

### **19.51.180 - Truck, trailer, mobile home and equipment parking restrictions.**

In all residential and commercial districts provided for in the zoning chapter, it is permissible to park or store a recreational vehicle, camper, trailer, watercraft or boat and boat trailer on private property in the following manner:

A. One panel or pickup truck, exceeding three-quarter ton but not exceeding one and one-half tons, shall be permitted;

B. The unenclosed parking of any unoccupied house trailer, motor home, unoccupied camp trailer, boat trailer, trailers for all terrain vehicles (ATVs) or snowmobiles, and all other private residential-type trailers shall only be permitted in the side yard, or rear yard on a improved surface, provided that the unit(s) are parked at least five feet from the lot lines; motor homes shall also abide by all restrictions relating to motor vehicle parking per Title 20, Section (D)(16). Improved surface shall mean a surface of concrete, asphalt, paver, or other material other than grass, such as crushed rock, gravel or other materials, laid over subsoil, which provides a hard driving surface, resists rutting, provides for sufficient water runoff and is graded and drained to dispose of all surface water.

1. An exemption to the five foot setback requirement shall be granted by the Neighborhood Services Department if the parking is approved in writing by the current adjacent property owners in which the recreational vehicle encroaches, and the parking is in accordance with all other requirements set forth.

C. Camper trailers and boats shall only be permitted to park in front yards for the purposes of active loading, unloading, and servicing.

D.. The neighborhood services manager may issue a permit to a person with a disability allowing a recreational vehicle, camper, trailer, watercraft or boat and boat trailer not exceeding thirty feet in length to be parked in the front yard driveway of their residence from April through November. A person shall be considered a person with a disability if they have been issued a current disabled parking identification permit by the Wisconsin Department of Transportation. In addition, an individual shall be considered a person with a disability if they provide the neighborhood services manager with a statement by a health care specialist verifying that the party needs a front yard boat parking permit, for a stated period of time, to allow that person reasonable access to their boat and trailer.
