Initial thoughts on immediate issues facing Willow Park

Growth in our town is inevitable, and it needs to be managed properly.

Appropriate infrastructure improvements have to be in place to facilitate that growth, and should be timed ahead of that growth or at least concurrently.

Parks and other public spaces are important as growth occurs to maintain Willow Park's quality of life.

Growth should be measured, managed, planned and properly funded.

We need to be a city that businesses and other partner municipalities want to work with. Cooperation is better than confrontation.

Growth should be geared to increase our tax base (property tax, sales tax), which can fund additional infrastructure improvements to roads, parks, streetlights, water, etc.

The bottom line goal is an improvement to quality of life across all of Willow Park.

As a longtime member of the community, I have a vested interest in the health and well-being of our city. My family has put down roots here – our kids know Willow Park as home. I'm open to discussion on any topic that is relevant to city governance. I don't have any kind of agenda, other than contribute to the improvement of Willow Park and the quality of life of its citizens as we navigate the challenges ahead.

Please do not hesitate to reach out if you need additional information. My cellphone is 817.637.3986.

Thanks again,
