November 20, 2025

To the Members of the Common Council,

During the October 7th Common Council meeting, the auctioning of Engine 1220 and the surplus loose equipment was approved. Since that meeting, the engine and associated equipment have been listed with Wisconsin Surplus.

I am writing to inform you that a TNT power unit, C-25 cutter, and SLCC-20 combi tool—valued at approximately \$1,500—will be donated to Kienbaum Iron and Metal. The Kienbaum family has been instrumental to the department's vehicle extrication training program throughout my entire career. They have consistently provided us with vehicles for cutting and training whenever needed, at no cost to the department.

This donation serves as a meaningful gesture of appreciation for the many contributions they have made over the years. I will be unable to attend the December 2nd Common Council meeting due to a prior engagement. Please feel free to contact me with any questions regarding this donation.

A handwritten signature in black ink, appearing to read "Kelly Freeman".

Kelly Freeman
Fire/EMS Chief
