BACKGROUND

(Enter the who, what when, where, why)

Task Order 24-10 pertained to surveying and producing a topographic survey of the Starin Park Underground Detention Pond. The Task Order was intended to be amended upon learning the City's ranking in the Clean Water Fund (CWF) which were anticipated to be released in January. The DNR has still not released the rankings, however the facilities update plan still must be submitted by March 31 in order to apply for the funding. The DNR is encouraging communities who are interested in applying to still submit the facilities plan by March 31.

To keep this project moving along with the intention of submitting an application by September 30, 2025, Strand has submitted the Amendment. Amendment No. 1 includes submitting the facilities update plan, hydraulic modeling, preparing design plans and specifications, preparing bidding documents, assisting with Clean Water Funding financing requirements and other related project requirements.
