3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. 10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Background and History In 1957, with seven cars and a hunch that customers would embrace the novel concept of leasing automobiles, Jack Taylor founded Executive Leasing Company, what is today known as Enterprise Rent-A-Car. Twelve years later, Enterprise began expanding outside of St. Louis. In 1992, Enterprise surpassed \$1 billion in annual revenue and had nearly 10,000 employees in its work force. Enterprise's leasing division became known as Enterprise Fleet Management, serving businesses with small- to mid-sized fleets. In August 2007, the Taylor family acquired the National Car Rental and Alamo Rent A Car businesses. Two years later our operating company adopted the name Enterprise Holdings. Today, with 75,000 employees, 1.85 million vehicles, and annual revenue of \$23.9 billion, Enterprise Fleet Management and Enterprise Holdings combine to form one of the largest transportation service providers in the world. Using the expertise that comes from managing such a large worldwide fleet, Enterprise Fleet Management has grown into one of the largest fleet management companies in the nation. We specialize in partnering with companies to develop customized fleet programs which are proven to drive down costs and streamline the processes. Founding Values Our founding values are a simple yet powerful set of beliefs that drives us and are how we hold ourselves accountable every day. Over the years we have formalized the values into a set of guiding principles that every employee can understand and embrace: Our brands are the most valuable things we own. Personal honesty and integrity are the foundation of our success. Customer service is our way of life. Our company is a fun and friendly place, where teamwork rules. We work hard...and we reward hard work. Great things happen when we listen...to our customers and to each other. We strengthen our communities, one neighborhood at a time. Our doors are open. Business Philosophy Our goal is to create lifelong relationships with all our Enterprise customers and to exceed expectations through superior customer service. Our founding values are one of the many ways in which we remind ourselves to put our customers' needs first. The result has been millions of satisfied Enterprise customers, thousands of successful employees, and a company that continues to grow.	*
11	What are your company's expectations in the event of an award?	Our goal as a fleet management company is to work with our clients to develop a long-term, sustainable fleet program that will lower their total cost of ownership. We accomplish this through our localized, hands-on approach to account management, industry-leading products and services, technology, and 65 years of experience managing vehicles. As the awarded vendor, Enterprise Fleet Management will work directly with your member agencies to proactively create, implement and manage a cost-effective total transportation solution. It would be Enterprise's expectation that Sourcewell and its employees work in conjunction with Enterprise's local teams to identify optimal strategies on ways to best serve the members.	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Ranked on the Forbes America's Largest Private Companies list, Enterprise Fleet Management, together with our affiliate Enterprise Holdings, is unparalleled in size, strength and stability. As a privately held company, it is not our practice to publicly distribute consolidated financial information. However, our conservative and disciplined long-term approach to managing our business has earned us, by far, the strongest balance sheet in our industry. Standard and Poor's Rating Services recently upgraded Enterprise Fleet Management Inc.'s corporate credit rating to BBB+ from BBB. This reflects the financial strength of our company and our long-term approach to our business.	*
13	What is your US market share for the solutions that you are proposing?	Recently, Enterprise Fleet Management was ranked the largest fleet management provider in the United State, according to Automotive Fleet's 2021 Fact Book. We have been operating in the industry for decades. This stability has enabled us to pursue consistently conservative growth and residual value targets, while limiting operational and credit risk. Enterprise's positive outlook reflects our expectations that the company will maintain its industry-leading position in the automotive fleet leasing industry.	*

14	What is your Canadian market share for the solutions that you are proposing?	Currently, Enterprise manages 5,000 leased units, 10,000 non-leased units and over 80,000 rentals across Canada. Enterprise has about 1 percent of the fleet management and leasing market and over 50 percent of the rental market. Enterprise Fleet Management is currently growing at 18.6 percent annually in Canada and over 200 percent in Western Canada.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No.	*

ESQi enables Enterprise to link our employees' career and financial aspirations to consistent and superior service levels with every customer. ESQi is one of the many ways in which we remind ourselves to put our customers' needs first. We also use our customer satisfaction data to monitor changing industry trends, needed enhancements, and local service issues to continually improve and distinguish our service from the competition. The result has been millions of satisfied Enterprise customers, thousands of successful employees, and a company that continues to grow. Customer Service Philosophy Our goal is to create lifelong relationships with all our Enterprise customers and to exceed expectations through superior customer service. Enterprise Fleet Management has 50 offices across North America staffed by more than 500 sales professionals. These sales professionals facilitate thousands of meetings each year where they are demonstrating how Enterprise Fleet Management's programs help government organizations. Enterprise Fleet Management operates a network of more than 50 fully staffed offices, which manages a fleet of more than 710,00 vehicles in the U.S and Canada. Enterprise Fleet Management provides services to nearly 2,000 public and private schools, colleges, universities, cities, counties, and other government entities nationwide.	*

Table 7: Marketing Plan

Line Item	Question	Response *
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Enterprise will work with Sourcewell to develop a customized marketing strategy that leverages our existing sales teams throughout North America. Because of our company's size and infrastructure, we can also scale up to meet higher demand at a moment's notice. Some of the marketing methods will include: • A marketing banner on the Sourcewell website announcing the partnership and details • Targeting the largest members first to maximize the impact • Local sales teams will meet regularly with current and potential members • Direct-mail campaign with customized fliers featuring program information
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Enterprise Fleet Management uses our customer website (efleets.com) to provide company information and receive online inquiries. In the past, Enterprise Fleet Management has invested in and participated in re-targeting advertising; however, this is a rare occurrence. Enterprise prefers to partner with trusted industry leaders to advertise and communicate to our niche demographic. Enterprise Fleet Management uses LinkedIn for recruiting purposes and does not presently leverage social media at a corporate level. We use Salesforce.com and the Pardot email platform to communicate with customers and prospects that have opted in to receive communications.
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Enterprise Fleet Management has 50 fully staffed offices that are trained to recommend cooperative purchasing contracts during the sales process, we provide in depth training on how these contracts work and the benefits on utilizing them over other diligence options. Our expectation for Sourcewell would be to promote and send any leads to our management team and help answer specific questions from the governmental entity regarding utilizing the contract.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Our ordering and procurement process is customized for each individual member based on their needs. Our dedicated account teams will meet with each individual member to determine what products and services are needed to create a menu price of vehicles that the member can utilize for ordering. After the selections are made, the member will receive a quote for each vehicle to be approved by the authorized signer.

Table 8: Value-Added Attributes

40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Your account team will manage, provide and host all driver training and implementation services, including webinars, conference calls, printed materials, online videos, etc. We can provide a wide range of resources and efficient ways to implement these programs to ensure a great foundation for a long-term partnership. This local team will take complete ownership of these processes and take on all aspects of managing the transition and training. This will be customized to Sourcewell and your drivers' unique needs, and there are no additional costs for implementation and transition services, as this is standard and included in our service offering.

41	Describe any technological advances that your proposed products or services offer.	Enterprise Fleet Management uses a combination of online tools, technologies, and automated processes to give our customers complete oversight of their fleets, lower overall costs, and provide convenience for drivers and administrators. These resources complement our local account management teams and allow us to supplement local support with self-service capabilities. Our IT teams are continually updating and enhancing our systems and technologies to provide new features and tools that our customers ask for. 42	Describe any “green” initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	Enterprise Fleet Management not only takes a sustainable approach to its business, but it aligns with the sustainable goals of its partner companies, agencies, and organizations. Some of these combined efforts are as follows: Vehicle Cycling/Fleet Optimization Managing vehicle emissions can represent a key component of customers’ environmental commitment and corporate social responsibility efforts, but companies can only manage what they can measure. It is the fundamental principle of fleet optimization — getting all the data needed to make smart decisions about vehicle cycling. In addition to the traditional vehicle emission consisting of acquisition cost, maintenance expenses and residual value, our team provides additional data points. Enterprise Fleet Management can help add a comprehensive environmental dimension to vehicle-cycling decisions, which includes fleet emissions, fuel efficiency, and direct and indirect remediation costs. Carbon Reporting and Offsets Commercial operations may have limited options for reducing the environmental impact of their fleet. Enterprise Fleet Management can simplify the benchmarking process and offer a tailored, accurate report on vehicle emissions. This data can then be used to influence fleet management choices, such as vehicle selection and replacement, or the decision to participate in a carbon offset program. Verified carbon offsets can provide an appealing option for fleet operators who would otherwise have few practical ways to reduce the impact of their vehicle emissions. In essence, these offsets are contracts to invest in projects and technologies that remove carbon dioxide from the atmosphere. Enterprise Fleet Management can help you purchase these offsets through a trusted third-party partner, TerraPass. TerraPass invests in alternative-energy projects to remove harmful greenhouse gases from the atmosphere. Enterprise Fleet Management — through the Enterprise Holdings

Foundation, our philanthropic arm — will also match a portion of each customer's greenhouse gas offset purchase.

Energy and Facilities Management

Enterprise Fleet Management's corporate office in St. Louis received LEED Gold Certification from the U.S. Green Building Council's green building rating program — the second-highest LEED certification available.

The building was certified, in part, for:

- being built on previously developed land to reduce the impact on virgin ground.
- installing low-flow fixtures that reduce the building's water use by 46 percent.
- using LED lighting fixtures that reduce the electricity used for lighting by 56 percent.
- recycling and repurposing 92 percent of construction waste, which reduces the amount of material sent to landfills.

Corporate Social Responsibility Policy

Owned by the Taylor family of St. Louis, Enterprise Fleet Management is an affiliate of Enterprise Holdings, the largest car rental company in the world. From our executive suite to our branch locations, we know that healthy and prosperous communities are the lifeblood of our business. That is why Enterprise Holdings and Enterprise Fleet Management are committed to promoting long-term community growth and prosperity — through our economic impact and employment, local foundation grants, global philanthropic initiatives, corporate sustainability, and, of course, sustainable transportation options.

We believe that strong business growth is built on putting the needs of customers, the growth of employees, and the health of local communities first. Through our global Corporate Social Responsibility (CSR) efforts, we are investing in making our business and our world a better place through initiatives that:

- promote the viability of mobility and alternative fuels.
- increase access to fuel-efficient vehicles.
- improve the resource efficiency of our operations.
- minimize waste throughout the lifecycle of our vehicles.
- minimize the impact of vehicle leasing and rental by offering carbon offsets that support renewable energy projects.
- support causes that improve the quality of life in local communities.
- enhance relief efforts in the wake of natural disasters.

In addition to these efforts, a robust set of policies and a CSR Governance Council guide our approach to sustainable business management. The most important of these policies and programs are summarized below:

- Carbon Offsets
- Duty of Care
- Supplier Code of Conduct
- Human Rights
- Safety Recalls
- Workplace Ethics
- Employment and Equal Opportunity
- Founding Values
- Privacy and Safe Harbor
- Subsidiaries and Franchisees
- Sustainable Maintenance Programs

When it comes to sustainable transportation, our approach is quite simple — little things can make a big difference. As a result, corporate sustainability is an ongoing pursuit to shrink our impact.

For example, we recycle, repurpose and reduce materials wherever possible. Our thorough vehicle maintenance program also helps lower costs, divert waste from landfills and reduce reliance on non-recycled materials.

Our commitment to sustainability is based on both a comprehensive understanding of critical details as well as the long-term picture of success. Reducing our environmental impact is ultimately about making responsible choices and following sustainable business practices:

- Managing Materials Responsibly
- Recycling Windshields
- Prioritizing Fuel Efficiency
- Renewing License Plates
- Using Water-Based Paints
- Re-Refining Oil and Recycling Filters
- Repurposing Tires

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	While Enterprise Fleet Management does not qualify as a minority- or woman-owned business, our company has a Supplier Diversity program which is a strategic initiative to grow our business by utilizing such businesses. Purchasing goods and services from businesses that are classified as small, minority-owned, woman-owned and other nationally or federally recognized designations solidifies Enterprise as a responsible corporation and a driver of economic growth. Good Faith Plan Our commitment to the principles of equal employment opportunity (EEO) and affirmative action (AA) is communicated in our employee handbook, posted in all branch offices companywide, and integrated in our mandatory companywide diversity training. Small Business Enterprise (SBE) & Minority and Women Business Enterprise (MWBE) • Identify opportunities for SBE/MWBE certified vendors to provide goods and services. • Send letters to interested SBE/MWBE vendors encouraging them to contact us with proposals in regard to providing goods and services and keep a log of all letters, contacts, responses, and nonresponses. • Encourage other vendors who may be eligible to apply for certification and assist each SBE/MWBE contacted that needs assistance in obtaining bonding, lines of credit, or insurance as required • Negotiate in good faith with interested SBE/MWBE Certified Vendors • Join and support local and national minority, women, and small business organizations. • Advertise in local and national DBE-focused publications for vendors that can provide needed goods and services. • Encourage drivers to utilize DBE & M/WBE vendors for maintenance and repair based on each company's needs. • In addition, Enterprise and National are also members of numerous local programs including NMSDC affiliates, ethnic chambers, NAWBO chapters, WBENC regional chapters, Urban Leagues, etc.	*
45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	At Enterprise Fleet Management, we believe the following are differentiating factors that distinguish us from the competition: • Fleet Expertise/Experience: Because we own and operate 1.85 million units worldwide, together with affiliate Enterprise Holdings, we are keenly aware of industry trends, recalls, vehicle values, new model enhancements, regulatory issues, manufacturer updates, and more. • Sales force & Infrastructure: Our local account team presence — more than 50 fleet locations nationwide and over 500 fleet professionals locally along with our manufacturer relationships differentiate us from the competition. Enterprise has local offices around the country with teams who can meet face-to-face and serve our customers. • Total Cost of Ownership Approach: Through managing our own fleet of vehicles, we are experts at analyzing each cost bucket to ensure that we are operating at the lowest cost of ownership and we bring this forth to our clients as well. • Logistics: We are constantly picking up, delivering, and moving our own fleet units, which gives us an inherent understanding and ability to navigate these situations quickly and efficiently for our fleet customers. • Vehicle Resale: Our more than 700 experienced remarketing professionals are what make the Enterprise service so effective. We invest more in this area of business than any of our competitors, and we have a wide network of remarketing offices across the nation. We use our knowledge and experience to remarket vehicles through the appropriate channels to maximize the sales price. • Physical Damage Claims and Subrogation: As a company, we are self-insured and have in-house teams that handle subrogation and claims services. Because this affects our bottom line, we have unmatched experience, resources and employees managing this area, and this greatly sets us apart from our competitors.	*

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Warranties vary by manufacturer, vehicle type, make and model, etc.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Warranty details — including any mileage limits or other restrictions — vary by manufacturer, vehicle type, make and model, etc. We will advise and advocate on behalf of our customers when needed as well. Because we maintain strong relationships with vehicle manufacturers and our dealer partners, we can often work directly with them to help recuperate warranty costs for our customers on a case-by-case basis.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Most standard vehicle warranties do not cover these expenses.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	This will depend on the manufacturer's dealer network. When needed, Enterprise's National Service Department will work with the drivers to find an approved shop for warranty services that is close to their location. Because of the vast network of dealers that our company utilizes, we are able to easily manage these situations for our customers.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	All warranty coverages are provided by the applicable manufacturer.	*
51	What are your proposed exchange and return programs and policies?	In most cases, Enterprise will acquire vehicles that are new from the factory and under the manufacturer warranty. We will also proactively plan with each member to ensure they are ordering the specific vehicles that are needed, including make/model, available options, any additional equipment or up-fitting required, etc. Your Client Strategy Manager will perform a cost analysis to make sure we are ordering and cycling vehicles at the proper time. We will also do a side-by-side vehicle comparison to verify that Sourcewell is using the most cost-efficient vehicles for your needs. We will work with Sourcewell to make sure drivers are getting the correct vehicle for their application, and within the boundaries set by Sourcewell.	*
52	Describe any service contract options for the items included in your proposal.	Enterprise Fleet Management's goal is to provide Sourcewell with the most comprehensive service possible. To do this, we offer several additional options for convenience and maximum efficiency: Fuel Card We partner with WEX for fuel card services. The WEX fuel card management program offers three main benefits: • Convenience: Card accepted at more than 180,000 U.S. locations • Security: Cards with driver identification issued to the driver assigned to the vehicle • Control: Card program offers various controls to help manage your fleet's fueling expenses WEX offers product-type control, merchant control, real-time alerts, and flexible exception reporting as powerful tools to monitor abuse. Exceptions include total dollars spent, total gallons filled, days of the week, time, type of fuel, etc. In addition to the exception report sent monthly, WEX also offers flexible exception reporting, which reports exceptions via email on a daily, weekly, or monthly basis. Your account management team will work with you to establish exceptions that can be viewed on a monthly report. In addition, the WEX Fraud Department performs three primary functions in an effort to identify and mitigate fraud on our fleet customers' accounts: • Review transaction activity • Identify potentially abusive or fraudulent behavior • Notify customers when such behavior occurs GPS Our fleet vehicles can be equipped with a Geotab telematics device. This functions as a GPS tracking device, with additional options such as driver safety, odometer capture, accelerometer, and engine diagnostics. Geotab's unique technology provides added value to your fleet and your business by addressing the following needs: • Safety: Breakthrough accident detection, safer driving behavior, in-	

vehicle driver coaching

- Cost Reduction: Lowered worker's compensation claims, lowered bent metal costs
- Productivity: Real-time and archived GPS vehicle tracking, route optimization, fuel consumption monitoring
- Engine Health: Engine diagnostics, improved preventative maintenance, overall improved vehicle health
- Compliance: Accurate HOS and/or IFTA reporting

Enterprise's customer data shows that Geotab has reduced miles traveled and fuel costs, increased fleet productivity, improved workforce utilization, improved service response times and reduced downtime related to maintenance issues. We have also seen an improvement in driver safety through the accelerometer component of our solution.

Full Maintenance

Enterprise's Full Maintenance program covers lessees nationwide and is available for most makes and models in your fleet. The program is completely managed by Enterprise and will not require any internal approval of repairs or review of monthly invoices. Cost is based on vehicle type and driving pattern.

- Monthly cost is fixed for the term of the vehicle
- Coverage is available up to 100,000 miles
- Covers all routine services recommended by the manufacturer
- Covers all unexpected repairs (not related to damage or neglect)
- 24/7 roadside assistance and towing is included
- Brakes, tires, and loaner vehicles can be included
- Windshield repair, fueling service, and other miscellaneous items are available
- Sourcewell can set up and send automatic service reminders through Enterprise's website

Maintenance Management

With Enterprise's Maintenance Management program, authorization and maintenance / repair limits are similar to our Full Maintenance program. Enterprise manages the process and contacts the client when additional approval is needed. Through this program, repairs are charged as needed and passed directly through to Sourcewell for a flat monthly fee.

Enterprise leverages our agreements and relationships with vendors to ensure both labor and parts are charged at a fair market value.

Table 9B: Performance Standards or Guarantees

Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
53	Describe any performance standards or guarantees that apply to your services	Providing completely satisfied service to Sourcewell is important to us. As a result, we plan to collect ESQI feedback from Sourcewell drivers and employees twice a year, and annually from management. This feedback will allow us to highlight areas of improvement and areas of success.
54	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.)	Our performance as Sourcewell's fleet management partner is measured by success in three core areas, customer satisfaction, customer retention and fleet growth. We strive to reduce our customers' total cost of ownership in several categories, including maintenance costs, fuel spend, acquisition costs and resale gain. Some of the ways in which we accomplish this include: • Active management of vehicle lifecycle to minimize fuel and maintenance spend • Annual fuel and maintenance spend benchmarking to decrease total cost of ownership • Comparison of vehicle makes and models to provide better total cost of ownership • Increased equity gain at disposal through proactive fleet planning and forecasting • Continuing review of resale market to identify best disposal method and holding period • Comparison of Enterprise resale performance against industry standards • Management of Sourcewell incentive programs to reduce acquisition costs • Review of vehicle application to "right-size" makes and models that are best suited for Sourcewell needs • Review driver and administrator feedback to maximize driver satisfaction

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
55	Describe your payment terms and accepted payment methods.	Payment Terms Payment terms are Net 30. Payment Enterprise offers several payment options to our clients: • Direct debit – payments are withdrawn on the 20th of each month • One-time ACH – can be completed via phone or email • Check – can be mailed or overnighted to Enterprise • Wire/ACH push – can be set up through Enterprise's bank
56	Describe any leasing or financing options available for use by educational or governmental entities.	Your local Enterprise team will work with you to customize the lease terms and provide you with the most cost-effective leases that meet your specific needs. Enterprise offers four types of funding solutions. They are an Open-Ended Equity Lease, Closed-End Lease, Prepaid Lease, and Finance. • Open-Ended Equity Lease: flexible option that allows the lessee to turn in the vehicle before the lease term with no early termination penalties, the company/agency can get out of the lease at any time; there is always a payoff amount. If the value of the vehicle is greater than the payoff, that money or equity can be put toward another lease. If the value of the vehicle is less than the payoff, Enterprise will bill the company/agency the difference. • Closed-End Lease: allows for a lower monthly payment based on vehicle usage, geared towards individuals that drive minimal miles. • Prepaid Lease: allows the lessee to take advantage of discounted interest rates by paying all rent up front. • Traditional Purchase Finance: allows Sourcewell to take ownership of the vehicle at the end of the financed/lease term without paying the reduced book value. Open-Ended Lease Agencies commonly find it difficult — sometimes impossible — to fund a healthy vehicle lifecycle. Many of these organizations turn to a bridge funding mechanism to facilitate their necessary vehicle replacements. Enterprise Fleet Management features an Open-Ended Lease product to help bridge any funding gaps. Our Open-Ended Lease is characterized by: • Improved cash flow • No mileage restrictions or wear-and-tear charges • Flexible financing options • Customized terms for use and type of vehicle • Retention of ownership rights In most programs, a vehicle would be purchased outright from the capital budget and kept in-fleet until a specified time when it was sold. However, to increase flexibility, our Open-Ended Lease allows for funding of only the time the vehicle is used. This approach allows companies to pay the minimum value for the use of the vehicle on a monthly basis, improving cash flow. The mechanics of this lease involve financing the difference between the vehicle's purchase price and a conservative Reduced Book Value (RBV), which is based upon the anticipated market value in consideration of the vehicle's age and application. Lease Terms Enterprise Fleet Management can offer lease terms as short as 12 months and as long as 60 months, or at any six-month interval in between. While we do not offer initial lease terms beyond 60 months, our Open-Ended Leases can be structured with a Reduced Book Value at 60 months that can be paid off or extended for an additional 12 or 24 months, or continue month to month until the Reduced Book Value has been completely paid off.

57	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	We have attached our sample contracts.	*
58	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcwell participating entities for using this process?	We cannot accept a P-card payment at this time.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *	
59	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Inclusive, Upfront Pricing Calculating fleet expenses to account for both direct and indirect costs can be difficult. That's why we provide inclusive pricing upfront as well as predictive cost tools. We think you deserve a clear view of all costs moving forward to plan for spending throughout the year – and beyond. Integrity and Transparency We don't believe in complicated contracts or hidden fees. Our Client Strategy Managers will only provide honest, informed recommendations that benefit your business. You'll also have access to the same fleet information through our Client Website, ensuring you see what your Client Strategy Manager sees, and can work with them to maximize your investment. Flexible Options Enterprise Fleet Management offers a variety of fleet leasing and financing services. We want our clients to be able to choose the financing plan that works best for their business and operating needs, whether they need an open-end, close-end, or self-funded program. We'll adapt to your needs. We have uploaded our pricing materials as instructed.	*
60	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Discounts range from 5-25 percent off the manufacturer's suggested retail price (MSRP). For example, the MSRP for a typical Ford Explorer would be \$36,540. With our purchasing power and discounts provided to Sourcwell Members, the delivered price would be \$31,232, 15% savings. In some cases the manufactures do offer free options that provide additional discounts, if available. Capitalized cost is the factory invoice, less manufacturer-provided incentives less any applicable advertising	*
61	Describe any quantity or volume discounts or rebate programs that you offer.	Through a team of incentive analysts at our operations headquarters, partnerships with manufacturers, and relationships with dealers, we work to get the best incentives available for our customers. The team tracks a wide range of retail incentives and enters those in our database, which compares them to the standard fleet, association, and upfit incentives that may be applicable. Through our relationships with manufacturers and zone representatives, we work to obtain and maximize any special or client-specific incentives available. Manufacturers sometimes provide us with special incentives that are not available through other avenues and we use those as needed. For ancillary programs such as Full Maintenance and Maintenance Management, additional discounts on parts and labor are passed through to our customers.	*

62	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Enterprise will provide a quote for each sourced product that will include any discounts that Enterprise receives. We do not mark-up any quotes or charge for coordinating supply or installation — this is a part of Enterprise’s standard service. Enterprise Fleet Management will coordinate the up-fit of any needed aftermarket equipment. We have established relationships with local and national vendors that supply these items and will deliver the equipment in a work-ready state. Enterprise will plan ahead with vendors to have equipment ready for installation once the ordered vehicles are delivered to ensure that the vehicles are ready for service as soon as possible. Enterprise will negotiate on behalf of the member agency to leverage volume discounts and deliver the lowest possible price on any needed equipment. The equipment can be billed up front or capitalized as a part of the lease structure. In both scenarios, the member will own the equipment at the conclusion or termination of the lease. Enterprise is able to sell customer-owned units as an additional benefit if the end user signs our consignment agreement. We have included a sample consignment agreement.	*
63	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Costs for registering a vehicle are passed through directly to the end user. All other costs are addressed throughout our provided pricing offerings.	*
64	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	For a majority of our deliveries, vehicles will be sent to the dealer that is closest to the end user so they can pick up the unit directly. We can also coordinate with the dealer or our own employees to deliver the vehicles. Certain charges may apply based on distance to the driver and other factors.	*
65	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Enterprise has a large network of dealerships throughout these regions that can assist with vehicle logistics and delivery. Along with our dealer network, we have a large number of employees within these regions — either through an Enterprise Fleet Management office or an affiliate Enterprise Rent-A-Car or National Car Rental rental location — who are available to assist with vehicle delivery and pick-up.	*
66	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Enterprise employs one of the largest teams of drivers in the industry. This allows us to quickly and easily manage vehicle logistics for our fleet customers. Because we own and operate 1.85 million units worldwide, together with affiliate Enterprise Holdings, we are constantly picking up, delivering, and moving our own fleets units, which gives us an inherent understanding and ability to navigate these situations quickly and efficiently for our fleet customers.	*

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
85	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Enterprise will set a pricing plan up for the Sourcewell program within our system. This pricing plan will be hard-coded for all Sourcewell members and cannot be deviated from by any sales or support team member. Quarterly, we will review deliveries that have been placed and delivered through the Sourcewell program to ensure compliance and accuracy. We will provide a detailed breakdown to Sourcewell monthly or quarterly for review depending on preference.	*
86	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Example metrics to be tracked and measured are new customers utilizing the awarded contract, total orders and total deliveries. Our goal is to create lifelong relationships with all of our Enterprise customers. As a result, we collect customer satisfaction results from a variety of sources to ensure we are meeting our customers' needs. Those sources include our internal Service Quality index (SQi) process, external surveys such as the J.D. Power Satisfaction Survey, and a range of other customer service inquiries. The results are closely monitored, and any necessary changes are made to improve customer satisfaction.	*
87	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Enterprise will offer Sourcewell and your members access to our fleet management program and pay Sourcewell a quarterly marketing fee based upon the volume of Combined New Deliveries generated as defined below. Deliveries to qualified members during the term of the contract is \$125.00 per new delivery. Qualified members are eligible members who utilize the Agreement between Sourcewell and Enterprise Fleet Management as an approved means to satisfy proper due diligence and competitive requirements. Enterprise Fleet Management retains the right to offer discounted promotional pricing on a market by market basis.	*

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
 1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
 2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
 3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☒ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Dain Giesie, Assistant Vice President, Enterprise Fleet Management, Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.
