Therefore, to the extent permitted by applicable law, both parties agree that during the term of this **CONTRACT**, and for one (1) year thereafter, neither party will directly or indirectly solicit or seek to employ the employees of the other party except by mutual agreement of **CLIENT** and **JM**.
- O. On occasion, **JM** engages the specialized services of individual consultants or other companies to participate in a project. When considered necessary, these firms or other consultants will be used with **CLIENT's** approval. Such specialists will be wholly responsible for their work product. Alternatively, at **CLIENT's** request, **JM** will recommend contractor(s) or specialist(s) for **CLIENT** to enter into direct contract(s) with. In that event, invoices for these outside services will be mailed to **CLIENT** for direct payment to the contractor(s). **JM** review and approval of each invoice will be provided on request. Under either alternative, **JM** does not guarantee and is not responsible for the performance of the contractor(s) or the accuracy of their results.
- P. In the course of work, **JM** may take custody of and transport soil and/or water samples from **CLIENT's** site. Upon the completion of evaluation and/or testing of such samples, **JM** reserves the right to return the samples to **CLIENT** at **CLIENT's** expense, and **CLIENT** agrees to accept such samples and the responsibility for their proper and legal disposal.
- Q. **CLIENT** will furnish right-of-entry on the site for **JM** to conduct the work. **JM** will take reasonable precautions to minimize damage to the land from use of equipment but has not included in the fee the cost for restoration of damage that may result from site operations.

- R. Reasonable care will be exercised in locating subsurface structures in the vicinity of proposed subsurface explorations. This will include contact with the local agency coordinating subsurface utility information (i.e., "Call Before You Dig" service) and a review of plans provided by **CLIENT** for the site to be investigated. **JM** shall rely upon any information provided by **CLIENT** or **CLIENT**'s agent or representative. If the locations of underground structures are not known accurately or cannot be confirmed, then there will be a degree of risk to **CLIENT** associated with conducting the work. In the absence of confirmed underground structure locations, **CLIENT** agrees to accept the risk of damage and possible costs associated with repair and restoration of damage resulting from the exploration work and further agrees that **JM** shall not be liable for any such damages and/or costs. In accepting our proposal for services, **CLIENT** acknowledges the inherent risks associated with any subsurface investigation. In performing professional services, **JM** will use that degree of care and skill ordinarily exercised under similar circumstances by members of the profession practicing in the same or similar localities. **JM** makes no express or implied warranty beyond our commitment to conform to this standard of professional practice.

SECTION VI – TESTS AND INSPECTIONS

- A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor's executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections to the Site to check the quality or quantity of the Work. On the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.
- B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.
- C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.
- D. _____ **If initialed**, **CLIENT** has elected to engage **JM** to provide a "Resident Project Representative" as described in **ATTACHMENT "D"** to monitor the quality of all work to be performed by various contractors and subcontractors providing services and materials for the Project.
- E. If **CLIENT** does not select and initial Item D above, **CLIENT** will be deemed to have elected to assume the responsibilities of the "Resident Project Representative" as described in **ATTACHMENT "D"** and shall be solely responsible for monitoring the quality of all work to be performed by various contractors and subcontractors providing services and materials for the Project. **CLIENT** further assumes sole responsibility to arrange for or conduct any necessary or required testing or inspections which may be advisable to ensure that the work performed, and materials provided by any contractors or subcontractors are properly and timely performed and are in accordance with the Project's plans, specifications and project documents.

SECTION VII – RESPONSIBILITIES

Except as expressly provided elsewhere in this **CONTRACT**, **JM**'s work shall not include determining, supervising or implementing the means, methods, techniques, sequences or procedures of construction. **JM** shall not be responsible for evaluating, reporting or affecting job conditions concerning health, safety or welfare unless the scope of work set out on **ATTACHMENT "A"** hereto includes construction site inspection services. **JM**'s work or failure to perform same shall not in any way excuse any contractor, subcontractor or supplier from performance of its work in accordance with the **CONTRACT** documents.

SECTION VIII – WARRANTY

- A. **JM's** services will be performed, its findings obtained, and its reports prepared in accordance with the scope of work as described in **ATTACHMENT "A"** hereto. In performing its professional services, **JM** will use that degree of care and skill ordinarily exercised under the same or similar circumstances for services of this type. **CLIENT** recognizes that conditions may vary from those observed at specific locations where borings, surveys or other site explorations are made, and that site conditions may change over time. This warranty is in lieu of all other warranties or representations, either express or implied. The warranty granted hereunder shall be limited to one (1) year from the date of completion of the Project and such warranty shall only extend to the services provided by **JM** and shall not cover the workmanship and materials used by any subcontractors or any equipment manufactured by any third party.
- B. If **JM** or any of its employees, officers or agents be found to have been negligent in the performance of its work or to have made and breached any express or implied warranty, representation or contract, **CLIENT**, all parties claiming through **CLIENT** and all parties claiming to have in any way relied upon **JM's** work must bring any actions arising from the same in the State of Texas in a court of competent jurisdiction. Venue for any action brought pursuant to this paragraph shall lie in Parker County, Texas.
- C. The foregoing notwithstanding, **JM** shall not be liable for consequential and/or exemplary damages. No action or claim, whether in tort, contract or otherwise, may be brought against **JM**, arising from or related to this **CONTRACT** after the expiration date under the statute of limitations provided for such action under Texas law.

SECTION IX - TERMINATION

Either party to this **CONTRACT** may terminate the **CONTRACT** by giving to the other party ten (10) days written notice. Upon delivery of this notice by the **CLIENT** to **JM**, and upon expiration of the ten (10) day period, **JM** shall discontinue all services in connection with the performance of this **CONTRACT** and shall proceed to promptly cancel all existing orders and contracts insofar as such orders or contracts are chargeable to this **CONTRACT**. As soon as practical after the receipt of a notice of termination, **JM** shall submit a statement showing in detail the services performed under this **CONTRACT** to the date of termination. **CLIENT** shall then pay **JM** to the date of termination. **CLIENT** shall then pay **JM** promptly that proportion of the prescribed charges which the services actually performed bear to the total services called for under this **CONTRACT**, less payments on account which have been previously made. Copies of all completed or partially completed designs, plans and specifications prepared under this **CONTRACT** shall be delivered to **CLIENT** when and if this **CONTRACT** is terminated.

SECTION X - NOTICES

All notices required by this **CONTRACT** shall be sent by United States Postal Service, Federal Express or hand delivery to the addresses on Page 1 of this **CONTRACT**.

Further, **JM** agrees to disclose any financial or economic interest in or with the Project Property, or any property affected by the Project, if **JM** gains such interest during the course of this **CONTRACT**. If **JM** gains financial or economic interest in the Project Property during the course of this **CONTRACT**, **CLIENT** may in its sole discretion, terminate this **CONTRACT**. **JM** shall not engage the services of any present or former employee of **CLIENT** who was involved as a decision-maker in the selection or approval processes, or who negotiated or approved billings or contract modifications for this **CONTRACT**. **JM** agrees that it will not perform services on this Project for the general contractor, any subcontractor or any supplier of or for this Project. **JM** will not negotiate or make any agreement with the contractor, any subcontractor or any supplier with regard to any of the work under this Project or any services, equipment or facilities to be used on this Project.

SECTION XII – COVENANT AGAINST CONTINGENT FEES

JM affirms that it has not employed or retained any company or person, other than a bona fide employee working for **JM**, to solicit or secure this **CONTRACT**, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration contingent upon or resulting from the award or making of this **CONTRACT**. For a breach or violation of this section, **CLIENT** may terminate this **CONTRACT** without liability, or in its discretion may deduct from the **CONTRACT** a price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

SECTION XIII – ADDITIONAL SERVICES

Additional services which are outside the scope of **ATTACHMENT “A”** to this **CONTRACT** shall not be performed by **JM** without prior written authorization from **CLIENT**. Additional services, when authorized by an additional contract or an amendment to this **CONTRACT** shall be compensated for by a fee mutually agreed upon in writing between **CLIENT** and **JM**.

SECTION XIV – SUCCESSORS AND ASSIGNS

This **CONTRACT** shall not be assignable except pursuant to the written consent of **CLIENT** and **JM**. If assigned, this **CONTRACT** shall extend to and be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.
