All Involved Parties:

At the request of the City Manager, I would like to provide a brief update as to the progress regarding the Fire Department training facility under staff reports during the 4/9/2026 common council meeting.

This project is nearing the two-year mark, and substantial construction is about to commence. I will provide a brief overview of the timeline for the project from inception to present day, and an outline for the next 120 days.

Thank you.
