

To the Zoning Board of Appeals:

We are writing in support of the proposed addition to the home at 747 Ranveen Drive.

We believe the addition will be a positive improvement to the property and the surrounding neighborhood. It will enhance the home, improve its functionality, and contribute to the overall appearance and quality of the neighborhood.

We support the proposed addition and believe that maintaining and improving well-kept homes in the neighborhood can have a positive impact on surrounding properties and property values.

Sincerely,

Jim & Lauren Wardrop

725 Ranveen Drive, White Lake

Brandon,

I have seen your plans for your remodel project. The design is a great improvement to the look of your house and an upgrade to the neighborhood. This will bring your house up to the style of the rest of the area.

It's amazing how this should improve the value of your house without really increasing the footprint or the size that much. I appreciate your investment and fully support your project.

White Lake Twp Zoning Board of Appeals

RE: 747 RANVEEN DRIVE

As adjacent property owners to the proposed 2nd story addition request, we have zero issues with the proposed project. We also believe the addition is in keeping with all neighboring homes, and that the proposed improvements will benefit the entire Cedar Shores subdivision with regards to aesthetics and property values.

As the previous White Lake Township Building Official and plan reviewer for 23+ years (I have been retired now for 7 years). I understand ordinances may have changed, new staff may have different interpretations of the ordinance, and previous legal interpretations maybe unknown or archived.

I am still scratching my head as to why this is even before you folks this evening. It is my belief the proposed addition request is compliant with local ordinance, and meets previous legal interpretation requirements from White Lake Twp attorneys. Please note I have not seen and did not review the entire application. I have seen the proposed plan. I

have walked the subject property, and I do have knowledge of the townships ordinances. With that said it is my opinion, the proposed addition should have been administratively approved and the building permit should have been issued upon it's initial request months ago.

To summarize; we respectfully recommend that the Zoning Board of Appeals allows/approves this proposed request for a 2nd story addition.

Sincerely,

A handwritten signature in cursive script, appearing to read "Patricia Page".

To whom it may concern,

We are neighbors who are directly across the street from Lizzy and Brandon Moore and are in full support of the addition to their home. It will provide an aesthetic improvement over the older, somewhat outdated original cottage design and, with additional space/square footage, should have a positive impact on home values in our neighborhood.

Sincerely,

Jennifer and Kevin McDowell
