

MEMORANDUM

To: Common Council

From: John Weidl, City Manager

Date: 4/10/2025

Re: Common Council Board appointment

Council Members,

On the morning of Thursday, April 10, 2025, Council President Singer and I convened to begin assembling a slate of recommended Council appointments to the City's various boards, committees, and commissions. This process is a critical component of our shared governance and ensures continued collaboration, representation, and leadership across all areas of civic engagement.

Our objective is to have these recommendations finalized and ready for Council action during the same meeting in which the Council elects its new president. This coordinated approach allows for a seamless transition and effective continuity in the City's policy-making and advisory bodies.

In formulating the recommendations, the City Manager and Council President jointly reviewed each Council member's stated preferences, professional background, relevant experience, and overall fit with the respective responsibilities of the roles. We also considered what would best serve the needs and interests of the City of Whitewater as a whole.

Attached to this memo is the proposed slate of appointments.
We look forward to your review and discussion of these recommendations.

Best-

John S. Weidl
City Manager, City of Whitewater
JSW/RLM
