#### PRE-SALE REPORT FOR

### City of Whitewater, Wisconsin

\$1,390,000 Waterworks and Sewer System Revenue Bonds, Series 2024B

#### Prepared by:

Ehlers N19W24400 Riverwood Drive, Suite 100 Waukesha, WI 53188

#### Advisors:

Greg Johnson, Senior Municipal Advisor Brian Roemer, Senior Municipal Advisor

#### BUILDING COMMUNITIES. IT'S WHAT WE DO.

### EXECUTIVE SUMMARY OF PROPOSED DEBT

#### Proposed Issue:

\$1,390,000 Waterworks and Sewer System Revenue Bonds, Series 2024B

#### **Purposes:**

The proposed issue includes financing for the following purposes: finance water and sewer system improvements. Debt service attributable to water projects will be repaid by water user fees. Debt service attributable to sewer projects will be repaid by sewer user fees.

#### Authority:

The Bonds are being issued pursuant to Wisconsin Statute(s):

• 66.0621

The Bonds are not general obligations of the City but are payable only from and secured by a pledge of income and revenue to be derived from the operation of the Waterworks and Sewer System.

#### Term/Call Feature:

The Bonds are being issued for a term of 20 years. Principal on the Bonds will be due on May 1 in the years 2025 through 2044. Interest will be due every six months beginning May 1, 2025.

The Bonds will be subject to prepayment at the discretion of the City on May 1, 2033 or any date thereafter.

#### **Bank Qualification:**

Because the City is issuing, or expects to issue, more than \$10,000,000 in tax-exempt obligations during the calendar year (G.O. Notes, Water & Sewer Revenue Bonds, and a Clean Water Fund Loan), the City will be not able to designate the Bonds as "bank qualified" obligations.

#### Rating:

The City's most recent bond issues were rated by S&P Global Ratings. The current rating on those bonds is "A-". The City will request a new rating for the Bonds. If the winning bidder on the Bonds elects to purchase bond insurance, the rating for the issue may be higher than the City's bond rating in the event that the bond rating of the insurer is higher than that of the City.

#### Basis for Recommendation:

Based on your objectives, financial situation and need, risk tolerance, liquidity needs, experience with the issuance of Bonds and long-term financial capacity, as well as the tax status considerations related to the Bonds and the structure, timing and other similar matters related to the Bonds, we are recommending the issuance of Bonds as a suitable option.

#### Method of Sale/Placement:

We are recommending the Bonds be issued as municipal securities and offered through a competitive underwriting process. You will solicit competitive bids, which we will compile on your behalf, for the purchase of the Bonds from underwriters and banks.

An allowance for discount bidding will be incorporated in the terms of the issue. The discount is treated as an interest item and provides the underwriter with all or a portion of their compensation in the transaction.

If the Bonds are purchased at a price greater than the minimum bid amount (maximum discount), the unused allowance may be used to reduce your borrowing amount.

#### **Premium Pricing:**

In some cases, investors in municipal bonds prefer "premium" pricing structures. A premium is achieved when the coupon for any maturity (the interest rate paid by the issuer) exceeds the yield to the investor, resulting in a price paid that is greater than the face value of the bonds. The sum of the amounts paid in excess of face value is considered "reoffering premium." The underwriter of the bonds will retain a portion of this reoffering premium as their compensation (or "discount") but will pay the remainder of the premium to the City. For this issue of Bonds, any premium amount received may: be retained; used to reduce the issue size; or combination thereof. These adjustments may slightly change the true interest cost of the original bid, either up or down. We anticipate using any premium amounts received to reduce the issue size.

The amount of premium allowed can be restricted in the bid specifications. Restrictions on premium may result in fewer bids, but may also eliminate large adjustments on the day of sale and unintended results with respect to debt service payment impacts. Ehlers will identify appropriate premium restrictions for the Bonds intended to achieve the City's objectives for this financing.

#### **Parameters:**

The Common Council will consider adoption of a Parameters Resolution on June 27, 2024, which delegates authority to the Director of Administration & City Manager to accept and approve a bid for the Notes so long as the bid meets certain parameters. These parameters are:

\* Issue size not to exceed \$1,415,000 (higher than resolution amount to account for debt service reserve fund changes).

\* Minimum Bid of 98.75%

\* Maximum True Interest Cost (TIC) of 4.82%

\* Maturity Schedule Adjustments: each maturity may be increased or decreased by \$30,000.

#### **Review of Existing Debt:**

We have reviewed all outstanding indebtedness for the City and find that there are no refunding opportunities at this time.

We will continue to monitor the market and the call dates for the City's outstanding debt and will alert you to any future refunding opportunities.

#### **Continuing Disclosure:**

Because the City has more than \$10,000,000 in outstanding debt (including this issue) and this issue is over \$1,000,000, the City will be agreeing to provide certain updated Annual Financial Information and its Audited Financial Statement annually, as well as providing notices of the occurrence of certain reportable events to the Municipal Securities Rulemaking Board (the "MSRB"), as required by rules of the Securities and Exchange Commission (SEC). The City is already obligated to provide such reports for its existing bonds, and prepares and files its own reports. The City may continue to prepare and file its own reports or contract with Ehlers to do so.

#### Arbitrage Monitoring:

The City must ensure compliance with certain sections of the Internal Revenue Code and Treasury Regulations ("Arbitrage Rules") throughout the life of the issue to maintain the taxexempt status of the Bonds. These Arbitrage Rules apply to amounts held in construction, escrow, reserve, debt service account(s), etc., along with related investment income on each fund/account.

IRS audits will verify compliance with rebate, yield restriction and records retention requirements within the Arbitrage Rules. The City's specific arbitrage responsibilities will be detailed in the Tax Exemption Certificate (the "Tax Compliance Document") prepared by your Bond Attorney and provided at closing.

The Bonds may qualify for one or more exception(s) to the Arbitrage Rules by meeting 1) small issuer exception, 2) spend down requirements, 3) bona fide debt service fund limits, 4) reasonable reserve requirements, 5) expenditure within an available period limitations, 6) investments yield restrictions, 7) de minimis rules, or; 8) borrower limited requirements.

An Ehlers arbitrage expert will contact the City within 30 days after the sale date to review the City's specific responsibilities for the Bonds. The City is currently receiving arbitrage services from Ehlers in relation to the Bonds.

#### **Investment of Bond Proceeds:**

Ehlers can assist the City in developing a strategy to invest your Bond proceeds until the funds are needed to pay project costs.

#### **Risk Factors:**

Utility Revenue: The City expects to pay the Bond debt service with:

• Wastewater and Water Revenues

In the event utility revenues are insufficient to pay debt service, the Common Council is committing to consider appropriating funds from any other available sources in an amount sufficient to cover the shortfall. If it chooses to do so, the City may levy a tax to make up a shortfall. While the City is not required to appropriate the funds necessary to remedy any shortfall in revenues needed to pay debt service, failure to do so would result in either a lack of access to capital markets in the future, or access at a substantially higher cost.

#### **Other Service Providers:**

This debt issuance will require the engagement of other public finance service providers. This section identifies those other service providers, so Ehlers can coordinate their engagement on your behalf. Where you have previously used a particular firm to provide a service, we have assumed that you will continue that relationship. For services you have not previously required, we have identified a service provider. Fees charged by these service providers will be paid from proceeds of the obligation, unless you notify us that you wish to pay them from other sources. Our pre-sale bond sizing includes a good faith estimate of these fees, but the final fees may vary. If you have any questions pertaining to the identified service providers or their role, or if you would like to use a different service provider for any of the listed services please contact us.

Bond & Disclosure Counsel: Quarles & Brady LLP.

Paying Agent: Bond Trust Services Corporation.

Rating Agency: Standard & Poor's Global Ratings (S&P).
