BACKGROUND

(Enter the who, what when, where, why)

PD staff were recently made aware of the BJA FY25 Rural Law Enforcement Violent Crime Reduction Initiative grant. Due to the tight timeline, a grant proposal requesting \$161,260.56 for digital evidence analysis software and licensing as well as digital evidence storage was submitted by the due date of June 5, 2026. If the PD is awarded funding, this will be brought before Council for review to request acceptance of the funding.
