# *Distinguished Budget Presentation Award*

PRESENTED TO

**City of Whitewater  
Wisconsin**

For the Fiscal Year Beginning

**January 01, 2025**

A handwritten signature in dark ink that reads "Christopher P. Morill".

**Executive Director**

We are pleased to be a 7 time recipient of the GFOA Distinguished Budget Award for our 2024-2025 Operating Budget document.

The award represents a significant achievement reflecting the commitment of city staff to utilize best practices within governmental budgeting. In order to receive the budget award, the City of Whitewater had to satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as: a policy document, financial plan, operations guide and communications device.

Budget documents must be rated as "proficient" in all four categories, and in fourteen mandatory criteria within those categories to receive the award.

Over 407 municipalities were awarded the Distinguished Budget Presentation Award across the nation for the 2024 budget year, 26 of which were in Wisconsin. Whitewater is proud to be among the Wisconsin award winners for the 2024-2025 budget years. The most recent Budget Award recipients, along with their corresponding budget documents, are posted quarterly on GFOA's website [www.gfoa.org](http://www.gfoa.org).

Dear Community Member,

We are excited to present our budget for the 2024-2025 period. This two-year budget reflects our commitment to the City's Strategic Plan. The Strategic Plan was created in 2023 in hopes to establish goals for the City of Whitewater and provide direction for the city to grow based on responses from the community. The 5 goals created from the strategic plan helped guide our financial decisions for this budget cycle.

Dear Community Member,

We are excited to present our budget for the 2025 period. This budget reflects our commitment to the City's Strategic Plan. The Strategic Plan was created in 2023 in hopes to establish goals for the City of Whitewater and provide direction for the city to grow based on responses from the community. The 5 goals created from the strategic plan helped guide our financial decisions for this budget cycle.

### Primary Objectives for the 2025 Budget Document

**1. Increase Affordable Housing for Families**

The City of Whitewater recognizes the pressing need for affordable housing options for families in our community. The affordable housing policy was established to help incentivize developers and local homeowners in building, renovating and developing homes within the city. The budget allocates funds to help facilitate this goal.

**2. Enhance Communication Without a "Newspaper"**

Since this goal was created the city has welcomed the publishing of Whitewater Wise. This online publication specializes in Whitewater related news. However, the City is still committed to communication with its residents about city related matters. This commitment can be seen in the City's digital footprint. The Media Services department continues to display commitment to digital media, and the budget conveys this commitment with funding for the PEG Channel and increase in staffing.

**3. Support Thriving Business and Grow Tax Base**

Providing assistance to the Community Development Authority in the overhaul of loan programs and the execution of affordable housing policies signifies the city's role as a proactive problem solver and an ally to the private sector.

**4. Improve the City's Recruitment, Retention and Diversity**

Retention and recruitment are critical to the success of the organization. In 2023, the city experienced a turnover rate of 23.34%. To address this, a comprehensive compensation study was conducted in 2024, aligning salary ranges with market rates to enhance both recruitment and retention efforts. Additionally, employee surveys were conducted to identify the most valued benefits.

Based on employee feedback, the city implemented several key initiatives, including:

- Adding New Year's Eve as an additional holiday.
- Securing a more affordable health insurance plan.
- Introducing lifestyle accounts to promote employee health and well-being.
- Revamping the Employee Recognition Program

These measures, combined with a focus on improving workplace culture, have resulted in a nearly 7% reduction in turnover.

**5. Align future Expenditures with Available Resources** After several years of substantial increases in health insurance costs, the city conducted a comprehensive review to identify more sustainable solutions. As a result, the Common Council approved a resolution to transition from the state's Employee Trust Fund (ETF) health insurance plan to a self-funded health insurance model.

This initiative represents the city's most significant cost-saving measure to date, achieving an estimated savings of \$385,000 in the first year, with \$282,000 of those savings attributed to the General Fund. Recognizing the uncertainties surrounding long-term savings, the city has prudently set these funds aside to

mitigate potential future premium increases. Once the target reserve balance is reached, the city plans to allocate surplus savings to support other departments in need.

### Biennial Budget Considerations

This document presents budgeted amounts for all aspects of 2026-2027. Staff have evaluated and updated all revenue and expenditure values for the 2026-2027 budget year. Any revisions will be presented to Common Council for review and adoption the Budget to establish the 2026 tax levy and appropriation of 2026 spending at a Public Hearing in November of 2025.

### General Fund Overview (Revenues)

All General Fund Revenues are detailed on pages 49-50. Significant Revenue elements include:

**Property Tax Levy.** The 2026 Budget includes a property tax levy of \$7,743,599. Property tax is the single largest source of funding for local services representing 50% of total General Fund revenue. The City has become more reliant on property tax as State shared revenues have declined over time.

1. This is comprised of two parts:
  - a. **General Levy:** - This levy is the primary source of funding for City operations totaling \$5,864,269 for 2026. This is a increase of \$1,356,539 or 30.09% from 2025. This adjustment is the result of a voter approved referendum of \$1.3 million in April of 2025.
  - b. **Debt-Service Levy:** This levy provides funding for the City's annual debt service for all capital borrowings not related to Utility or Tax Increment projects. Utilities and Tax Increment Districts support the repayment of their related debt from utility billing and Tax Increment revenue and do not receive support from property taxes. The 2026 Debt Service levy totals \$1,879,330 representing an decrease of \$73,242 over 2025. The decrease is attributable to the planned 2024 borrowing for the 2024-2025 Capital Improvement Program.
2. **Shared Revenue.** Several State programs are collectively referred to as Shared Revenue. We receive funding under these programs due to state efforts to provide property tax relief and compensate for services provided to electric utility properties that are exempt from property taxes. These programs represent a combined 29% of our total General Fund revenue. Each September, the State Department of Revenue provides communities with an estimate of funding for these programs in the following year, pending appropriation under the State budget process.
  - a. County and Municipal Aid: expected to remain static at \$3,534,954.
  - b. Utility Aid: expected to decrease by \$8,430 from \$394,892 to \$386,462.
  - c. Expenditure restraint: the City does not qualify for 2024 and 2025 due to the passage of the referendum.
3. **General Transportation Aids (GTA).** GTA is administered by the Wisconsin Department of Transportation (WiDOT) to defray a portion of costs incurred in constructing, maintaining, and operating roads within city limits. The GTA payment is based on a formula that includes actual local road-related spending over the past 3-6 years. WiDOT provides communities with an estimate of funding for the following year, pending appropriation under the State budget process. The 2026 GTA payment is estimated to remain static at \$580,479.
4. **Room Tax.** There is an 8% Room Tax on overnight lodging in the City. The local businesses keep 2% of the total taxes collected with 70% of the remaining tax collections are paid to the Whitewater Tourism Council to promote local tourism as required under state statute. The remaining 30% of collections are retained by the General Fund to support municipal services. Collections have remained stable since 2022.
5. **Fund Transfers into the General Fund.** The General Fund receives several transfers from other Special Revenue or Enterprise funds to compensate for central services provided to those funds i.e. Administration, accounting, payroll, planning, etc. The budgeted transfers for 2026 total \$116,614, slightly higher than previous years.

6. **Municipal Services Payment (MSP).** The MSP payment is to compensate the City for municipal services provided to facilities in Whitewater that are owned by state or federal agencies, which are exempt from property tax. The 2026 payment from the State of Wisconsin is for services provided by the City in 2024 and is estimated to be \$341,934, an increase of \$16,320 from the 2025 payment received. The recent state approved budget included an additional \$14 million to increase the funding to cities and villages. This increase is the first in 22 years and will bring reimbursement from its current coverage of 37.6% of local costs to an estimated 50%.

As state-owned property represents roughly **41.917%** of all property improvements in the City, this discounted payment concentrates the reliance on other local property owners to carry the cost of providing municipal services to these state facilities.

### General Fund Overview (Expenditures)

1. **Fund Transfers out of the General Fund.** These transfers are summarized on page **113** in the following three groups:
  - **Special Revenue Funds:** The City maintains a number of Special Purpose funds to help support specific services, maintenance and replacement of infrastructure and equipment. Annual transfers from the General Fund provide funding for each of these Special Purpose funds. **In recent years, state-imposed levy limits have curtailed transfers to these funds as revenues have been insufficient to fund both existing services and fully fund maintenance/replacement needs.**
  - **Debt Service:** A portion of each year's General Fund budget includes transfers to support debt service principal and interest payments. The 2026 transfer for debt service will be \$1,879,330, an decrease of \$73,242 or 3.75% compared to 2025.
  - **Transfers to Special funds:** The General Fund also supports several public services delivered through separate organizations as well as cash funding of capital projects through financial transfers.

- 1) **Employee Health Insurance.** The City has historically utilized the Wisconsin Department of Employee Trust Funds (ETF) to provide health insurance and retirement benefits to its employees. The ETF program enables local municipalities to select one of the state's health plan options, offering a streamlined and competitive benefits package for employees. For 2024, the City budgeted \$1,228,736 for health insurance expenses across the organization, reflecting an increase of \$302,232, or 24.6%, compared to 2023. This increase is attributed to rising premiums and the addition of 13 staff members to the plan. The General Fund's share of these costs was approximately \$572,964.

To address these rising expenses, the City will transition to a self-funded health insurance plan in 2025. This change is projected to deliver substantial premium savings for both the City and its employees. The savings will be allocated to a dedicated Health Insurance Fund to buffer against potential future premium increases. As part of this transition, the Health Reimbursement Account (HRA) has been adjusted to align with the deductibles of the new plan, and the reallocated funds have been used to enhance employee Lifestyle Accounts.

The projected total savings from this initiative is \$385,000, of which \$282,000 benefits the General Fund. These savings will continue to be set aside until the Health Insurance Fund reaches its target balance of \$700,000. Once this goal is achieved, surplus funds will be redirected to other budget priorities as needed.

- 2) **Employee Wage Rates.** The 2026 General Fund budget proposal includes a provision for wage increases equal to 2.25% of total budgeted wages. This increase will be delivered to staff under an across the board pay program raise with the exception of police officer union members.
- 3) **Worker Compensation Insurance.** Our cost for worker compensation insurance is expected to slightly increase for 2026 at \$158,076. The cost is based on premium rates determined by the state of Wisconsin plus an adjustment for our local claims experience (Experience Modification Factor). Our local claims experience did improve after peaking in 2020 but has increased slightly in the last two years as outlined below.

|                                | <u>2020</u> | <u>2021</u> | <u>2022</u> | <u>2023</u> | <u>2024</u> | <u>2025</u> | <u>2026</u> |
|--------------------------------|-------------|-------------|-------------|-------------|-------------|-------------|-------------|
| Experience Modification Factor | 1.43        | 1.10        | 0.97        | 0.73        | 0.73        | 0.83        | 0.95        |

- 4) **Contingencies.** The City has traditionally included a contingency expense line item equal to 1% of the General Fund budget to provide for unplanned expenses, however this wasn't possible for 2026. The City's policy objective is to sustain an unassigned fund balance of 20%. This goal was achieved at the end of 2019, with the current balance standing at \$2.8 million, representing 22.3% of the fund. Unassigned fund balance represents uncommitted savings that can be used as a cushion for unanticipated costs.

### Additional Highlights for 2026

**Historical trend summaries:** We've added schedules and graphics to illustrate changes in values of Tax Levies, Tax Rates, Tax Collections, Property Assessments and Equalized Values.

**Capital Improvement Plan:** As part of the Long-term Financial Plan project, Staff and Common Council members together reviewed and prioritized capital project initiatives proposed by each department. Based on that review and financial limitations, many proposed project initiatives did not receive funding for the 2026-2027 Budget period. The majority of capital projects approved for 2026 relate directly to maintenance of existing municipal services plus three significant multi-generational projects. Projects submitted and approved for the 2026-2027 Budget are grouped in the following graphic by payer/funding source and funding type.

**Long-term Debt Management:** A significant amount of each annual budget is pre-determined by past borrowing.

The City completed a long-term financial analysis in 2018. Based on the results of that analysis, the Common Council endorsed a discipline limiting debt-funded capital spending to the principal retirement on existing debt as a policy point of reference in evaluating affordability. Additional factors used to determine affordability include compliance with General Obligation debt limits per state statute, City Policy and impact on property taxes. This long-term financial plan has been updated including a forecast through 2028. Applying these same affordability principles to 2024-2033 planning period, approved debt-funded capital spending is summarized below.

| Debt Funded | 2024                 | Replacement Ratio | 2025 CIP         |                      |
|-------------|----------------------|-------------------|------------------|----------------------|
|             | Principal Retirement |                   | Proposed 2025    | Above/(Below) Target |
| Levy        | 975,406              | 115%              | 1,117,673        | 142,267              |
| Water       | 511,300              | 505%              | 2,580,600        | 2,069,300            |
| Sewer       | 1,669,927            | 2%                | 40,000           | (1,629,927)          |
| Stormwater  | 185,000              | 184%              | 340,000          | 155,000              |
|             | <u>3,341,633</u>     |                   | <u>4,078,273</u> | <u>736,640</u>       |

Approved 2024-2025 debt-funded projects are significantly above target debt-retirement levels. Most of the projects are too large and cannot be accommodated with a 1:1 ratio of new debt to retired debt.

1) Several large projects cannot be accommodated with a 1:1 ratio of new debt:

- a) Library Expansion: \$3M – 42% of new levy funded debt. Fundraising of \$2.25M will be used to fund the project as well.
- b) 4 Street Reconstruction Projects: \$2.3M – 32% of new levy funding debt.
- c) 3 Water Street Reconstruction Projects: \$1M - 40% of new water debt.
- d) Well 7 Modification: \$1.3M – 54% of new water debt.

- e) Vanderlip lift station: This project was originally budgeted for 2023 using ARPA funds and 2022 Revenue Debt. Due to the bid coming in twice what was expected it was delayed until 2024. \$1.4M of 2022 Revenue Debt was reallocated to the Water Utility in 2023 and a clean water fund loan in the amount of \$4.2M with principle forgiveness of \$2.1M will be used for this project - 93% of new sewer debt.. This project is recommended to resolve a sewer force main failure at the Vanderlip lift station. This lift station is necessary to pump sewage from a lower elevation on the West side of town to an elevation that will flow to the sewage treatment plant under gravity. This project also eliminates a second lift station reducing future operating and maintenance costs.
- f) BMP Stormwater dredging: \$300k – 80% of new stormwater debt.
- 2) American Rescue Plan Act (ARPA) Grant funds. Under ARPA, Whitewater was allocated \$1.5MM of grant funding for eligible projects. This budget applies the remaining ARPA funds towards sewer portion of street reconstruction projects.
- 3) Growth of Property Tax Base and impact on Property Tax Levy. There are several significant developments in 2024 to lessen the burden of projects on residents.
  - a) TID Closures in 2021: The return of this increment value helped to spread the cost of government more broadly than before the Tax Increment Districts were closed.
  - b) TID Creations: In 2021, Whitewater created TIDs 10, 11, 12, 13 and 14. In creating these TID, the City, County, School District, and Technical Colleges have all agreed to freeze property values in these districts at 2021 levels (Base Value). All property tax revenue collected due to growth above these Base Values can be utilized to support eligible projects that foster growth. The property tax revenue on the TID increment is fully available to support project cost where absent TIDs, the city or its utilities would have to shoulder these costs independently. More simply, for each \$1 collected in TID revenue, the whole \$1 can be used to support eligible project costs vs. \$0.40 (City levy) absent the Tax Increment District.

Property Values and Tax Rate by Tax Year

- 4) Inflation Expectations. Inflation had been at moderately low levels for a decade, remaining below 3.0% until mid year 2011. Inflation is in on a downward trend since the peak of 9.1% in June 2022. We still anticipate increases in both the capital cost of projects due to inflation as well as increased financing costs due to rising interest rates.

- 5) Debt Policy Maintenance: State statute limits the amount of debt municipalities can issue to 5% of the equalized value of all property in the municipality. Whitewater city policy further restricts this level to 3.5% (70% of the State 5% limitation). The projects included for funding in the 2024-2025 Capital Improvement Plan are compliant with this policy and result in controlled debt levels.

### Budget Concerns for the Future

- **Adequate Staffing for Public Safety**. The Whitewater Police Department, maintaining a force of 24 sworn officers since 2008, has observed a rise in criminal activities in recent years as well as a drop in proactive enforcement. This escalation has highlighted the department's deficiency in both technological resources and personnel required for effective law enforcement. Consequently, a comprehensive needs assessment was conducted with recommendations to add four Patrol Officers (as soon as possible), increase a part-time Records Technician to full-time, add one School Resource Officer (within 1-2 years), add one Detective (within 3-4 years), and add another two Patrol Officers within 3-4 years. A strategic plan to effectively address these identified needs is being considered.
- **Whitewater Aquatic and Fitness Center funding**. The Aquatic and Fitness Center is an asset to the community and unique for communities of our size. The School District and the City of Whitewater have been equal partners in sharing the operating and capital costs over time. However, a decade of no increases of funding left the facility with significant capital needs. Both the City and School District have stepped up funding to address these needs and an agreement was reached in 2024 that addressed the increased need for capital contributions. With limited funding resources available for both entities, it is important to protect the value that this facility provides to area residents.
- **Lakes Drawdown**. The lakes continue to be a budgetary concern for the City as we explore potential solutions for vegetation management, water quality improvement, and creation of a long-term management lakes plan. Consequently, it is imperative to continue the forward progress for possible vegetation dredging, strategic planning, and consultant advisory.
- **Shared-Ride Taxi**. The service is a form of public transportation that allows multiple passengers to share a single vehicle for trips that may have different destinations but are in the same general area. During Covid additional funding was allocated to support this service and allowed the fund to build a fund balance that bridged the gap in funding for the last two years. However, the fund balance is being depleted and it will require significant support from the General Fund in the coming years. A needs assessment and financial modeling will be completed in 2025 looking for a more cost-effective way to provide this service to the community.
- **Capital Financing**. Due to the rise in interest rates and inflation over the last few years the cost of capital projects has significantly increased. The costs of operations have also increased beyond what the levy limits allow making it difficult to set monies aside in sinking funds that would lower the amount of borrowing.

We hope you find this budget to be a useful tool in understanding Whitewater's use of limited resources. Questions regarding the budget and the changes for 2025 are welcomed at any time.

Sincerely,

John Weidl, City Manager and  
Rachelle Blitch, Finance Director

**Summary of changes:** On 07-31-2022, Whitewater Fire/EMS became a City Department.

**THE VALUE OF THE BUDGET**

A municipal budget may not be the first thing one might reach for when desiring an enthralling read. However, the municipal budget should be seen as a document of great importance to members of a community. This is because of the impact it can have as an effective tool for governance within the community. For example, the budget is seen as a tool for effective municipal governance in at least the following four ways:

- **A Policy Tool:** The budget is seen as a policy tool because it outlines how the desires of policy makers will be carried out in the allocation of scarce resources between many different needs over the coming year.
- **An Operational Tool:** The budget reflects how departments will operate for the fiscal year.
- **A Performance Tool:** The budget can be used to establish expected levels of service and provide a public accounting of department performance in providing municipal services.
- **A Strategic Planning Tool:** The budget can be a resource for both short and long-term strategic planning by mapping the use of fiscal resources and municipal service outputs over a period of several years.

To take full advantage of the municipal budget as a resource and tool for effective governance, city staff, with guidance from the Common Council, strives each year to deliver a detailed, readable budget document that provides a clear and transparent accounting of all municipal resources.

**LOCAL GOVERNMENT STRUCTURE**

The City of Whitewater is a Municipal Corporation operating under the Council/Manager form of government as outlined in Chapter 64 of Wisconsin State Statutes. Like many other cities under the Home-Rule Charter of Wisconsin, Whitewater has the power to govern itself regarding local matters except where the State has specifically prohibited that power.

The Whitewater Common Council is the chief governing body for the City of Whitewater. While the City Manager in the Council/Manager form of government is typically given executive authority for the day-to-day operations of the city, the Common Council is ultimately responsible for the effective management and control of city property, finances, highways, streets, utilities, and other public service. The Common Council usually exercises its authority by providing direction to the City Manager and through the establishment of municipal policy.

The 7-member Common Council includes five aldermanic district seats and two Councilmember-at-Large seats. Council members serve two (2) year terms with odd number district seats up for election in odd years and even-numbered district seats up for election in even-numbered years. One Councilmember-at-Large seat is open each calendar year.

**BASIS OF BUDGETING**

The Governmental Funds (General, Special Revenue, Debt Service, and Capital Projects Funds) are budgeted and accounted for in accordance with Generally Accepted Accounting Principles (GAAP), using the current financial resources measurement focus and the modified accrual basis of accounting. The audited financial statements also use the modified accrual basis of accounting. This means revenues are recorded when they are both measurable and available, and expenditures are recorded when they are expected to draw on current spendable resources. The City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period.

Proprietary and Fiduciary Funds (Enterprise, Agency Trust) are accounted for in accordance with GAAP, on an accrual basis. Revenues and expenses are recorded at the time they are earned or incurred rather than when cash is actually received or spent. In most cases, these funds are budgeted on the same basis with the following exceptions:

- Principal payments on long-term debt are applied to the outstanding liability for accounting purposes, but expended for budget purposes.
- Capital items in the enterprise fund are recorded as capital assets for accounting purposes, but are treated as expense in the budget

**BUDGET OVERVIEW**

The Whitewater Biennial Budget, when adopted by the Common Council, becomes the official financial plan for the City's operating departments for the coming two years. Accordingly, preparation of the budget is one of the most important administrative functions performed every two years. The information included below is designed to provide residents, elected officials and employees with an overview of the budget formulation process. Since the budgetary process involves all operating departments, the Common Council, and several advisory boards and commissions, this summary does not include every aspect of the budget formulation process. It can, however, be used as a guide in understanding how the City creates its biennial budget.

The City of Whitewater takes a collaborative approach to budget development that begins each spring when the Management Team and the Common Council review the budget timeline and the budget format. The process continues through the summer when staff and elected officials meet to discuss issues related to the coming fiscal year and consider city goals and objectives. The budget process concludes with the presentation of a proposed budget by the city manager to the public, with a section by section review of the document by the Common Council prior to a formal public hearing and adoption in November. Below is a schedule for the preparation of the budget:

The Common Council holds a public hearing as required by State statute. The hearing is the final opportunity to receive public budget input. Following the hearing, the budget is passed into law by the adoption of a budget ordinance.</p> <p>Following adoption, the final budget is made available for public viewing online as well as at the Municipal Building and the Irvin L. Young Memorial Library.</p> | <p>The biennial budget may be revised by a majority vote of the City Council by deleting, adding to or changing budgeted items. No revision to budget items shall be made which increases the total budget unless funds are available to effectuate the purpose of the revision.</p> |

**FINANCIAL POLICIES**

These policies assist the City Council and management in preparing the budget and managing the City's fiscal affairs throughout the year. The policies are to be reviewed during the budget process, and modified as appropriate, to accommodate changing fiscal conditions, environmental challenges and City Councils policy initiatives. In addition to these Financial Policies the City has separately issued and approved comprehensive policies on Purchasing, Investments and Fixed Assets.

**FINANCIAL PLANNING POLICIES****FUND BALANCE POLICY**

Fund Balance is the difference between the assets and liabilities of a governmental fund.

The Fund Balance Policy is designed to:

1. ensure adequate working capital to manage seasonal cash flows,
2. minimize need to borrow,
3. provide for unanticipated expenses, and
4. retain adequate liquidity to maintain a stable or improved credit rating in an effort to minimize cost of borrowing.

The primary reserve shall be held in the General Fund (#100). Any excess of revenues and other financing sources over expenditures and other financing uses at the end of a fiscal year will be added to the General Fund balance. Governmental fund balances will be segmented in annual reporting in conformance with generally accepted accounting principles as follows:

- Non-spendable: includes amounts that cannot be spent as they are
  - not in a spendable form or
  - legally or contractually required to be held intact.  
(Examples are items not expected to convert to cash such as inventories and prepaid amounts as well as long term receivables or equity held in another fund.)
- Restricted: includes amounts constrained by:
  - External creditors, grantors, or other government units,
  - Constitutional provisions or enabling legislation.
- Committed: includes amounts constrained by:
  - Formal action of the Common Council. Such action shall occur through open meeting and require a majority vote of the Council. Commitments of fund balance, once made, can only be modified by majority vote of the Council.
- Assigned: includes amounts constrained by:
  - City intent to be used for specific purposes. The Common Council authorizes and directs the Finance Director through the City Manager to assign the fund balance, to the extent such assignment does not create a negative unassigned fund balance.
- Unassigned: any residual General Fund amount that does not fall into one of the above groups.

The City will strive to maintain a minimum reserve in Unassigned Fund Balance of 20% of current year operating expenditures for the General Fund. The definition of current year operating expenditures will mean the grand total of the General Fund Budget which includes Debt Service transfers, Revolving Fund transfers, and Capital Improvement Project transfers but excludes proceeds from bond sales, refunding of bonds issued, and loans.

Unassigned Fund Balance in excess of 20% may be used only for the funding of non-recurring expenditures. The Assigned Fund Balance shall not be included in the calculation of the 20% minimum reserve.

**REVENUE POLICY**

The revenue policy is designed to ensure:

1. Diversified and stable revenue sources,
2. Adequate long-term funding by using specific revenue sources to fund related programs and services
3. Funding levels to accommodate all City services and programs equitably.
  - The City will strive to maintain a diversified and stable revenue system in order to avoid short-term fluctuations in single revenue sources.
  - The City will strive to collect revenues in a timely and fair manner.
  - The City will conservatively estimate its annual line item revenues through an objective, analytical process.

- The City will establish all fees and charges at a level related to the cost of providing the services, or as adjusted for particular program goals. Periodically, the City will review the full cost of activities supported by fees and charges to identify the impact of inflation and other cost increases.
- The City will strive to balance its property tax base through support of a sound mix of residential, commercial, and industrial development.
- The City will set enterprise fund fees at a level that fully supports the total direct and indirect cost of the activity (net of any grants or similar revenues), including depreciation of capital assets and debt service, to maintain a positive cash flow and provide adequate working capital. Replacement (or bonding for replacement) of enterprise infrastructure will be paid for from accumulated (or annual) earnings of the particular fund.

**DEBT POLICY**

The debt policy ensures that the City's debt:

1. Does not weaken the City's financial structure; and
2. Provide limits on debt to avoid problems in servicing debt.

This policy is critical for maintaining the best possible credit rating.

- The City will use regularly occurring revenues to fund current operation costs; long term debt will not be used for operating costs.
- The City will confine long-term borrowing to capital improvements and development that have a life of more than 5 years and cannot be financed from current revenues.
- The City will pay back debt within a period not to exceed the expected life of the improvements.
- The City will not exceed 5 percent of the assessed value of taxable property for general obligation debt per state statutes. The City recognizes that bond anticipation notes are not general obligation debts per state statutes, however, it is a policy to include the bond anticipation notes when calculating the 5% debt service-borrowing limit.
- The City will maintain good communications with bond rating agencies about its financial condition and will follow a policy of full disclosure in every financial report and bond prospectus. The City will comply with Securities Exchange Commission (SEC) reporting requirements and the Municipal Securities Rulemaking Board (MSRB).
- The City will follow a policy of full disclosure on financial reports and bond prospectus.
- The City will refinance or call any debt issue when beneficial for future savings. It is recognized that General Obligation (G.O.) Debt issued to support the Capital Improvement Program (CIP) carries the full faith and credit of the City, however, the utility portion of State Shared Revenues, which is recognized in the General Fund, shall be used to offset the associated debt service and cash flow requirements of the Capital Improvements Program.

**FISCAL/BUDGET POLICY****Financial Management:**

- An independent audit will be conducted annually. The City will produce annual financial statements in accordance with generally accepted accounting procedures (GAAP) as outlined by the Governmental Accounting Standards Board (GASB) required per state statute.
- The City will maintain physical assets at a level adequate to protect the City's capital investment and minimize future maintenance and replacement costs.
- One-time revenue sources shall not be utilized to fund ongoing operational expenses.
- Revenues derived through the general operations of the City shall be utilized to offset the associated operational cost.
- The utility portion of Shared Revenues shall be utilized for Capital Expenditures identified in the 10-year Capital Improvement Plan. The debt service associated with the CIP will be a component of these expenditures.

**Budgeting:**

- The City will project revenues on a conservative basis so that actual revenues will consistently meet or exceed budgeted revenues.
- The General Fund should be compensated by other funds for general and administrative services provided, including management, finance, personnel, and maintenance.
- The City shall have a 27th payroll every eleventh year. One tenth of the payroll shall be put aside to cover the foreseen expense.
- The City shall have an equipment revolving fund to cover rolling stock in excess of \$10,000 for the Department of Public Works/Parks.
- The City shall have an equipment revolving fund to cover rolling stock in excess of \$10,000 for the Fire/Rescue Department.
- The City shall set aside in the Sick Leave Severance Fund expected amounts to cover the anticipated payout of the future sick leave liability.
- The City shall maintain and budget annually an amount to be provided for non-recurring, unanticipated expenditure or to set aside funds to cover known contingencies with unknown cost. The level of the General Fund Contingency (Acct #100.51110.910) will not be less than 1% of the General Fund Operating Expenditures annually.
- The City will adopt a balanced budget, by fund, for all funds maintained by the City, in which total anticipated revenues must equal or exceed the budgeted expenditures for each fund. However, if this cannot be attained, the City will utilize unallocated fund reserves, which have been carried forward from prior years.
- The City will maintain a balanced budget per State Statute §65.05 Par. 1, Sub. 8.

**Cash Flow:**

- The City will strive to maintain a broad and diversified revenue base that will equitably distribute the burden of supporting City services and will protect the City from short-term fluctuations in any one-revenue source.
- The City will maintain timely collection systems and implement necessary enforcement strategies to collect revenues from available sources.

**Tax Base:**

- The City will actively support economic and industrial development recruitment and retention efforts to provide for expansion of the revenue base.

**CAPITAL IMPROVEMENTS PROGRAM POLICY**

Effective financial management of the City's resources require that the budgetary plans for any one fiscal year be consistent with intermediate and long-range plans. As capital acquisitions and programs usually require a consistent application of effort and funds over a span of years, a capital improvements program and budget, as well as annual revenue and expenditure operating budgets, are developed and presented to the City Council for approval and adoption.

Capital expenditures may generally be defined as those used to purchase land or equipment and/or to construct facilities or other improvements that are expected to provide services over a considerable period of time. For inclusion in the CIP, a project must cost more than \$5,000 and have a useful life of more than five years. In contrast, current or operating expenditures are generally those for an item or service that is used for a short time or require recurring funding each year at a consistent level. Moreover, capital expenditures are usually relatively large when compared with items in the annual operating budget. Capital budgeting, therefore, is based upon distinctions between expenditures that have only short-term or current benefits (operating) and those that have long-term benefits (capital).

The City's Capital Improvement Program (CIP) identifies projected capital expenditures in the next 10 years necessary to accomplish the City's long-range objectives. The CIP will be used for financial planning and for prioritization of capital needs. The first year of the City's Capital Improvement Plan is a plan of proposed capital outlays or expenditures, and the means of financing same, for the current fiscal year. As such, it is included in the operating budget of the current fiscal year and represents the first year of the Capital Improvements Plan. Years two through 10 are presented for planning purposes and each project will need to be approved in future budget years.

The City's Capital Improvement Plan is also categorized by types of capital improvements as follows: Core or Non-Core. These categorizes will be used to help differentiate needs and act as a basis for Elected Officials and staff to prioritize projects for commitment of limited resources.

- Core projects are those that are required to maintain existing basic municipal services at current levels and quality. Residents may lose a current service if project not completed. Examples include Police/Fire/Rescue equipment replacement, maintenance of public roads/property, etc.
- Non-Core projects are those that expand or enhance an existing municipal service or establish a new service. Residents will not lose a current service if project not completed. These may relate to improving quality of life vs. serving a core function of local government. Examples may include new park amenities, new or improved public facilities, enhancements to capacity, reliability or quality of existing services.

The City will prepare annually and update the Capital Improvement Plan (CIP) which will provide for the orderly maintenance, replacement, and expansion of capital needs.

The City through the CIP will identify long-range capital projects and capital improvements of all types, which will be coordinated with the annual operating budget to maintain full utilization of available revenue sources.

The City will coordinate development of the Capital Improvement budget with development of the operating budget. Future operating costs associated with new capital improvement will be projected and included in operating budget forecasts. The CIP acts as a cash flow and general fund management tool.

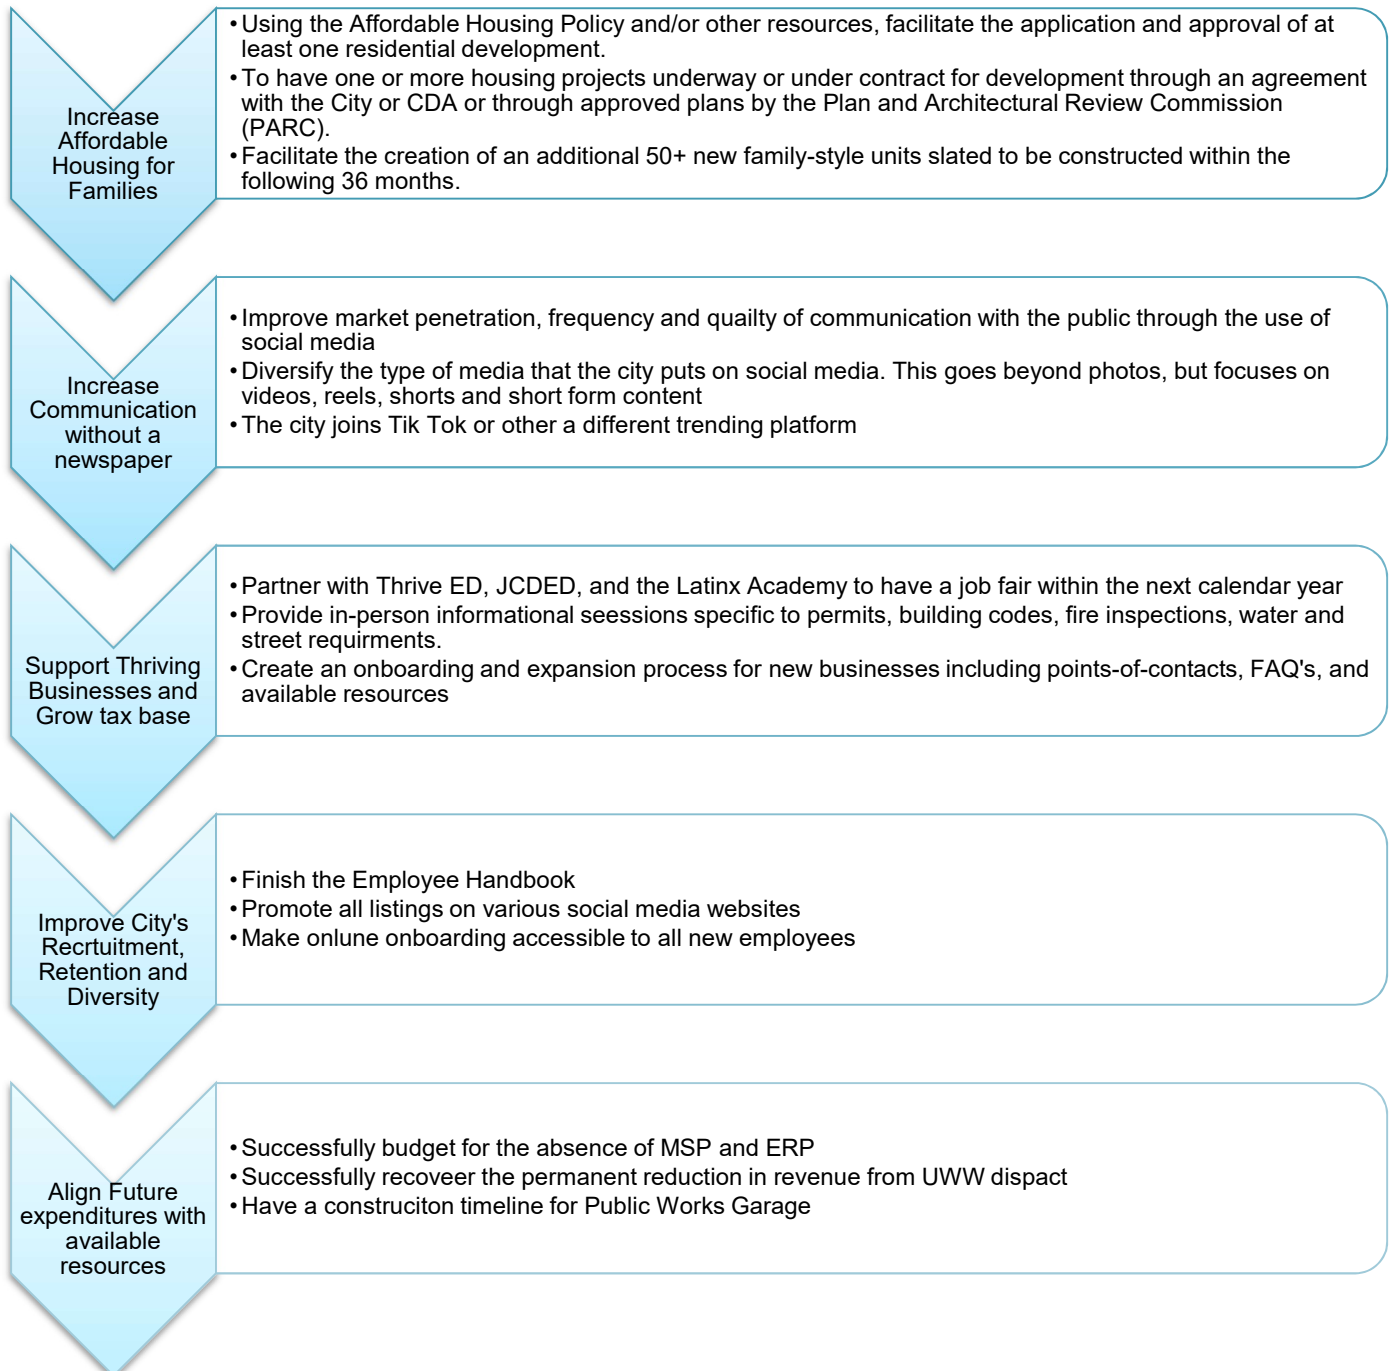

The City will use intergovernmental assistance (Federal, state, and other), to finance only those capital improvements that are consistent with the capital improvement plan and city priorities and whose operating and maintenance costs have been included in operating budget forecasts.

The City will maintain its physical assets at a level adequate to protect the City's capital investment, and to minimize future maintenance and replacement costs. The budget will provide for the adequate maintenance and the orderly replacement of capital plant and equipment from current revenues where possible.

A portion of funding for each year's CIP projects come from the utility component of the state shared revenues. This allocation represents an equity contribution towards the approved projects and reduces the balance that requires debt financing. The City's ability to support the cumulative annual debt service requirements is primary in determining each year's CIP project approval.

Strategic planning and goal setting are processes by which a community can plan for its future. Planning and setting effective goals is an excellent strategy for utilizing limited resources effectively and efficiently. The Whitewater Common Council and the City's Management Team meet periodically for a workshop meeting to set goals for the coming year and to modify existing long-term goals.

In 2023 there were several Strategic Planning Workshops which led to the creation of a new strategic plan. Elected officials and staff together identified current issues facing Whitewater and established a set of goals to address those issues.

**Long Term Financial Planning**

The City is committed to long-term financial planning to ensure stable and sustainable public services. Accordingly, city staff and elected officials collaborate to complete the following long-term planning milestones during the budget process:

- Review existing goals and identify short and long-term goals for the coming year(s)
- Conduct an analysis of financial trends and discuss future projections
- Development of a ten-year capital improvement program
- Review of the City's capital equipment replacement funds and other sinking funds

Supporting the strategic plan developed by the city in 2023 (summarized on preceding page), the City prepared a Financial Management Plan with the assistance of our Municipal Advisor, Ehlers, Inc. to ensure we can continue to provide quality municipal services responsibly on a sound financial footing. This plan developed a comprehensive model to forecast operating and capital needs within one model. This model is periodically updated. The 2023 update focused on the impact of the proposed CIP on property tax levy and utility rates. Detailed results are presented in the links below:

1. 2024-2028 Preliminary Financing Plan
2. 2024-2028 Water & Sewer Preliminary Financing Plan
3. 2020 Financial Management Plan Update (2022-2026)

One significant change underlying these plans is the shift from a preference to use exclusively General Obligation debt to finance capital projects. Future financing will rely on Revenue debt for Utility projects and General Obligation debt for remaining projects. Additionally, the Water and Sewer utilities will jointly pledge their revenues to secure a single bond issue for their combined projects. This single pledge and single issue will enable an offering that is large enough to efficiently spread the issuance costs as well as offer investors an improved pledge that should help improve pricing compared to using separate bond issues for each utility.

- Operational Revenues and Expenditures:
  - Non-levy revenue sources forecast to remain flat over next five years. This increases the City's reliance on the property tax levy to fund any budget growth to maintain a balanced budget. Current projections show annual increases in total levy from 2022 – 2026 between 2% and 8%
  - Expenditures were classified into groups based on anticipated growth rates over time. Insurance and employee benefit costs were anticipated to outpace the rate of inflation. Wages were forecast to keep pace with inflation and commodities/services were forecast to grow slower than the rate of inflation.
- Capital Spending:
  - Use of debt financing: One of the most significant draws on the annual budget are debt principal and interest payments. The burden of these payments is carried by the annual budget of the General Fund, Tax Increment Districts, and Water, Sewer, and Stormwater utilities based on the projects paid for with the borrowed funds. These payments limit annual budget options as a significant portion of annual revenues are already committed to pay for these historical projects.
  - Constraining spending levels: A guideline was developed to limit new borrowing to the rate at which existing debt is retired. Limiting new debt-funded capital projects in this manner are intended to keep debt levels stable over time. Use of Fund Balance for capital project is limited to amounts that will not jeopardize liquidity, 20% target Unassigned Fund Balance or credit ratings.
  - Prioritization of projects: A classification system was developed to differentiate Core vs. Non-Core projects to help prioritize projects necessary to maintain existing services provided by the City before investing in new services. Each project is assigned a priority ranking by Common Council members and staff. The resulting composite rating score assists in selecting projects for funding.

- Utility rates:
  - Rate increases: A guideline was developed to favor smaller increases on a more frequent basis over large increases that occur less frequently. This stems from the past decade in which several large increases were necessary to fund treatment plant and underground reconstruction projects.
  - Rate Forecasting: A rate forecasting framework is being established to ensure rates in effect are adequate to support current operations of each utility, replacement of aging infrastructure and maintaining adequate capital reserves.

Building on our historical strengths, we will improve our ability to prioritize our resources in line with the broader community interests as well as anticipate and develop solutions as issues arise.

**FUND STRUCTURE**

The financial transactions of the City are reported in individual funds. Each fund includes a self-balancing set of accounts that record annual revenues, expenditures, and changes in net position. Funds are organized into three categories: governmental, proprietary, and fiduciary funds. Additionally, under GASB Statement No. 34, funds within these categories are considered major or non-major. The following major funds are budgeted:

**Governmental Funds**

General Fund (100)  
Special Revenue Funds (200's)  
Debt Service Fund (300)  
Capital Project Funds (400's)

**Proprietary Funds**

Water Utility Fund (610)  
Wastewater Utility Fund (620)  
Storm water Utility Fund (630)

A fund is considered major if it is the primary operating fund of the City and meets the following criteria:

Total assets, liabilities, revenues, or expenditures / expenses of an individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and Total assets, liabilities, revenues, or expenditures / expenses of an individual governmental or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

**GOVERNMENTAL FUNDS**

The City maintains the following governmental funds:

- **General Fund**

The General Fund (100) accounts for resources traditionally associated with the City's operations which are not required legally or by sound financial management to be accounted for in another fund including Administration, Police, Finance, Court, Neighborhood Services, Park & Recreation and Public Works.

Special Purpose Funds: Special Purpose Funds are used to set money aside periodically for the gradual repayment of a debt or replacement of a wasting asset. The City has created twelve special purpose funds to address aspects of city operations that are either irregular in value, uncertain in timing or span multiple budget cycles. The use of these funds provides stable funding and visibility to manage these aspects of city operations. For audit purposes, these special purpose funds are considered to be a discrete sub-set of the General Fund. These include 27th Payroll, Fire/EMS, Fire Dept Equipment, Elections, DPW Equipment, Police Vehicle, Building Repair, Skate Park, Solid Waste/Recycling, Sick Leave Severance, Insurance-SIR, Lakes Improvement, Street Repair.

- **Special Revenue Funds**

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes or are restricted by decision of the City Council. The City has several Special Revenue Funds. Examples are Cable Television, Library, Parkland Development, Parking Permits, Community Development Funds, Street Repair Fund, Treyton's Field of Dreams, Aquatic Center and Park & Recreation.

- **Debt Service Fund**

Debt Service Funds are used to account for the accumulation of resources and payment of bond principal and interest. The City maintains one Debt Service Fund (300) which is used to account for the accumulation of resources for the payment of all General Obligation Bonds. The Debt Service fund consists of obligations of the General Fund, TID #4 and TID #6. Financing is provided by property taxes, tax increments and PILOT payment agreements.

- **Capital Projects Funds**

Capital Project Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds. The Capital Projects-Utility Shared Revenue Fund is used to account for improvements to City streets, curb & gutters, sidewalks, bridges, bike paths, bike lanes, parks and capital items otherwise required to provide city services. Tax Increment Financing (TIF) District Funds # 4 thru #9 is used in order to finance development within each of the TID districts.

**PROPRIETARY FUNDS**

The City maintains the following proprietary funds:

- **Enterprise Fund**

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the City Council is that the cost of providing these services be financed or recovered through user charges. The City maintains three enterprise funds:

- The Water Utility
- Wastewater Utility
- Stormwater Utility

Each respectively accounts for the provision of water services, wastewater services, and stormwater management to all customers within the City of Whitewater. All activities necessary to provide such services are accounted for in each fund including, but not limited to, administration, operations, billing and collection, maintenance and capital improvements.

**FIDUCIARY FUNDS**

The City maintains the following fiduciary funds:

- **Trust/Agency Funds**

Trust/Agency funds are used to account for assets held by the City in a trustee capacity. The City accounts for the following funds as Trust/Agency funds:

- Tax Collection (Fund 800)
- Rescue Squad Equipment/Education (Fund 810)
- Rock River Stormwater Group (Fund 820)

**FUND BALANCE**

(See the Fund Description section located on individual fund pages for specific fund balance uses and restrictions.)

Fund balance is the difference between assets and liabilities.

- Unassigned fund balance—amounts that are available for any purpose; these amounts are reported only in the general fund.
- Nonspendable fund balance—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)
- Restricted fund balance—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation
- Committed fund balance—amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint
- Assigned fund balance—amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority too.

## DEPARTMENT/FUNCTION

### GENERAL ADMINISTRATION

General Administration is responsible for oversight and administration of the day-to-day operations of city government and includes the offices of the City Manager, City Clerk, Human Resources, Municipal Court, Information Technology, Finance, and Emergency Preparedness.

### CITY MANAGER

The City Manager is the Chief Executive Officer for the City and is appointed by the Common Council. The City Manager is responsible for overseeing day-to-day operations, directing the staff work, making policy recommendations to the Common Council and bringing forward strategic plans and initiatives for the future improvement and betterment of the City.

### CITY CLERK

The City Clerk acts as the legal custodian of the City's official records and is responsible for the administration of elections, legal notifications to the public, the issuance of licenses and permits, and the preparation of official minutes. The City Clerk provides administrative support to the Common Council as well as other municipal boards, commissions, and committees. The Clerk also responds to informational and records requests from the general public.

### HUMAN RESOURCES

The HR Coordinator is responsible for the planning, development, implementation, management/administration and communication of all HR programs and projects and is under the direction of the Finance & Administrative Services Director. Human Resources functions include staffing, employee relations, wage and salary administration, benefits, labor relations, employee services, and employee evaluation and development.

### MUNICIPAL COURT

The Municipal Court conducts a variety of court actions that are too small for county, state, district, or federal courts. The municipal court maintains exclusive jurisdiction over ordinance violations within the City of Whitewater. The court also hears cases involving traffic, parking, and other violations as outlined in Wisconsin Statutes Chapter 755 and 800.

## MISSION

Provide outstanding leadership and oversight to the City of Whitewater organization, preserve the democratic process, ensure transparency and accountability related to the use of public resources and provision of municipal services.

## DEPARTMENT/FUNCTION

The IT Department is responsible for planning, organizing, developing, administering network and city information technology policies, procedures, and programs. Work requires technical advice and decision making in all areas of information technology administration, including hardware/software selection and implementation, and maintenance, system upgrades/enhancements, personal computer (PC) technical support, information technology employee training programs, and managing the annual information technology budget. Support duties include responding to and resolving hardware, software and network problems; collaborating with vendors, consultants and service providers to achieve highest possible standards of information system security, integrity and functionality. Maintain effective communication, facilitates knowledge transfer, and fosters environment of development with co-workers, vendors and service providers throughout the performance of duties.

## MISSION

The IT Department will provide the highest quality technology-based services, in the most cost-effective manner, to facilitate City of Whitewater services.

To meet this mission IT will:

- Provide effective technology support for all City departments.
- Promote and facilitate the effective integration of technology.
- Develop, enhance, and manage the City's enterprise networks to provide high speed, transparent, and highly functional connectivity among all information resources.
- Develop and maintain highly effective, reliable, secure, and innovative information systems to support all City functions.
- Facilitate the collection, storage, security and integrity of electronic data while ensuring appropriate access.
- Promote new uses of information technology within the City.
- Provide leadership for effective strategic and tactical planning in the use of technology
- Provide fast & reliable access to all information systems.

## DEPARTMENT/FUNCTION

The Finance Department is responsible for all accounting, internal auditing, and financial control for all city government activities. The department manages billing and collections for all city services including utilities and taxes. The Finance Department also handles accounts payable, payroll, fixed assets, investments, cash flow management, and borrowing needs. The development of the city's annual Operating and Capital Improvements Plan (CIP) is the responsibility of the Finance Department. An external auditor conducts an audit of all financial transactions annually to ensure the proper and ethical accounting of public funds.

## MISSION

The Finance Department's mission is to efficiently and effectively plan and manage all aspects of the city's financial resources.

## DEPARTMENT SERVICE METRICS

Several metrics have been identified to gauge the scope, scale and quality of services provided by the department.

- **Budget Enhancement:** Development/delivery of enhanced annual budget document. Measured through receipt of GFOA Distinguished Budget Award. Our objective is to methodically improve the document through incorporating feedback from each of the three reviewers each year. We also translate reviewer ratings for each criterion into a point score where: 1 = Information not present; 2 = Does not satisfy criteria; 3 = Proficient; 4 = Outstanding
  - 2018 Budget: First time submission, GFOA Award received with composite score of 3.06
  - 2019 Budget: GFOA Award received with composite score of 2.93
  - 2020 Budget: GFOA Award received with composite score of 3.10
  - 2021 Budget: GFOA Award received with composite score of 3.10
  - 2022 Budget: GFOA Award received with composite score of 3.00
  - 2023 Budget: GFOA Award received with composite score of 3.00
  - 2024-2025 Budget: GFOA Award received
- **Accounting:** Accounting and reporting of financial resources of City and supported organizations. Measured through completion of Financial Audit with unqualified audit opinion and resolution of any concerns raised in prior year audit.
  - All Financial Audits completed in recent years have received unqualified opinions. Staff continue to improve procedures and strengthen practices as identified by auditors.
- **Debt Management:** Limit General Obligation debt levels to remain below 70% of statutory limit. Measured annually by total debt balance as percent of prior year equalized property value. Detailed under [Debt Service Fund 300](#).

Provide:

- Accounts receivable and collections services for City and supported organizations. Measured by total payments processed (count and value as workload indicator).
- Payment services across City and supported organizations. Measured by total payments processed (count and value as workload indicator) and rebate value realized.
- Payroll services across City and supported organizations. Measured by total payments issued (count and value as workload indicator), percentage paid through direct deposit (target 100%) and errors/rework count (target zero).
- Improve earnings on managed cash. Measured by return above benchmark within channels permitted by Investment Policy. Average of Annualized monthly yield.

## **GOALS & OBJECTIVES**

### **2024/2025 OUTLOOK**

- Review and redevelopment of Policy Documents.
- Continue refinement of Operational and Capital Budgeting process.
  - Submit 2024-2025 Budget for GFOA Distinguished Budget Award Program
  - Improve composite score
- Housing Initiatives:
  - Develop a comprehensive financial model for affordable housing initiatives, including an impact assessment of tax increment financing.
  - Conduct a fiscal impact analysis for each proposed housing project, ensuring long-term financial sustainability.
- Public Communication:
  - Utilize digital platforms for disseminating finance-related information, like a dedicated section on our website or social media updates. This can include the recent water credit policy and informing residents they can sign up to monitor their own water usage.
- Recruitment and Retention:
  - Assist HR to analyze the cost-benefit of various employee retention strategies to determine if anything is more impactful than another.
- Business Community Relationships:
  - Conduct feasibility studies for potential revised agreements with CDA, UWW, and the Innovation Center.
  - Regular financial review of the CDA to optimize resource utilization of existing programs.
- Financial Prudence:
  - Implement periodic financial stress tests.
  - Establish a proactive departmental budget monitoring system to prevent issues like those encountered with the WAFC, focusing on maintaining appropriate budget levels and ensuring spending categories align accurately with allocated funds.

## DEPARTMENT/FUNCTION

Streets/Parks/Forestry and Stormwater Utility is responsible for the maintenance and upkeep of all City owned streets, sidewalks, street lights, traffic signals, street signage, City owned parks including all entities associated within all parks, all maintenance of City owned trees along with making sure our stormwater system is maintained and to meet the requirements of the DNR issued Municipal Separate Storm Sewer System (MS4) Permit.

## MISSION

To provide and maintain all aspects of the operations that this department provides to the Citizens of the City of Whitewater along with making sure all visitors to our City have a safe and enjoyable visit. We will continue to respond in a prompt, courteous and professional manner when dealing with any concern of all City residents or visitors.

Full time staff levels have remained steady. The major concern of staffing is that there has not been any increase in full-time staff, but additional miles of streets, additional bike/walking paths, additional park lands as well as additional stormwater ponds with maintenance needs have all increased over the time frame listed. GIS Analyst was reallocated from Neighborhood Services to DPW as of the 3<sup>rd</sup> quarter of 2023.

The City is required to self-rate our streets every two years (odd numbered years). The City uses the PASER rating system with a ranking of 1 -10 with 10 being the best. The rating takes into account the City's efforts in conducting street maintenance activities including: crack filling, sealcoating, asphalt overlay and street reconstruction.

## GOALS & OBJECTIVES

### 2026/2027 OUTLOOK

- Develop 5 Year Street Maintenance Plan (2028 – 2032) – Determine streets, with associated costs, for the next five years for improvements. Projects to include reconstruction, asphalt overlay, seal coating and crack filling.
- Develop Sidewalk Replacement Plan – Identify defective sidewalk throughout the City and develop a plan to replace a desired amount each year.
- Equipment Replacement Fund – Continue to define a schedule to replace vehicles and equipment in the street department to provide employees with better and upto date equipment.
- Construction of Jefferson Street, Putnam Street, and Franklin Street/W. Main Street Intersection – Coordinate with Strand Associates in oversight of the reconstruction of Jefferson Street from E. Main Street to north of Starin Road, including one block of North Street east of Jefferson Street and extending sanitary sewer on the north side of Starin Road east of Jefferson Street; Putnam Street from Walworth Avenue to Janesville Street; and improving the southeast turning movement for semis at the Franklin Street and W. Main Street intersection.
- Biennial Street Projects - Together with Superintendents and Strand, develop construction plans in 2027 for street reconstruction projects in 2028.
- Continue to reduce the amount of salt and sand applied to streets during winter operations by incorporating additional brine applications as snowplow trucks are updated.
- Continue cross training of new staff to prepare for upcoming retirements.

- Working together with GIS to update storm sewer maps and street lighting.
- Continue to address the maintenance of existing City owned stormwater BMP's.

## DEPARTMENT/FUNCTION

The Administrative component of the police department provides overall management, logistical support, policy setting, and decision making relative to all aspects of the organization. The Patrol component provides for the protection of life and property through a proactive approach to policing and public safety by uniformed patrol officers. The Investigative component of the Department provides follow-up investigation of various crimes by plain-clothes detectives. The Support Services component provides clerical and record keeping functions. The Communications component handles emergency and non-emergency radio and telephone service for the Whitewater Police Department, Whitewater Fire Department/EMS, UW-Whitewater Police Services, and the LaGrange Fire and Rescue.

## MISSION

We strive to be leaders in policing for our community and models of character, honor, service, and excellence. We resolve to develop a creative problem-solving workforce dedicated to innovation and meeting the challenges of tomorrow. In times of crisis, we strive to defend public safety, maintain order, and restore a sense of personal wholeness. Our goal is to protect and serve our diverse and dynamic community with integrity, dignity, and respect.

## DEPARTMENT SERVICE METRICS

**WIBRS Offenses by Month**

Offense counts are calculated based on the number of offenses for each victim (per incident) for Crimes Against Persons and the number of unique offense types (per incident) for Crimes Against Property and Crimes Against Society. For burglary and motor vehicle theft, offense counts are based on the number of premises entered and the number of vehicles stolen, respectively.

These counts are generated on the Wisconsin Department of Justice - Uniform Crime Reporting website. Counts are based on the month of the incident, rather than the month the incident was submitted. If the incident date is unknown, the report date is used. Counts are subject to change as data is updated.

## GOALS & OBJECTIVES

### 2024/2025 OUTLOOK

- **Utilize Propio to communicate and provide services to segment of the Whitewater population that doesn't speak English.**

Action Plan:

Whitewater is in the midst of a massive shift in demographics with many non-English speakers moving into the area. In order to meet this need, staff at all levels of the Whitewater Police Department organization will utilize Propio Language Services throughout 2024 to better communicate with individuals who do not speak English. Our clerical staff and dispatchers will use the system when within the police department or when communicating with individuals over the phone. Our patrol officers will primarily use the system while responding to calls for service to ensure the contact is completed as efficiently as possible, while getting all pertinent information effectively communicated to all parties. The administrative staff will utilize Propio when appropriate during community outreach events to foster inclusion and ensure the resources provided by WPD are accessible to all. The Whitewater Police Department's use of Propio is tracked. Quarterly, statistics will be run to determine how many times our staff has used Propio, the average call time for a session, as well as to determine what employees may need additional training or assistance in utilizing Propio.

Goal Impacted:

How will the City find ways to communicate without a newspaper? Increase understanding of how the community broadly consumes information and become more efficient in sharing information.

- **Use innovative communication techniques by using the PD Facebook page in increasingly creative ways.**

Action Plan:

Whitewater Police Department staff currently utilizes social media via Facebook. However, the information posted is relatively common in law enforcement utilizing written posts and photo attachments. In order to better serve the community, the WPD administration will begin posting video recorded press releases when appropriate and will post recorded WPD officer body cam footage (redacted as needed) showing examples of noteworthy officer interactions. Equipment including a video prompter and banner will be explored and purchased if feasible to assist in ensuring posting video recordings are professional. Staff will post a minimum of four video recorded press releases or WPD officer body cam recordings in 2024. WPD administrative staff will review this goal quarterly to determine if we are on track for the annual goal.

Goal Impacted:

How will the City find ways to communicate without a newspaper? Increase understanding of how the community broadly consumes information and become more efficient in sharing information.

- **Implement a Spanish fluency incentive for our sworn personnel.**

Action Plan:

The Whitewater Police Department administration recognizes how critically important it is to employ and retain staff who can speak foreign languages. Given the current demographic shift occurring in Whitewater, the ability to speak Spanish is extremely desirable. To address this, the administration's goal is to establish a Spanish fluency incentive with both the Whitewater Professional Police Association (WPPA) and the Whitewater Professional Police Supervisory Association (WPPSA). The annual stipend will award \$500 to sworn staff who can prove they fluently speak and read Spanish. By July 1, 2024, WPD administrative staff will evaluate whether or not the incentive is incorporated through the bargaining processes, and if implemented, will analyze the impact to determine if extending such an incentive to non-sworn staff should be considered.

Goal Impacted:

How will the City improve and communicate recruitment and retention efforts with a focus on diversity? To identify metrics to improve retention and evaluate or establish recruitment measures.

## GOALS & OBJECTIVES

### 2024/2025 OUTLOOK

- **Offer business checks by staff trained in crime prevention.**

Action Plan:

In order to attract business to the City of Whitewater, business owners must first believe that the City is a safe place to run a business. To that end, in 2024, the Whitewater Police Department will develop a team of officers trained to complete crime prevention assessments for businesses within the City, with the goal of completing 12 assessments in 2024. The environmental design of the business will be reviewed to include lighting, doors, windows, locks, surveillance systems, signage, alarm systems, as well as employee access. A written report will be created by the officer that will serve to document the strengths of the business and will also provide recommendations on what improvements could be made. This service will be advertised on the WPD Facebook page and administrative staff will review the goal quarterly to ensure the department is on pace to meet the goal. If needed, additional advertising work will be done to get word out to business owners.

Goal Impacted:

How will the City support a thriving business community (including business attraction)? To better understand the underlying issues and then leverage resources.

- **Implement a Mental Wellness Program (MWP) for all police department staff.**

Action Plan:

The Whitewater Police Department will create a Mental Wellness Program (MWP) in order to address the mental health needs, and ultimately, assist in the long-term retention of our staff. Unfortunately, WPD staff are exposed to a variety of unhealthy and stressful situations in the course of their duties. This impacts staff at all levels of the organization. Our dispatchers are burdened with hearing crying and screaming during critical incidents, but not being able to be there for their closure. Our sworn staff directly witness tragic incidents and circumstances from abuse and maltreatment, to automobile crashes and death. Our clerical staff have to view these incidents second-hand as they review body cam footage for redaction when records are requested. The MWP would require each staff member to attend an annual appointment with a trained clinical psychologist specializing in law enforcement for a mental health check-in. Staff would be given the day off on the day they attend the appointment. This program will cost the department \$10,000 annually.

Goal Impacted:

How will the City improve and communicate recruitment and retention efforts with a focus on diversity? To identify metrics to improve retention and evaluate or establish recruitment measures..

## DEPARTMENT/FUNCTION

The Neighborhood Services Department (NS) is responsible for land use planning / enforcement, and Geographic Information System mapping. The department also maintains oversight for fire inspections.

Land use planning/enforcement duties include:

- Oversight and enforcement of zoning and building codes.
- Issuance of building permits and oversight of building inspections.
- Maintenance of the City's Comprehensive Land Use Plan; maintenance of city-wide Geographic Information System (GIS) mapping.

Neighborhood Services coordinates these responsibilities with input and oversight from the Plan and Architectural Review Commission. Neighborhood Services also provides administrative support to the Landmarks Commission and Urban Forestry Commission and serves as the liaison to the Whitewater's Historical Society in matters concerning maintenance of buildings in the Main Street Historic District, on the National Register of Historic Places and those considered Whitewater Local Landmarks.

## MISSION

The Neighborhood Services Department helps Whitewater build and grow. The department issues building and zoning permits, enforces the municipal code, maintains mapping data and engages in short- and long-term land use planning.

**GOALS & OBJECTIVES**

**2024/2025 OUTLOOK**

- Assist Developers through the permitting process by providing timely information and guiding them to the appropriate committees. Anticipate any Comprehensive Plan changes that may need to be made to allow for residential units to be built.
- Conduct pro-active meetings with community members and targeted groups to discuss code enforcement throughout the community. Record a meeting that can be posted to the website and played on tv channel on a continual basis.
- Determine if the outsourcing of zoning and code enforcement hours is appropriate for the budgeted amount compared to providing services in house.

## DEPARTMENT/FUNCTION

Recreation is responsible for providing a comprehensive offering of programs for all ages and abilities. Programs vary from recreational to competitive sports, to exercise wellness, to arts and culture, enrichment programs and community special events. The initiative for growth in programming comes directly from citizens requests. Administrative costs are funded by tax dollars, but direct program expenses are supported by a variety of user fees. The department staff work closely with community groups and organizations to promote, deliver, and administer a comprehensive program while attempting to not duplicate services.

## MISSION

The City of Whitewater Parks and Recreation Department provides efficient and high-quality programs and services which support living, learning, playing and working in an exceptional community.

## **GOALS & OBJECTIVES**

### **2024/2025 OUTLOOK**

- Develop Lakes District to create a comprehensive approach integrating environmental conservation and enhancing the health of Trippe and Cravath Lakes.
- Develop a Lake Advisory Committee to direct the efforts of the Lakes District and ensure the preservation and enhancement of Trippe and Cravath Lakes are effectively managed.
- Update the Lakes Management Plan to consider current conditions, advances in knowledge and evolving community needs to ensure a long-term health and sustainability plan of Trippe and Cravath Lakes.
- Secure additional grant funding, including the DNR Lakes Protection Grant and other relevant programs, to support ongoing efforts in revitalizing the lakes' fishing habitat and aquatic vegetation, thereby promoting the sustainability and ecological health of Trippe and Cravath Lakes.
- Strengthen partnerships and enhance communication with community groups, non-profit organizations, and others to support the promotion of the city and local businesses, ultimately fostering economic growth and a stronger sense of community.
- Enhance communication and diversify the offerings of the Parks Department to better serve the needs and interests of a diverse range of cultures and demographics within our community to create a more inclusive, welcoming, and responsive Parks Department that serves to foster a stronger sense of belonging for all residents.
- Establish a comprehensive employee recognition and retention program within the parks department to acknowledge the valuable contributions of staff, foster a positive work environment, and promote long-term employee satisfaction and retention.
- Develop a comprehensive and forward-looking Parks and Recreation Strategic Plan that establishes a robust framework for departmental planning and development, guiding the department's initiatives and projects through 2030 and beyond.

**FUND DESCRIPTION****FUND 216**

The Police Vehicle Revolving Fund (#216) was established in 2004 to account for the purchase of police marked and unmarked squad cars based on a scheduled rotation of one or two vehicles each year. Emergency vehicles are used 24/7 and must be in good working order. Older, high mileage vehicles are susceptible to more frequent breakdowns, time out of service for repairs, and are less reliable. Prior to fund 216, vehicles were reflected in the capital portion of the Police Patrol and/or Police Investigations budgets. Due to some past budget restraints, there have been years where no vehicles were purchased.

- **Fund Balance** is designated to be retained to fund the annual replacement of police vehicles.
- **Primary Funding Source** is annual transfer from the General Fund and proceeds from sales of retired vehicles.
- **Audit Classification:** Governmental; Non-Major.

**FUND DESCRIPTION****FUND 260**

The Sick Leave Severance Fund (#260) was established to fund the General Fund portion of the accumulated sick leave benefit liability. This benefit pays eligible staff for their accumulated, but unused sick leave at retirement or separation. Payment is limited to the lesser of one-half of accumulated sick leave hours or 720 hours. The benefit was eliminated for new staff who join the City after June 30, 2011. Accumulated liability at 12/31/2017 is projected to be \$540,000 for 46 eligible General Fund staff members.

- **Fund Balance** is designated to be retained for funding anticipated benefit payments in the subsequent four-year period. This estimate is to be reviewed annually as part of the budget process. After 2018 transfer and depletion of current Fund Balance, an annual 30,000 transfer is expected to fund projected retirements through 2021.
- **Primary Funding Source** is annual transfer from the General Fund.
- **Audit Classification:** Governmental, Non-Major.

**FUND TYPE**  
**SPECIAL REVENUE****ASSOCIATED DEPARTMENT**  
**POLICE****FUND DESCRIPTION****FUND 295**

The Police Trust Fund (#295) was established to account for four separate activities: Donations, Crime Prevention, Seizures and Evidence/Found Property.

- **Audit Classification:** Governmental, Non-Major.

**DONATIONS**

The K9 Unit was established in 2013 with a “By the Community, For the Community” initiative and funds were acquired through the K9 5K/10K Run (held 2014, 2015, and 2016), K9 t-shirt sales, coin jar donations and donations from businesses and citizens. This fund is to account for the revenue and expenses associated with the K9 Unit.

- **Fund Balance** is designated to be retained for costs associated with the establishing and maintaining a K9 Unit.
- **Primary Funding Source** is donations.

**CRIME PREVENTION**

Accounts for the revenue and expense of safety awareness programs and supplies including Identification kits, safety pamphlets, coloring books, etc.

- **Fund Balance** is designated to be retained for costs associated with crime prevention initiatives.
- **Primary Funding** is from Police Department sales of Wisconsin Department of Transportation vehicle registrations. Two-thirds of the convenience fee of \$10 is retained by this fund.

**SEIZURES**

Accounts for the revenue and expense from federal and state seizures. Approved expenditures of these funds have included an electronic fingerprinting system, undercover vehicle, surveillance camera, tactical equipment and funds for undercover drug operations.

- **Fund Balance** is restricted for uses permissible by state and federal law. Portions of state-seized funds are submitted to the Wisconsin Common School Fund. Portions of federally-seized funds are retained by the U.S. Marshals Service.
- **Primary Funding Source** is derived from federal and state seizures of cash and/or vehicles used in the commission of a felony. This funding is expected to be reduced or eliminated with future changes to federal and state seizure laws.

**Evidence/FOUND PROPERTY**

Accounts for seized and lost/found currency.

- **Fund Balance** is designated to be retained until the property can be returned to the rightful owner.
- **Primary Funding Source** is evidence from investigations and/or found property.

FUND TYPE  
SPECIAL REVENUE

ASSOCIATED DEPARTMENT  
ECONOMIC DEVELOPMENT

FUND DESCRIPTION

FUND 900

The Economic Development Operating Fund (#900) accounts for all operating revenues and expenses necessary to maintain the Whitewater CDA office and its presence for the benefit of the community and economic development.

The office is charged with creating, coordinating, and/or executing all city community and economic development efforts. The office serves as the main contact point for business growth, retention, expansion, and community development activities. Together with the City Manager, other municipal departments, the Executive Director is instrumental in the creation of and development of Tax Incremental Districts (TID's) for the city.

- **Fund Balance.** At year-end, any remaining balance not subject to Tax Increment Finance (TIF) rules or restrictions of other revenue sources will be made available for transfer back to the General Fund.
- **Primary Funding Source** is from Tax Incremental Financing (TIF) Districts per their respective project plans with support from the City's General Fund. As increment in the TID districts grow the resulting TIF revenues are designated to be used as the primary source of funding to the community and economic development operations. The General Fund is intended to provide secondary support to ensure that the office of the Whitewater CDA is appropriately funded to fulfil its Mission to serve as the community economic development entity for the City.
- **Expenditures.** Expenditures are to be funded first by Tax Increment contributions, followed by other revenues and lastly by General Fund contributions.
- **Audit Classification:** Governmental, Component Unit.

DEPARTMENT SERVICE METRICS

**Equalized Value.** Positive economic growth results in new and expanding businesses as well as new residential construction which ultimately increases the local tax base and can reduce overall property taxes for individual property owners. Equalized value can be a helpful indicator of the growth in commercial and residential development over time. Regional, state, or federal shifts outside of the community can also have an impact on equalized value.

GOALS & OBJECTIVES  
2024/2025 OUTLOOK

- Enhance Housing Development Strategies:
  - Support the city's effort to develop detached and other family-style housing, aiming for 20 units annually over the next five years.
  - Implement this through proactive initiatives and policies like development incentives and through programs like marketing sites to developers and supporting innovative land deals.
- Business Attraction and Growth:
  - Attract new businesses to Whitewater, utilizing a revised and expanded business recruitment and expansion platform and enhancing the City/CDA's participation with the Innovation Center.
  - Employ strategies such as marketing, attending and hosting development summits, and building relationships with site selectors and brokers.
  - Facilitate outreach and events for entrepreneurs and startups.
- Downtown Revitalization:
  - Address downtown vacancies and facilitate rehabilitation of blighted commercial properties.
  - Revise the loan programs to include lower interest rates, grant option, and other modernizations to spur investment.
  - Promote the use of existing resources for business and residential revitalization.
- Collaborative Community Development:
  - Work together as CDA and staff to foster community growth in business sectors (new, existing, startups) and the residential base (family-style homes and multifamily units).
  - Apply a team-oriented approach in committee discussions to enhance collective decision-making, emphasizing the value of diverse viewpoints and collaborative problem-solving.
  - Align actions and decisions with community interests and the strategic plan, prioritizing public benefit over personal interests of individual committee members.

**FUND TYPE  
SPECIAL REVENUE**

**ASSOCIATED DEPARTMENT  
MEDIA SERVICES**

**DEPARTMENT/FUNCTION**

**FUND 200**

The Media Services (previously Cable TV) Fund (#200) accounts for revenue and expense related to providing media services to the Whitewater community. These services include programming for Whitewater Community Television Channel 990 as well as communications and public relations information for citizens delivered through the City's social media presence, website and outside media outlets.

- **Fund Balance** is designated to be retained to fund services provided by the department. Prior to 2017, funds were transferred out to the General Fund for general purposes. Due to declining annual franchise fee revenue, these transfers have been discontinued in favor of retaining all funds within Fund 200 with a goal to establish self-sufficiency of the department.
- **Primary Funding Source** is franchise fee revenue received under a cable television Franchise Agreement with Charter Communications, paid for by local television subscribers. Operating shortfalls will be supplemented by transfers from the General Fund.
- **Audit Classification:** Governmental, Non-Major.

Services for the City of Whitewater reach customers and citizens in many ways including television, social media, the city website, and outside media outlets to provide information and updates about the City of Whitewater.

The Media Coordinator oversees the department. Whitewater Community TV 990 is a Public, Education and Government Access (PEG) cable television station operating on Charter Communications' Digital Channel 990 in the City of Whitewater and surrounding communities. Whitewater TV broadcasts locally-produced, television programs 365 days per year and is fully funded by franchise fees paid by local cable television subscribers.

The City of Whitewater currently uses Facebook and Twitter and Instagram to gain a social media following and share information through these outlets with regular posts and alerts.

The City also has a website containing vital information about city government, agendas and minutes for city meetings, video broadcasting of events and meetings within the city, along with contact and hiring information. Media Services oversees the updates of individual departments to the website and oversees the overall layout and upkeep.

Media Services also works directly with internal staff, citizens and local media to gather and distribute necessary information to the community.

**MISSION**

Media Services' mission is to enhance and expand access to local government for Whitewater citizens, provide a medium for the Whitewater Unified School District, share update information to citizens in the fashion they desire and to provide equal access to local citizens interested in using video as an outlet for expressing their creative and intellectual freedoms. The purpose of Media Services' is to provide informational, educational and entertaining media and knowledge reflective of the Whitewater communities' desires and interests.

**GOALS & OBJECTIVES**

**2024/2025 OUTLOOK**

- Continue to invest time and resources into the creation of content for our social media platforms- Facebook and Instagram. By doing so the department is looking to strengthen the following of each platform by 50% by 2026. Over the past 4 months, we have seen a 36% increase in our following.
- Continue to invest time and resources into the creation of content for our PEG TV Station. The Media Services Department relaunched the TV Station in August of 2023. The Media Services would like to expand the content shown on this platform.
- Create videos highlighting local businesses and activities in the city. These videos will become content that will be featured on our social media platforms and the PEG TV Station
- Work with other departments to create 'how-to' videos specific to each department in case of absences/new staffing.
- Continue to gradually update equipment to non-obsolete gear. Have Media Services Staff go through the White Memorial building and complete a formal inventory of all of the equipment.
- By 2026 the Media Services staff will be fully housed at the municipal building, and will no longer be utilizing the space at the White Memorial Building

**FUND DESCRIPTION**

**FUND 208**

The Parking Permit Fund (#208) was established in the early 2000's to account for the revenues and expenses from the sale of parking permits for use of designated public parking areas and provide primary funding for operation and maintenance of public parking facilities.

- **Fund Balance** is being retained until it reaches a target balance of \$385,000, an increase from the previous target of \$120,000. This change reflects the anticipated resurfacing costs planned for 2035. Any funds accumulated in the account are designated specifically for parking lot maintenance, permit sales, and surface replacement expenses. Beginning in 2026, transfers to the General Fund will be reduced by \$5,000 each year. Prior to 2018, annual transfers were made to the General Fund for general use. That practice has been discontinued in order to build and maintain a sufficient reserve, ensuring that public parking operations are self-sustaining and reducing the need for future borrowing—ultimately saving taxpayers money on interest costs.
- **Primary Funding Source** is revenue from the sale of public parking permits.
- **Audit Classification:** Governmental, Non-Major.

**FUND DESCRIPTION**

**FUND 210**

The Fire/Rescue Equipment Fund (#210) is used to accumulate the funding needed to replace Fire and Rescue vehicles used within the City on a scheduled basis. Although the volunteer fire department formally organized itself as a separate organization in 2016, it continues to offer Fire and Emergency services to the City on a contract basis. The City continues to provide equipment for these services, but retains ownership of the equipment.

- **Fund Balance** is designated to be retained to fund replacement of equipment and vehicles on a planned replacement schedule.
- **Primary Funding Source** is from the General Fund transfers and debt issuance.
- **Audit Classification:** Governmental, Non-Major.

**FUND 220**

The Library Special Revenue Fund (#220) was established to account for the revenue and expense associated with providing a local public library. Library services include a collection of print books, graphic novels, print magazines, DVDs, Blu-rays, music CDs, books on compact disc and in Playaway digital format, downloadable digital books, audiobooks, magazines, videos and videogames, materials in Spanish, and a Library of Things: GPS devices for geocaching, Adventure Packs (Ice Age Trail, telescope and Guide to the Night Sky, etc.), mobile hotspots, outdoor games, memory kits for those living with dementia or other memory impairments. The library also has laptop computers for public use of the Internet and other software applications.

- **Fund Balance** is designated to be retained for funding of the Library's operational and capital needs under the direction of the Library Board.
- **Primary Funding Source** is from four major sources including the City of Whitewater and the Counties of Jefferson, Walworth, and Rock.
- **Audit Classification:** Governmental, Non-Major.

The Irvin L. Young Memorial Library is open to serve the community 61 hours per week, Monday through Thursday, 9:00 a.m.-8:30 p.m.; Friday, 9:00 a.m.-5:30 p.m.; and Saturday, 9:00 a.m.-3:00 p.m.

The library is governed by a seven-member board of trustees appointed by the City Council to staggered three-year terms. One member of the board is a City Council member and one is appointed as a representative of the Whitewater Unified School District by the district superintendent.

**MISSION**

We will have the space and the stuff to do the things that you want.

**GOALS & OBJECTIVES**

**2024/2025 GOALS**

- The library will begin the expansion and renovation process for the existing library building.
- The library administrative staff will contribute to the City's monthly newsletter to send out event information, content on new materials in the collection and monthly updates on the capital campaign and building project.
- The library director and the programming and makerspace librarian will schedule a meeting with the executive director of the Whitewater Area Chamber of Commerce to discuss ways that the library can provide assistance and information to local small business owners.
- The director, assistant director, youth educational services librarian and programming and makerspace librarian will use 2018, 2019, 2022, and 2023 data and budgets to analyze changing usage trends across non-pandemic years for both physical materials and event attendance. This information will be used to prioritize material expenditures and event types.
- The programming and makerspace librarian will record three programs each year in collaboration with the city staff for broadcast on the city's TV station to make programs available to community members who cannot attend in person.

**FUND TYPE  
SPECIAL REVENUE**

**ASSOCIATED DEPARTMENT  
FINANCE**

**FUND DESCRIPTION**

**FUND 235**

The Ride Share Fund (#235) is used to account for the revenue and expenses related to the shared ride taxi program offered in the City. The Federal and State departments of transportation provide financial support to small communities where fare revenue is not sufficient to maintain public transport options for residents. The City outsources the operation of this service, but provides vehicles and operational funding to maintain the service. Brown Cab Service is the current provider; however, the City is exploring alternative service delivery options when the contract is re-bid in 2027 for 2028 service.

- **Fund Balance** is designated for annual operating budget and vehicle replacement.
- **Primary Funding Source** is Federal/State grants, fare revenue and General Fund transfers.
- **Audit Classification:** Governmental, Non-Major.

**GOALS & OBJECTIVES**

**2024/2025 OUTLOOK**

- Increase awareness of our organization's capability to host baseball and softball tournaments while actively promoting outside tournaments on social media platforms, tournament-specific websites, and our own website.
- Develop a consistent field turf maintenance plan that not only streamlines maintenance efforts but also enhances the quality of playing surfaces, ensuring a better experience for athletes and reducing the risk of injury due to poor field conditions.
- Strategically adjust team fees and concession pricing to enhance revenue streams, ultimately covering increasing staffing and field maintenance costs while maintaining customer satisfaction and market competitiveness.

## **GOALS & OBJECTIVES**

### **2024/2025 OUTLOOK**

- Continuously assess staffing levels, program offerings and facility schedules to identify and implement cost-saving measures, ensuring that we reduce expenses without compromising the quality of services.
- Develop a comprehensive membership recruitment and retention strategy that effectively engages a diverse audience, encompassing corporate stakeholders, students, healthcare providers, and other segments of our population, to enhance the organization's growth and sustainability.
- Develop a variety of programs that cater to the diverse needs, age groups, and skill levels of our community patrons, ensuring affordability, relevance to current trends, and efficient utilization of available resources.
- Evaluate and restructure party packages to enhance customer satisfaction, profitability, and market competitiveness.
- Utilize marketing plan to enhance communication effectiveness and maximize marketing impact, resulting in increased engagement, brand consistency, and customer-centric strategies.
- Develop and revise a comprehensive 5-year Capital Improvements Plan that addresses the facility needs of our organization and initiate a successful Capital Campaign to secure the necessary funding for implementation.
- Enhance communication and diversify the offerings of the Aquatic Center to better serve the needs and interests of a diverse range of cultures and demographics within our community to create a more inclusive, welcoming, and responsive facility that serves to foster a stronger sense of belonging for all residents.

**FUND TYPE  
SPECIAL REVENUE**

**ASSOCIATED DEPARTMENT  
PARKS & RECREATION**

**FUND DESCRIPTION**

**FUND 248**

The Parks & Recreation Special Revenues Fund (#248) was established in 2015 to track revenues and expenditures specific to recreational programs offered by the department. This fund helps pay for staffing and other program related expenses. The fund has now absorbed (account 55210, 56120 and 55310) in order to show the total cost of recreation programs and services provided to the community.

- **Fund Balance** is designated to be retained for program use as needed.
- **Primary Funding Source** is generated from various Parks & Recreation Program Fees with secondary support from the General Fund as necessary. The stated goal of this fund is to be self-sufficient.
- **Audit Classification:** Governmental, Non-Major.

**FUND DESCRIPTION**

**FUND 249**

Fund 249 was established on July 30, 2022 to account for the provision of Fire and Emergency Medical Services to the City and neighboring Townships. Prior to July 30, 2022, Fire and EMS services had been contracted through WFD, Inc., a third-party non-profit organization with a 150-year tradition of volunteer service. All revenues and expenditures related to Fire and EMS services are accounted within Fund 249. A budgeted annual transfer from Fund 249 to Fund 210 provides for future Fire/EMS capital replacement needs and to segregate capital planning from operational needs..

- **Fund Balance** is designated to be retained for Fire/EMS purposes. Surplus fund balance may be transferred to the Fire/EMS Capital Equipment Fund 210 with approval of the Common Council.
- **Primary Funding Source** City of Whitewater General Fund transfer, Township contract billings, insurance/patient billing for services, and grants.
- **Audit Classification:** Governmental, Major.

## GOALS & OBJECTIVES

### 2026/2027 OUTLOOK

- **Community Safety:** Enhancing overall community safety through prevention, education, and emergency response.
- **Training and Development:** Ensuring that personnel receive ongoing training to stay current with the latest firefighting and emergency medical techniques, technologies, and standards.
- **Emergency Response Time:** Following the completion of the new bunkrooms off of the apparatus bay, staff are continuously working to improve response times to emergencies and optimizing the efficiency of emergency services.
- **Equipment Maintenance and Upgrades:** : Regularly maintaining our current fleet of equipment to ensure it meets the latest safety and performance standards. Along with regular maintenance, the department put a new Engine into service July of 2025, a new Ambulance went into service in September and our new Tower Ladder late fall of 2025.
- **Community Outreach and Education:** : Engaging with the community through educational programs, fundraising events such as the pancake breakfast, and to promote fire safety and emergency preparedness.
- **Collaboration with Other Agencies:** Strengthening collaboration with other emergency service providers through the MABAS system and attending county meetings and trainings. Working closely with City and County law enforcement agencies, along with local government agencies to enhance overall emergency response capabilities.
- **Budget Management:** Efficiently managing budgets to ensure the department has the necessary resources for operations, equipment, and personnel.
- **Technology Integration:** Adopting new technologies such as the Walworth County Radio Project, that will enhance emergency response.

**FUND DESCRIPTION**

**FUND 810**

The Rescue Squad Equipment & Education (#810) was established to account for receipt and use of donated funds held in trust by the City for the purpose of a municipal hospital in the City of Whitewater. A court order in 1989 determined that a municipal hospital was 'impossible and impractical' and that these funds could be used to benefit the Whitewater Rescue Squad as a close-alternative to a municipal hospital benefiting the community by:

- A. Purchasing technologically advanced equipment for lifesaving purposes' and
- B. Providing 'education, for Whitewater Rescue Squad members and Whitewater citizenry'.
- **Fund Balance** is held in trust to fund expenses limited to the above court guidance. While general education of the public by the Rescue Squad is permissible, Rescue Squad member training is further limited to 'advanced training such that they can become certified to use further advanced techniques and medical equipment which is now available to such specially trained individuals.
- **Primary Funding Source** is from a bequest and subsequent donations to the Rescue Squad.
- **Audit Classification:** Fiduciary, Non-Major.

**FUND DESCRIPTION**

**FUND 820**

The Rock River Stormwater Group (RRSG) Fund (#820) was established in 2008 to account for the revenue and expenses related to this group and is separate from the City budget. It is detailed here as the City provides accounting support and serves as custodian for these funds. Wisconsin DNR MS4 permits require a public education and outreach program. Member communities in the Rock River basin found that collaborating was much more time and cost effective than attempting to administer this outreach program individually. The RRSG member communities include Waupun, Beaver Dam, Jefferson, Fort Atkinson, Whitewater, UW-Whitewater, Milton, Janesville, City of Beloit and Town of Beloit. These member communities pay annual dues based on permit requirements which are based on population. Membership dues for Whitewater totaled \$5,000 in 2018. The RRSG typically hires a consultant to assist in administering the program which currently includes outreach on social media, in newspapers, at community festivals and at local schools. Training for member communities is also conducted by professional firms.

- **Fund Balance** is designated for program expenses.
- **Primary Funding Sources** is member community dues, currently totaling \$49,000 annually. Occasional grant program funds are also obtained.
- **Audit Classification:** Fiduciary, Non-Major.

**FUND DESCRIPTION**

**FUND 920**

The Innovation Center Operations Fund (#920) was established to account for revenues and expenses related to the operation of the Innovation Center, a part of the Whitewater University Technology Park (WUTP). WUTP is a joint venture between the City of Whitewater and the University of Wisconsin-Whitewater whose mission is to create and foster durable businesses and jobs through a close alignment of UW-Whitewater's research and educational competencies and the resources of the City of Whitewater. WUTP serves as a foundation for a diversified and robust regional economy through the attraction of new residents, utilization of UW-Whitewater faculty, staff and student expertise and the retention of alumni talent.

- **Fund Balance** is to be retained and be available in future years to meet any shortfalls in revenues or unexpected expenses.
- **Primary Funding Sources** is rental income from leased space in the Innovation Center supplemented by contributions from UW-Whitewater and the City of Whitewater.
- **Audit Classification:** Governmental, Component Unit.

# DEBT SERVICE FUNDS

# FUND 300 REVENUES & EXPENDITURES

## FUND TYPE DEBT SERVICE

## ASSOCIATED DEPARTMENT FINANCE

### FUND DESCRIPTION

### FUND 300

The Debt Service (#300) was established to account for the annual debt service requirements supported by the General Fund.

- **Fund Balance** is used to fund annual debt repayments.
- **Primary Funding Source** is annual transfer from the General Fund as well as property tax levied by the City and Tax incremental districts (TIDs) within the City. Debt service payments are funded by the areas within the City that generated the debt and utilized the debt proceeds; i.e. Debt incurred by TIDs for development are funded through TID property tax collections, while the City's property tax levy and general revenues support the City's capital projects.
- **Audit Classification:** Governmental, Major.

Debt is issued to fund Capital Projects. Bonds are issued for eligible long-lived projects specified by state statute and typically amortized over a twenty year period. Projects that are not bond-eligible are financed through notes or direct borrowings over terms tied to their useful lives. General Obligation debt is the preferred type of debt utilized as the lowest interest cost option available. Revenue debt is normally used for Utility projects only when attractive rates are available, typically through state or federal government loan programs.

## DEBT CAPACITY

Wisconsin State Statute restricts the amount of debt municipalities may incur to 5% of the Equalized Value of the taxable property within their borders. In 2024, the total Equalized value of property in Whitewater is \$976,283,200 an increase of \$115,117,600 from 2023 values. This permits the City to incur \$48,814,160 of General Obligation debt. The City's actual unpaid General Obligation Debt as of 12/31/2023 totals \$22,214,975 or 46% of the maximum permitted by law. To preserve financial flexibility and a strong credit profile, the City has established guidelines to further limit debt levels to 70% of the legal limit (equates to 3.5% of Equalized Value). Under this more restrictive Guideline, the City retains approximately \$11,954,937 of additional debt capacity as of 12/31/2023.

**FUND TYPE**  
**CAPITAL PROJECT**
**ASSOCIATED DEPARTMENT**  
**FINANCE**
**FUND DESCRIPTION****FUND 450**

The Capital Projects Fund (#450) is used to provide visibility to funding and expenses related to discrete capital projects in the City. Historically, the City has earmarked Utility Shared Revenue payments the City receives by virtue of having a local power generating facility to fund these projects. These payments have declined over time as the facility depreciates increasing the reliance on other sources of funding including debt.

- **Fund Balance** represents funding allocated to specific projects listed.
- **Primary Funding Source** is annual transfers from the General Fund and debt issuance.
- **Audit Classification:** Governmental, Major.

## FUND TYPE CAPITAL PROJECT

## ASSOCIATED DEPARTMENT COMMUNITY ECONOMIC DEVELOPMENT

## FUND DESCRIPTION

## FUND 441

TID District #4 Fund (#441) on the west side of Whitewater, was continued for year 2022 as an affordable housing TID. TIDs allow the creating municipality to capture all of the taxes (City, County and Schools) on the increased value (known as "increment") created after adoption of the TID and use it for expenses outlined in the TID plan, such as payment for infrastructure costs, development incentives, marketing and administration of the TID. TID #5 is required to close by 2027 or when all TID obligations are paid in full, whichever occurs first.

- **Fund Balance** is permanently retained by the TID to be used to pay for eligible expenses in the TID as authorized by the TID plan.
- **Primary Funding Source** is property tax payments collected on the increased valuation of land and building improvements as a result of development in the TID.
- **Audit Classification:** Governmental, Non-Major.

**FUND DESCRIPTION****FUND 412**

TID District #12 Fund (#412) is an in need of rehabilitation or conservation district comprising of 15 acres created in 2021. TIDs allow the creating municipality to capture all of the taxes (City, County and Schools) on the increased value (known as "increment") created after adoption of the TID and use it for expenses outlined in the TID plan, such as payment for infrastructure costs, development incentives, marketing and administration of the TID. TID #12 is required to close by 2041 or when all TID obligations are paid in full, whichever occurs first.

- **Fund Balance** is permanently retained by the TID to be used to pay for eligible expenses in the TID as authorized by the TID plan.
- **Primary Funding Source** is property tax payments collected on the increased valuation of land and building improvements as a result of development in the TID.
- **Audit Classification:** Governmental, Non-Major.

**FUND DESCRIPTION****FUND 413**

TID District #13 Fund (#413) is a mixed-use district comprising of 450 acres created in 2021. TIDs allow the creating municipality to capture all of the taxes (City, County and Schools) on the increased value (known as "increment") created after adoption of the TID and use it for expenses outlined in the TID plan, such as payment for infrastructure costs, development incentives, marketing and administration of the TID. TID #13 is required to close by 2041 or when all TID obligations are paid in full, whichever occurs first.

- **Fund Balance** is permanently retained by the TID to be used to pay for eligible expenses in the TID as authorized by the TID plan.
- **Primary Funding Source** is property tax payments collected on the increased valuation of land and building improvements as a result of development in the TID.
- **Audit Classification:** Governmental, Non-Major.

ENTERPRISE**ASSOCIATED DEPARTMENT**  
WATER UTILITY**FUND DESCRIPTION****FUND 610**

The Water Utility Fund (#610) was established to account for the revenues, expenses and capital planning necessary to meet State and Federal regulations in the pursuit of delivering safe drinking water and adequate fire protection to the residents of the City.

- **Fund Balance** is retained to use for future maintenance, equipment replacements and upgrades to the water distribution system.
- **Primary Funding Source** is through User Fees based on the amount of water used per customer.
- **Audit Classification:** Proprietary; Major.

**DEPARTMENT/FUNCTION**

The Water Utility is responsible for the daily operation, maintenance, repair and construction of wells, pumping operations, water mains, water storage vessels, hydrants and metering for the City's potable water system all while meeting and exceeding State and Federal regulations in an environmentally friendly manner.

**MISSION**

To provide water and superior customer service to the Utility's ratepayers with safe drinking water and an adequate supply for fire protection. To meet and exceed all WDNR/EPA/PSC standard practices and to comply with all testing requirements set forth by environmental regulatory agencies.

## DEPARTMENT SERVICE METRICS

The Wisconsin DNR, The Federal EPA and The Wisconsin PSC dictate the water utilities performance measures. These measures are demonstrated by WDNR inspections, WDNR Sanitary Surveys, compliance to all Federal and State mandated testing and procedures, WPDES permitting compliance, Consumer Confidence Reports and the annual PSC report to show compliance in all aspects of the water utility. Our monthly WDNR report shows compliance for all daily pumpage, kilowatt, chemical addition readings as well as daily compliance water testing and filter backwashing procedures. The water utility responds to all customer complaints and emergencies in a timely fashion 24/7, 365 days a year with the best service and knowledge of procedures possible. Additionally, we maintain the City's entire water infrastructure to include wells, pumps, distribution system, hydrants, services lines and curb stops with maintenance procedures in place for best practices. The water utility's staff are Wisconsin Certified Operators and must maintain their certification by demonstrating their skills with testing and continuous education CEU's throughout the year.

## GOALS & OBJECTIVES

### 2024/2025 OUTLOOK

- Continue in-house residential meter replacement program and cross-connection inspections. Review ways for better communication with customers on scheduling appointments.
- Continue with an outside firm to do our non-residential cross-connection program. Provide better communication to businesses on the reason for these inspections.
- Complete both private and public side water lateral material identification per DNR/EPA mandate and enter information into the EPA website by October, 2024.
- Create program and timeline to replace private and public lead laterals. Communicate with council members and affected property owners the health implications of lead laterals.
- Investigate turning the bulk water fill station from manual operation and billing to an automatic system to make it more efficient for the companies who use it.
- Monitor and review new water test standards and containment levels (like PFAS) from the EPA .

**FUND TYPE**  
ENTERPRISE**ASSOCIATED DEPARTMENT**  
WASTEWATER UTILITY**FUND DESCRIPTION****FUND 620**

The Wastewater Utility Fund (#620) was established to account for the revenues, expenses and capital planning necessary to meet State and Federal regulations in the pursuit of treating consumed water from residents, businesses and industrial facilities and returning the cleaned water back to the environment.

- **Fund Balance** is retained to use for future maintenance, equipment replacements and upgrades to the wastewater collection and treatment system.
- **Primary Funding Source** is through User Fees based on the amount of water used per customer.
- **Audit Classification:** Proprietary; Major.
- **Sewer Operating Fund:** This fund is used for paying all the expenses for the operation of the Wastewater Utility. It is recommended that the Utility maintain a cash balance of three to six months of the annual O&M budget.
- **Sewer Connection Fund:** This fund was established when sanitary sewer connection fees were implemented in the 80's. The sanitary connection fee that is collected from building permits is placed in this fund. The monies from this fund are to be used for the repair or construction of interceptor sanitary sewers, lift station construction and plant improvements.
- **Equipment Replacement Fund (ERF):** This fund is mandated by the WDNR based on the Clean Water Fund loan program. The Utility will fund the ERF using the WDNR method of maintaining a balance equal to 10% of mechanical equipment assets as determined by the City's annual audit. The required minimum ERF balance is evaluated each.
- **Sewer Repair & Replacement Fund(SRRF):** This fund was established in 2009 in conjunction with the Strand sewer rate study. The fund is used for the repair and replacement of collecting sewers for infiltration/inflow improvements and can also be used for Capital Improvement Project sewer replacement. This is a discretionary fund, thus the balance is to be determined by management. Annual transfers to this fund can be determined every year during the budgeting process based on the prior year's expenditures from the fund and planned Capital Projects. Any funding left over from large Capital Improvement Projects that required borrowing can be placed in this fund for future projects.

**DEPARTMENT/FUNCTION**

The Wastewater Utility is responsible for returning all consumed water within the City of Whitewater back into the environment in a responsible fashion that meets or exceeds state and federal regulations. In order to do so, utility staff is tasked with maintaining and operating the public conveyance system or the "collection system" along with the treatment facility and its associated programs.

**MISSION**

To efficiently operate and maintain all aspects of the Wastewater Utility in a manner that is consistent with best environmental practices while also meeting or exceeding regulatory compliance standards. Our additional duty is to respond in a prompt, courteous and professional manner when dealing with the sanitary customers of the City of Whitewater.

## DEPARTMENT SERVICE METRICS

The primary performance measures that guide utility management are written into our 5-year Wisconsin Pollutant Discharge Elimination System (WPDES) permit. We have daily, weekly, monthly and annual regulatory limits which require compliance. This is accomplished through sound process operation and verified with laboratory analysis. If a violation were to occur it must be reported to WDNR representatives within 24 hours. Annually, operational success (i.e. greater pollutant removal) is reviewed and submitted as the electronic Compliance Maintenance Annual Report (eCMAR). The eCMAR ranks compliance in a grade point format. Items receiving a "C" or below requires a written response for documentation. Additionally, we compile, track and respond to all collection system complaints, monitor grease trap and dental amalgam separator ordinance compliance and maintain a testing program for septage and holding waste. All utility staff have completed or are working towards advanced level wastewater certifications. This educational component helps drive continual interest, improvements and excellence at the utility.

## GOALS & OBJECTIVES

### 2024/2025 OUTLOOK

- For phosphorus compliance, the utility continues to work towards the final end goal of 0.075 mg/l. Currently, the utility is reaching compliance via the Multi Discharger Variance. However, this variance is scheduled to end in 2027 (it may get extended pending EPA approval). Compliance options after the termination of the MDV program vary and will continue to be evaluated. The utility will continue to work towards evaluating nutrient trading and construction options. Regardless of the chosen compliance option, there will be increased costs to reach the permitted phosphorus limits.
- Improve upon our "in-house" training program by targeting needed programs as suggested by staff and by empowering staff to lead trainings in their area of interest and knowledge. With the addition of many new staff members at the Wastewater Utility it is crucial to develop a knowledge base within staff members that provides sound succession planning as well as efficient operation of the utility.
- Utility staff will be addressing items noted on past smoke testing reports in a prioritized fashion. There is work to be done on both public and private infrastructure.
- In recent years staff has worked hard at updating the information in the GIS system. The goal is to continue updating by providing maintenance records and updated locations when sewers are reconstructed.
- As an ongoing need, we will continue to plan for and verify that we can access all off-road sanitary structures in the event of emergencies. Interceptor sewer mains will be the first lines targeted.
- Continue to evaluate bio-solids handling processes and long-term planning as it relates to increased biosolids regulations and land application availability. The utility is currently working with an engineering firm to develop a long-term plan.

FUND TYPE  
ENTERPRISEASSOCIATED DEPARTMENT  
STORMWATER UTILITY

## FUND DESCRIPTION

## FUND 630

The Stormwater Utility Fund (#630) was established to account for the revenues, expenses and capital planning necessary to comply with the State's stormwater regulations, prevent flooding and to maintain the stormwater infrastructure and equipment.

- **Fund Balance** is retained to use for stormwater improvements throughout the City.
- **Primary Funding Source** is primarily through assessing fees to all properties throughout the City. Fees are based upon Equivalent Runoff Units (ERU's), which represents a standardized unit of impervious area for each property as reasonably determined by the city.
- **Audit Classification:** Proprietary; Non-Major.

## DEPARTMENT/FUNCTION

The Stormwater Utility provides for the operation, maintenance, repair and construction of catch basis, storm sewers, detention ponds, street sweeping, compost management, and lakes management.

## MISSION

To provide efficient and effective operation, maintenance, repair, and construction of stormwater utility components and lake management for the citizens of Whitewater.

| **To help control pollutants from entering into the storm sewer system and ultimately discharging into the lakes and streams, catch basins have been installed with 2' sumps. These sumps need to be routinely cleaned out. This measure will collect the number of catch basins cleaned and the tonnage of sediment removed. |                       |                       |                      |                       |                       |

**GOALS & OBJECTIVES****2024/2025 OUTLOOK**

- Storm Sewer Maintenance Tracking – Working with GIS staff, develop protocols to determine and track maintenance requirements on storm sewer related devices, including items such as, detention pond maintenance, inlet cleaning, inlet reconstruction, and outfall inspections.
- Communicate with Private Post-Storm Water Management Device property owners on the need to clean and maintain their devices to be in compliance with City and DNR requirements.

**GOVERNMENTAL FUNDS**

Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities - except those accounted for in proprietary and fiduciary funds. In essence, these funds are accounting segregations of financial resources. Expendable assets are assigned to a particular governmental fund type according to the purposes for which they may or must be used. Current liabilities are assigned to the fund type from which they are to be paid. The difference between the assets and liabilities of governmental fund types is referred to as fund balance. The measurement focus in these fund types is on the determination of financial position and changes in financial position (sources, uses and balances of financial resources), rather than on net income determination. The statement of revenues, expenditures and changes in fund balance is the primary governmental fund type operating statement. It may be supported or supplemented by more detailed schedules of revenues, expenditures, transfers and other changes in fund balance. Under current GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.
