**Re: Mayor Teresa Palmer**

Dear Mr. Messer:

As you know, the undersigned firm of attorneys represents Mayor Palmer with regard to certain serious allegations made by council members in their capacity as City Council members for the City of Willow Park. Because of the serious allegations by what appears to be a group of City Council members, Mayor Palmer was required to have legal representation present at the City Council meeting and was forced to seek legal advice.

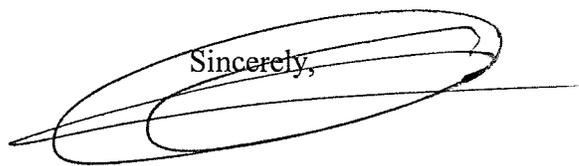

I understand in small towns politics sometimes becomes emotional and occasionally really good folks make mistakes with regard to certain things they may believe is acceptable. I do not want to escalate this but I have every intention of doing so if we are unable to resolve this issue.

In the meantime, enclosed please find our invoice for the time spent on this one small day. I have chosen not to bill for the preliminary research or the preliminary drafting which predated the meeting. Obviously, I am justified in billing that as well but it seems that there needs to be a recalibration of certain approaches by the City of Willow Park Council members. We live in a really small community and despite what some people may think, there are numerous interconnections between individuals in our community. Nothing is ever a secret.

Thank you.
