### BACKGROUND

(Enter the who, what, when, where, why)

Plan and Architectural Review Commission (PARC) has asked that the Urban Forestry Committee to re-evaluate the landscaping guidelines for new development. The guidelines are outdated and not clear for developers. Further, when asked at the PARC the urban forestry representative noted that they were unsure if the numbering or scoring scale was still in use.

The PARC has asked that the Urban Forestry Committee review and update the landscaping guidelines.
