dog parks golf court  
walking pad  
bike kids area baseball  
spend lights trail money  
splash pickleball tennis

Lights and a baseball diamond

Baseball field or at least a backstop

Leave is peaceful and beautiful no dog parks, maybe lights

Stop spending money on parks, save for roads

bike trails

Spend this money on streets!

I am not a fan of adding the disc golf or large buildings to this area.

Toddler size swings

Areas for kids to explore

Basketball/tennis/pickleball courts and splash pad

Pickle Ball Courts

Concrete sidewalk

Walking paths

Pool/ splash pad

Upscale frisbee golf course with walking trails/picnic areas

Parking!

summer place dog space equipment run nature  
 resident court home see along  
 younger great please area trail splash leave move  
 restrooms park gate tree community  
 playground street road kids pad walk current willow  
 appreciate like path people need bike  
 next love type peaceful use nice amenities play

A splash pad would be nice for the summer or a community pool.

Instead of concentrating on additional parks, lets concentrate on the very old infrastructure in the older parts of Willow Park i.e. drainage ditches, street replacement, clear street signage at ever intersection, code enforcement.

There are a lot of ruts in the fields where teams practice such as baseball, soccer, and football. Many kids can get hurt because of these ruts/holes. It would be great if soccer the soccer fields did not take up so much of the park by the playground. There are two fields designated for them and sometimes three when the little kids move their nets around.

Don't carve up the large open spaces needed for sports practices.....and restrooms at Kings Gate please.

A municipal swimming pool/aquatic center would be AMAZING and a draw for a large area.

let's get some pickleball courts!

No more, until roads are fixed

Living in the Reseves at Trinity homes, people do not obey the leash law in Parker county! Please leave the park as peaceful as it is now. Do not make it big. Leave it a walking trail and now bike path. Clean up the Trinity River area that flows thru our neighborhood. It is so dirty and should be cleaned up. Just leave the area peaceful and clean. You need to start helping us with the current dogs off leash! It's a huge problem. We bought here for the trail and the peacefulness of the area! Quit trying to make it huge!

Thank you for asking! We love the new Kings Gate Park.

Don't spend our tax dollars on this

tie the parks together with bike trails

Restrooms are a must, as well as shaded areas so we can e joy the outdoors in summer months. I also think a dog park would be a huge bonus!

I would love to see an unpaved or paved walking/ bike ing trail along Ranch House Road.

Would be nice to have water/spray type area along with pickleball courts...

I have concerns about the potential use of Property ID: 111658 area for any type of picnic or recreational area other than what already exists at its current state. We purchased our home that saddles up next to this area with the promise that it would remain a greenbelt and walking trail only. I can imagine this being a detriment to the value of our home if we were to resell one day if this were to encourage larger foot traffic; I'm already seeing more people use my lawn to gain access to the trails or sidewalks just to avoid a few more steps from point A to point B. This being said, I hope there is no intent to add sitting areas near homes and that the initial idea of a disc golf course is no longer on the table.

Spend this money on Streets..something every one uses!

I have concerns about the potential use of Property ID: 111658 area for any type of picnic or recreational area other than what already exists at its current state. Our home is next to this area and would like to remain this area a greenbelt and walking trail only. Do not add picnic tables and shades where people will be loud have garbage in our area and destroy our peaceful residential area. No dog parks. People already don't pick up after their dogs and they don't put their dogs on a leash. There has been a time where we were chased by a dog off leash and my dog and I could have gotten attacked and the last did not live at the reserves.

Trails or walking path

We need more equipment for younger kids.

I am a resident of Trinity Reserves and enjoy the green space and walking trails. I believe adding disc golf and other buildings/amenities would take away from the peaceful nature walk that is currently in place that a lot of us enjoy.

It would be great to have indoor Pickleball courts in Willow Park!

Get normal playground equipment not whatever you currently have that my kids can't play on.

Having the ability for kids to "explore" in a safe environment is such an underrated experience. More areas like this would help our kids to explore.

Please more trees in Kingsgate Park!

The need for basketball/tennis/pickle ball or other sport courts is most important. This prevents residents from having to go to Weatherford or Fort Worth parks.

I appreciate Willow Park wanting to make these park improvements. We have so many new families moving in and this will encourage them to stay and encourage more people to move here. Many families come from areas that offered these amenities close by so it is wise to include them here to make them feel at home.

Splash pad !!

A splash pad would be great

Appreciate leadership's sensitivity to enhancing community needs

Please add walking paths and trails!!

Would like to see the green space west of the Bridge Street remain a green/natural park area. Swings and slides are much needed at the Kingsgate playground. Additional lighting along the pathways and with any future amenities for added safety after dark. Expand existing parking at kings gate park.

What are we improving adding to parks when are roads are literally falling apart.

I would love to see bathrooms and playground equipment more suited to toddlers and young children at Kings gate park, but leave the green space by the Reserves at Trinity neighborhood and plant more trees or blue bonnet/wildflower seeds in the big meadow around the walking path to enjoy nature. This would let people enjoy the amenities of the park and playground/sports courts at one end of the park, but able to "escape" on the other side. Thanks!

Fix the POT HOLES

Kings gate park It's such a nice area for a kids park, but the equipment that is actually in place is not good for little kids. The soccer areas also are just full of weeds and ant beds which makes them not ideal for the kids to play.

a splash pad would be nice.

I don't use the parks at all

Wish there was a safe path down Ranch House to bike/run/walk.

Skate park, splash pad

keep it up

A community running group. Running with your pet group.

The City needs to focus on real needs of its residents and a parks system is not high on that list. Infrastructure improvements like water system, roads, sewage waste, outdoor lighting at night, movement of water run off after rains instead of it puddling on roads ways for a few examples.

More swings, slides and climbing structures

Shade trees for the summer

Listen to residents!
