

## ICAP Agenda Item

Meeting Date:	April 14, 2026
Agenda Item:	Request by CESA 2 to allow fiber service connection by AT&T
Staff Contact (name, email, phone):	Mason Becker, mbecker@whitewater-wi.gov

### BACKGROUND

(Enter the who, what when, where, why)

On April 9, 2026, Nicole Barlass of CESA 2 forwarded a request to city staff to approve allowing connection of AT&T for fiber service to the Innovation Center. This was the first that city staff were made aware that CESA 2 was exploring this.

Conceptually, city staff do not object to this work being done. However, per the city attorney, the Innovation Center Advisory Panel should be consulted on this, and the ICAP should decide if they would like to recommend approval of this request to the Common Council, as the Innovation Center is City of Whitewater property.

The city's Chief Information Officer reviewed the AT&T design packet, and stated he does not have concerns about the project moving forward.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

- N/A

### FINANCIAL IMPACT

(If none, state N/A)

- The city will not be incurring costs on this project. Cost of any work done will be covered by CESA 2.

### STAFF RECOMMENDATION

- Staff recommend approval of this request to allow connection of AT&T fiber service to the Common Council.
