BACKGROUND

(Enter the who, what when, where, why)

Whitewater Solar is in the process of seeking a Certificate of Public Convenience and Necessity from the Public Service Commission. While this is being reviewed, Whitewater Solar has asked the City to review a voluntary Joint Development Agreement which addresses several additional considerations around the project's design, operation, maintenance, and road use that are not contemplated in the permitting process with the Public Service Commission.

Additionally, Whitewater Solar will be providing a Road Use Agreement for consideration in the near future.

Representatives from Whitewater Solar will be attending the meeting to discuss the Joint Development Agreement and answer questions.
