EAST PARKER COUNTY TRAILS

The East Parker County Trails are a collaboration of 6 communities located in Parker County, Texas (Aledo, Annetta, Annetta North, Willow Park, Hudson Oaks, and Weatherford) to create a hike and bike route utilizing public roadways, existing and proposed paved trails and dedicated bike lanes to connect downtown Aledo with Lake Weatherford. The EPCoT Trail proposes to connect existing mountain bike trail networks in Aledo (The Pit Kids' Skills Area and Trail and the Parks of Aledo Trails) and in Weatherford (Quannah Hill). Additionally, the City of Willow Park and the Weatherford Mountain Bike Club (WMBC) have created a concept mountain bike trail map that proposes upwards of 9-miles of new singletrack trails.

The goal of the EPCoT Trails will be to create an all-weather, road bike route that will connect the existing and proposed mountain bike trailheads to one another.
