BACKGROUND

(Enter the who, what when, where, why)

At the April 3, 2025 Council meeting, Council voted in favor of turning the west half of Lot C into a paver patio area to help bring awareness to the mural that is painted on the side of the building at 119 W. Center Street. The motion included language to develop a Memorandum of Understanding which would lay out responsibilities of the paver patio area. One such responsibility was the winter maintenance in which the City would be responsible for the parking stalls and drive aisle while a responsible party would be accountable for the paver patio area.

City staff received notification from the requesters of the project that the Whitewater Arts Alliance Board rejected the notion that they would be responsible for the winter maintenance. Due to this, it was agreed upon between the requesters of the project and city staff that an MOU did not need to be drafted at this point. The requesters of the project have put the paver patio project on hold.
