Good morning,  
I just sent an email to Councilmember Allen expressing my disappointment and frustration at the recent vote regarding another attorney and deviating from the RFP process.

And I thought it just as important to THANK YOU for your votes against this. Transparency is important. Having neighbors discuss "behind-the-scenes agendas" and "obvious bias" at block parties or while at the Sweet Spot isn't how a community grows and thrives.

I appreciate both of you and your leadership and contributions very much.

All my best,  
Jessie Dugan

TO: David, Lisa and Jim. I'm very disappointed in the Council's motion to let one member manipulate the selection of an attorney in the dispute with the City Manager. What is the matter with the advice given by the City Attorney? Did Mr. Allen not like the advice he was given? That is not a good reason to waste time and money getting second opinions. I think the time has come for Mr. Allen to preside in legal and logical fashion instead of according to whim.

Thank you and regards,
