### BACKGROUND

(Enter the who, what when, where, why)

Strand Task Order 26-06 is for the replacement of brick pavers at various locations on the southside of Whitewater Street between Fremont Street and 2<sup>nd</sup> Street, and within the Cravath Lakefront Park. Over the years, the bricks, which were placed on a sand/gravel bedding, have settled creating many tripping hazards through the Park and on Whitewater Street. This project will remove the bricks and replace with colored stamped concrete. Task Order 26-06 will provide for survey, design, bidding documents and bidding related services.

Staff is aware of bricks with inscribed names within the Cravath Lakefront Park. During the design process, staff will work with Strand Associates to make sure these bricks are saved during construction and incorporated with the paving project.
