Company shall provide the necessary maintenance of the Equipment, including such replacement material and equipment as may be necessary. Customer may not remove any Equipment without the prior written consent of Company. To the extent that Customer or any other local government authority requires Company to obtain any permits in order to perform any maintenance, repair, replacement or restoration of Equipment under this Master Agreement, Company shall not be responsible for any delay or interruption of service due to such permitting requirements. Customer acknowledges that compliance with such permitting requirements may result in additional charges to Customer (including, without limitation, trip charges associated with demobilizing and remobilizing personnel and materials to the worksite in connection with the pendency of required permit applications).

8. Street Lighting Service Rate.

a. Upon the installation of the Equipment, the Company will provide street lighting service to Customer under Option 1 of the Municipal Street Lighting Rate set forth in the Tariff, as approved by the MPSC from time to time (the "Street Lighting Rate"), the terms of which are incorporated herein by reference.

b. The provision of street lighting service is also governed by rules for electric service established in MPSC Case Number U-6400. The Street Lighting Rate is subject to change from time to time by orders issued by the MPSC.

9. Contract Term. This initial term of this Master Agreement shall commence upon date of installation and terminate on the later of (a) five (5) years from the date hereof or (b) the date on which the final Purchase Agreement entered into under this Master Agreement is terminated. If the optional Post Charge is selected, the initial term of this Master Agreement shall be the later of (a) ten (10) years from the date hereof or (b) the date on which the final Purchase Agreement entered into under this Master Agreement is terminated. Upon expiration of the initial

term, this Master Agreement shall continue on a month-to-month basis until terminated by mutual written consent of the parties or by either party with thirty (30) calendar days' prior written notice to the other party. Upon termination of this Master Agreement for any reason, before or after the expiration of the initial term, Company shall have the right to disconnect the Equipment and/or remove any Company-owned equipment and a portion of the Equipment corresponding to the extent to which Customer has not paid in full for the Equipment; provided, however, that Company shall not withdraw service, and Customer shall not substitute another source of service, without at least twelve (12) months' written notice to the other party

10. Customer Obligations upon Termination. In the event that this Master Agreement is terminated before the end of the initial term by Company due to an Event of Default or by Customer for convenience, Customer will promptly pay Company which shall include all of the following:

- a. If applicable, the un-recouped portion of the Company Capital Investment pro-rated for the remainder of the initial three-year period.
- b. If applicable, the aggregate total of remaining Post Charge payments that would have come due over the remainder of the applicable period ten (10) years for Post Charge.
- c. The aggregate total of remaining Luminaire Charge payments that would have been charged over the remainder of the applicable initial contract term.
- d. Any Company costs and expenses associated with disconnecting and de-energizing the Equipment from Company power supply sources; and
- e. The cost incurred by the Company to remove Company's Lighting System and restoration of impacted property as commercially reasonable as possible to its original condition.

11. Design Responsibility for Street Light Installation. Company installs municipal street lighting installations following Illuminating Engineering Society of North America ("IESNA") recommended practices. If the Customer submits its own street lighting design for the street light installation or if the street lighting installation requested by Customer does not meet the IESNA recommended practices, Customer acknowledges Company is not responsible for any compliance or noncompliance with IESNA standards or any issues arising therefrom.

12. New Subdivisions. Company agrees to install street lights in new subdivisions when subdivision occupancy reaches a minimum of 80%, pursuant to a Purchase Agreement. If Customer wishes to have installation occur prior to 80% occupancy pursuant to a Purchase Agreement, then Customer acknowledges that Customer will be financially responsible for all damages (knockdowns, etc.) and requests for modifications (movements due to modified curb cuts from original design, etc.), and that the CIAC Amount and schedule for completion of the work shall be appropriately modified.

13. Force Majeure. The obligation of Company to perform this Master Agreement shall be suspended or excused to the extent such performance is prevented or delayed because of acts beyond Company's reasonable control, including without limitation acts of God, fires, adverse

weather conditions (including severe storms and blizzards), malicious mischief, strikes and other labor disturbances, compliance with any directives of any government authority, including but not limited to obtaining permits, and force majeure events affecting suppliers or subcontractors.

14. Subcontractors. Company may sub-contract, in whole or in part, any of its obligations under this Master Agreement.

15. Waiver; Limitation of Liability. To the maximum extent allowed by law, Customer hereby waives, releases, and fully discharges Company from and against any and all claims, causes of action, rights, liabilities, or damages whatsoever, including attorney's fees, arising out of the installation of the Equipment and/or any replacement Equipment, including claims for bodily injury or death and property damage, except to the extent that unless such matter is caused by or arises as a result of the sole negligence of Company and/or its subcontractors. Company shall not be liable under this Master Agreement for any special, incidental, or consequential damages, including loss of business or profits, whether based upon breach of warranty, breach of contract, negligence, strict liability, tort or any other legal theory, and whether or not Company has been advised of the possibility of such damages. In no event will Company's liability to Customer for any and all claims related to or arising out of this Master Agreement exceed the CIAC Amount set forth in the Purchase Order to which the claim relates.

16. Notices. All notices required by this Master Agreement shall be in writing. Such notices shall be sent to Company at **DTE Electric Company, Community Lighting Group, 8001 Haggerty Rd, Belleville, MI 48111** and to Customer at the address set forth on the applicable Purchase Agreement. Customer will purchase and stock replacement SOM and spare parts as provided in Section B below. When replacement equipment or spare parts are installed from Customer's inventory, Company will credit Customer in the amount of the then-current material cost of Company standard street lighting equipment in lieu of which the SOM is being used.

Customer shall name an authorized representative to contact regarding inventory: levels, access, usage, transactions, and provide the following contact information to Company:

Name: N/A Title: N/A

Company will notify Customer as to whether Company will pursue such claim within a reasonable time of the SOM being damaged.

E. In the event that SOM becomes obsolete, discontinued, or incompatible with Company's infrastructure, Customer shall select new alternate SOM that is compatible with Company's then-existing infrastructure. If Customer does not select compatible alternate SOM, Company reserves the right to select compatible SOM that is, in its reasonable judgment, substantially similar, or replace the SOM with standard materials, in either case being entitled to reimbursement from Customer for Company's costs in providing such transition of supply (including internal overhead and labor costs).

F. Should Customer experience, in Company's reasonable judgment, excessive LED equipment failures that are not supported by LED manufacturer warranties, Company will replace the LED equipment with other Company supported Solid State or High Intensity Discharge luminaires at Company's discretion.
