

Parks and Recreation Advisory Board Staff Report

Date: May 8, 2025

From: Parks and Recreation Staff

Subject: Memorial Park Universal Design Playground Review

Recommended Action:

Discuss the three proposed designs and give feedback on layout, play amenities, site features and color scheme.

Background and/Or Process:

The City of Wilsonville requested proposals for the replacement of the Memorial Park playground from select playground vendors who were current members of one of the following cooperative purchasing program: (1) Houston-Galveston Area Council (HGACBuy); (2) King County Directors' Association (KCDA); (3) National Association of State Procurement Officials (NASPO); (4) National Purchasing Partners Government (NPPGov); (5) Omnia Partners; (6) Oregon Buys; or (7) Sourcewell.

In addition to the replacement of the primary playground within Memorial Park, the request for proposal also included replacement of the secondary playground within Memorial Park, which is currently a swing bay.

Five submissions were submitted, and after review by the evaluation committee, Buell Recreation moved forward as the successful proposer.

Community feedback was given on the three different designs at our Community Egg Hunt event.

Fiscal Impact:

There will be no fiscal impact to the City's budget as this project is intended to be 100% grant funded with Local Government Grant funds, covering half, and Land and Water Conversation funds covering the other half.

The total cost of successful proposal was \$1,098,126.90.

Next Steps:

Incorporate community, board and staff feedback into final design before moving forward with construction winter 2025.
