

CITY OF WHITEWATER

HOME RENEWAL PROGRAM POLICY *(Draft for Common Council and CDA Discussion)*

Owner: Economic Development Director (Community Development Department)

Approving Body: Community Development Authority (CDA) / Common Council

Related Policies: Affordable Housing Fund Policy 602.01 (Rev. 02-15-2024); Former Owner-Occupied Rehab Application (2018)

Initial Allocation (proposed): \$720,000 - \$1,200,000 from Affordable Housing Extension proceeds for Home Renewal Program

1. Purpose & Objectives

The Home Renewal Program (HRP) invests in Whitewater's single-family owner-occupied housing to (a) reconvert homes that were altered for rental use back to compliant single-family layouts and (b) remedy major health, safety, and code deficiencies (e.g., obsolete wiring, failing foundations, life-safety/code failures), thereby extending the useful life of older homes, stabilizing neighborhoods, and increasing long-term owner-occupancy.

This policy operationalizes the City's Affordable Housing Extension (AHE) objectives and uses loan terms and compliance tools consistent with the City's Affordable Housing Fund policy (10-year deed restriction; repayment plus penalty upon conversion to rental; hardship waiver via CDA). Typical rehabilitation priorities mirror Wisconsin CDBG housing guidance: address health and safety, energy efficiency, and accessibility first, then other essential work.

2. Program Budget & Caps

- Total initial program budget: \$1,200,000 (non-Down Payment Assistance share).

- Target allocations (for planning):
 - Reconversion projects: approximately 60 percent
 - Major systems/code rehabilitation: approximately 40 percent
- Per-home assistance (not to exceed):
 - Standard cap: \$60,000
 - Exceptional need cap (with CDA approval): \$90,000 for structural stabilization, comprehensive electrical replacement such as knob-and-tube removal/rewire, or mandated hazard abatement.
- Average project planning figure: \$40,000 to \$60,000 per home (the prior program's typical roof/siding/windows projects ran approximately \$25,000 to \$30,000; complex reconversions and system replacements will exceed this).

Note: Caps are set to balance depth of repair with throughput (20–30 homes from the initial tranche, depending on mix/severity). CDA may adjust allocations to meet demand.

3. Eligible Properties & Households

- Location and Type: Single-family, owner-occupied homes within the City of Whitewater.
- Age/Condition screen (to prevent misuse on newer builds):
 1. Built 20 years ago or earlier, or
 2. Documented major code/life-safety deficiency verified by the Building Inspector (e.g., unsafe electrical, structural/foundation failure, failed heating system, hazardous roofing).
- Owner-Occupancy: Primary residence; proof required annually during the deed-restriction term (see section 9). The 2018 application required annual insurance/occupancy confirmation; HRP retains that practice.
- Income focus: To satisfy AHE's affordability intent, at least 75 percent of HRP funds must benefit households at or below 150 percent of HUD county income limits (matching Policy 602.01). The remaining 25 percent may serve over-income owners where work improves the city's housing stock.
- Property taxes and insurance: Must be current; homeowner must carry insurance.
- Deed Restriction (Citywide AHE standard): 10-year prohibition on converting to rental; immediate repayment of loan plus \$5,000 penalty if violated.

- CDA may approve a hardship waiver consistent with Policy 602.01, following a formal written letter submitted to the CDA Executive Director.
- Purchase transactions: If a buyer is purchasing a qualifying single-family property that meets the above criteria and intends to occupy as a primary residence, HRP funds may be applied at the time of closing to finance required reconversion or rehabilitation work.

4. **Eligible Activities** (scope must produce a code-compliant home at completion)

1. Reconversion to Single-Family Layout (primary track)

1. Removal of unpermitted or unsafe bedroom partitions; restoration of required living/dining/common areas.
2. Reconfiguration of means of egress, smoke/CO detection, and room dimensions to comply with Wisconsin Uniform Dwelling Code (UDC) SPS 320–325 and local code.

2. Major Systems and Code/Life-Safety Repairs

1. Electrical: replacement of obsolete or unsafe wiring (e.g., knob-and-tube), panel upgrades, grounding, AFCI/GFCI as required by UDC.
2. Structural/foundation stabilization; roof replacement; exterior envelope when failing.
3. Mechanical: heating/ventilation replacements where unsafe or at end-of-life; plumbing repairs to remedy code violations/leaks.
4. Lead-safe work where paint is disturbed; clearance as applicable.
5. Energy and weatherization measures required to meet UDC energy standards when part of a broader life-safety scope. This may include windows and siding if meeting energy standards.
6. Accessibility modifications essential to safe occupancy. Wisconsin CDBG guidance prioritizes accessibility. This may include items such as doors and entryway steps if meeting accessibility standards.

5. **Professional Services**

- Pre-work inspections, scopes of work, bid packages, construction management, and post-work inspections or clearance testing when required.

Not Eligible: Luxury upgrades; additions that increase square footage unless required to correct life-safety; outbuildings (including garages), landscaping, sidewalks, driveways, decks, patios, and fencing; appliances not integral to health/safety; routine maintenance.

6. Financial Terms

- Form: 0 percent interest deferred-payment loan (DPL) secured by a mortgage and/or note; due upon sale or transfer or program default, mirroring the City's prior rehab program terms.
- Forgiveness: None; principal is repaid at sale or transfer.
- Match: No homeowner cash match required; however, owners may add private funds for non-eligible upgrades under a separate contract.
- Stacking: HRP may coordinate with other resources (e.g., utility rebates or separate CDBG rehab if available), including HOME Consortium, Southern Housing Region; federal funds trigger HUD LSHR compliance.

Reference model: Milwaukee's Compliance Loan Program uses 0 percent deferred loans focused on bringing homes into code compliance.

7. Priority Scoring (for award sequencing)

1. Imminent health/safety/code hazard – High
2. Reconversion impact – High
3. Owner income (\leq 150 percent HUD limit) – High
4. Disabled/elderly household or accessibility need – Medium-High
5. Energy/Weatherization add-ons – Medium
6. Readiness (clear title, taxes current, insurance in force, scope well-defined, contractor availability) – Medium

Application, Underwriting and Procurement

A. Application

Use an updated HRP application modeled on the 2018 form (owner/household info; debts; proof of insurance; income documentation; consent to verify; conflict-of-interest; appeal process).

B. Property Inspection and Scope

City (or contracted agent) performs code/condition inspection; produces a written Scope of Work aligned to UDC and lead-safe rules.

C. Bidding and Contractor Requirements

- Minimum 2 written bids (unless emergency work).
- Contractors must be licensed and insured and, where paint will be disturbed in pre-1978 homes, EPA RRP-certified.
- Change orders require pre-approval by program staff; retainages allowed until final acceptance.

D. Agreements and Security

Homeowner signs loan documents and mortgage/note; City records lien; 10-year deed restriction recorded per Policy 602.01.

8. **Code, Health and Environmental Compliance** (minimums)

- UDC compliance (SPS 320–325): All finished work must meet state and local code.
- Lead-Safe Requirements:
 - If federal funds such as CDBG touch the project, follow HUD Lead Safe Housing Rule 24 CFR Part 35 Subpart J.
 - Regardless of funding, any work disturbing paint in pre-1978 housing must meet EPA RRP Rule 40 CFR Part 745.

9. **Monitoring, Reporting and Enforcement**

- Construction oversight: Progress inspections; final inspection for code compliance; lead clearance documentation if applicable.
- Annual compliance: Owner must submit annual certification of owner-occupancy and insurance.

- Rental prohibition: If converted to rental within 10 years, the City will demand immediate repayment of principal plus \$5,000 penalty; CDA may grant a hardship waiver case-by-case.
- Records: Maintain project files for not less than seven years after repayment or closeout.

10. Appeals and Conflict of Interest

- Conflict of Interest: Applicants disclose relationships with covered persons; the program follows the City's existing disclosure/recusal process.
- Appeals: Applicants may appeal staff determinations to the CDA; if federal funds are used under a CDBG overlay, follow DEHCR/HUD appeal protocols.

11. Program Workflow (summary)

- Intake → eligibility pre-screen.
- Inspection → written scope.
- Bidding → select lowest responsible contractor.
- Loan closing → record mortgage and deed restriction; issue Notice to Proceed.
- Construction → inspections; change-order control.
- Final → code sign-off; lead clearance if required.
- Annual monitoring → occupancy and insurance certifications.
- Repayment → at sale/transfer or upon prohibited rental conversion.

12. Communications and Branding

Public-facing materials shall consistently use the "Home Renewal Program" branding and emphasize: helping owner-occupants reconvert former rentals and address major code and safety issues, as well as renewing Whitewater's single-family homes for the long term.
