BACKGROUND

(Enter the who, what, when, where, why)

TDS is looking to provide service to a property on the east side of 1st Street south of W. North Street. In order to do so, they need to bore from the north side of W. North Street to a power pole located on city property within Lot G, south of W. North Street. The service line would then go up the power pole and overhead to the property seeking service. TDS is requesting an easement from the south right-of-way line of W. North Street to the power pole on city property as depicted in the attached Easement. The legal description will be added based on the exact location of the installation.
