BACKGROUND

(Enter the who, what when, where, why)

WE Energies is in the process of providing electrical service to the final phase of the Park Crest Subdivision. As part of that installation, they would like to tie the electrical service on Peninsula Lane in with the electrical service on Tower Hill Pass. In order to do so they need a 10-foot easement across Outlot 3 of the subdivision as shown in Exhibit A of the attached Easement. The work would be completed via boring methods.
