

Kevin A. Boehm

Director of Parks, Recreation and Facilities

City of Whitewater

Touched By A Paw previously held many flea market events with no charge for the use of the Cravath Building. We gave a cleaning deposit and received it back. We always left the facility spotless as we found it.

The last one was in April of 2023. The day of the flea market there was a big storm that came through and we lost power resulting in limited sales. Because of the storm we had to rent a storage facility for all of the unsold items. We now have accumulated additional donations to warrant holding another upscale flea market.

We are a non-profit, all volunteer cat rescue. We do not receive any government funding. Besides donations from our supporters, we need to hold fundraisers throughout the year to earn money to cover expenses for Veterinary costs, cat food, medications and housing for the cats in our care.

We have provided, as I stated in my previous letter, a free service to the city of Whitewater rescuing stray cats off the streets. We have also assisted residents with cat questions and issues at no charge.

Thank you for letting us use the Cravath Building in the past at no charge. We respectfully request consideration for free use of the Cravath Building for dates in mid September or October, based on availability of the Cravath Building.

Respectfully,

Janna Burhop

Director

Touched By A Paw
