BACKGROUND

(Enter the who, what when, where, why)

The Wastewater Utility is looking to dispose of the following item through auction:

- Truck 220 – Year 2006 with 76,000 miles.

This truck is currently used mainly for snowplowing. It needs a new head gasket with repair quotes over \$10,000. Kelly Blue Book value is around \$8,200.

The Public Works Department is looking to dispose of the following items through auction:

- 1998 Mack CL713 Quad axle dump truck
- 2024 New Holland L320 skid steer
- 2024 New Holland L328 skid steer

The quad axle dump truck needs a new box and is well past its useful life. A new quad axle dump truck was purchased earlier this year. The two skid steers were on a yearly trade in program. Due to changes in the program and increased leasing pricing, we have switched vendors.
