However, this Subsection is not intended to prevent the introduction of new testimony, new exhibits or other new evidence when there is a clear showing, as determined by a majority of the Board of Aldermen, that the introduction of such evidence before the Commission was not in good faith, reasonably possible.
2. Should a person present testimony that is substantially or materially different from that presented to the Commission at its hearing on the matter or should an exhibit be offered that has not been presented to the Commission at its hearing on the matter, subject to the exception contained in Subsection (H)(1), any person on the opposing side of the matter before the Board of Aldermen may claim prejudice from such presentation or offering and the Board of Aldermen shall upon such a claim have sole discretion to determine whether the person claiming prejudice has in fact been prejudiced from such presentation or offering. Upon a determination that a prejudice exists, the Board of Aldermen shall refer the matter back to the Commission for a new notice and public hearing.

I. *Actions Of Board Of Aldermen.*

1. When the Commission has recommended a subdivision of parcels or the text of this Chapter together with recommendations for additional requirements pursuant to Subsection (E)(3), the Board of Aldermen shall have the discretion to accept, reject or make other or additional requirements. Any such requirements shall become a part of the ordinance changing the zoning classification of such property or the text of this Chapter. Such requirements regarding a change in zoning district classification shall be considered as an amendment to this Chapter insofar as it is applicable to such property. Such requirements shall be considered as conditions precedent to the granting of a certificate of occupancy and there shall be compliance with such requirements before a certificate of occupancy will be issued by the City Clerk for the use or occupancy of the building, land or structure on such property.
2. The Board of Aldermen shall not consider any zoning classification for a property in cases which involve a change from an existing zoning classification to another other than the zoning classification requested in the amendment application or the zoning classification expressly stated as considered by the motion of the Commission in its written report to the Board of Aldermen. If the applicant files a written request with the City Clerk prior to the final action of the Board of Aldermen stating that the applicant will pay the fees set forth for a zoning amendment application, then the Board of Aldermen may consider such different zoning classification only after referring the written request to the Commission for new public hearing and after receipt of the Commission's written report and decision and after new notice and public hearing before the Board of Aldermen.

- J. *Limitations On subdivision Applications.* No application for subdivision of any tract, lot or parcel of land shall be allowed prior to the expiration of six (6) months from the time the Board of Aldermen shall have finally acted on any application for subdivision of all or any part of the same lot, tract or parcel, unless the application previously acted upon was initiated by the Commission or the Board of Aldermen or unless the applicant can demonstrate substantial change in condition that should warrant consideration of a new application.
