Dear Ms. Boehm and Members of the Alcohol Licensing Committee,

I am writing to respectfully appeal the denial of my Beverage Operator's License and to request the opportunity to appear before the Alcohol Licensing Committee to discuss my application.

I fully understand and respect the Committee's responsibility to protect public safety and ensure compliance with all applicable laws. I recognize that there may be concerns regarding my application, and I appreciate the opportunity to address them.

I would like to offer the following information for your consideration:

- My failure to disclose the conviction on my application was an oversight and was not an intentional omission. The incident occurred in my home and involved alcohol consumption, but I did not intend to misrepresent my history in any way.
- I have worked as a bartender for more than 26 years and have never before been denied a liquor or beverage operator's license.
- Throughout my career, I have taken my responsibilities very seriously and have consistently complied with laws and regulations governing alcohol service. I have always prioritized the safety of my patrons, employers, and community, and I would never knowingly serve alcohol to a minor or engage in conduct that would jeopardize public safety.
- Bartending has been my lifelong profession and a career I am deeply passionate about. I take pride in my work and remain committed to serving the community and the establishments that have entrusted me with this responsibility.

While I understand the Committee's duty to carefully evaluate each application, I respectfully believe that my longstanding professional record demonstrates that I am a responsible and qualified candidate who does not pose a risk to the public. I would be sincerely grateful for the opportunity to have my application reconsidered and to personally address any questions or concerns the Committee may have.

I apologize for any inconvenience caused by the omission on my application and appreciate the time, attention, and consideration being given to my appeal. Thank you for allowing me the opportunity to be heard and to continue pursuing the profession that has been such an important part of my life.

I look forward to learning the next steps in the appeal process.

Respectfully,
Becky Teichmiller
