AGENDA ITEM	ACTIONS	
SPECIAL MEETING	START: 12:00 p.m.	
A. Appeal of DRB Resolution No. 432, A Resolution Denying the Proposed Occupant's (The Home Depot) Proposed Use at 29400 SW Town Center Loop West is a Continuation of the Existing Non-Conforming Use in Case File No. DB24-0003 (Planning Director Referral of AR23-0031).	Council moved and passed 5-0, the attached Order on Appeal for Development Review Board Resolution No. 432.	
ADJOURN	3:56 p.m.	

ORDER ON APPEAL: DEVELOPMENT REVIEW BOARD RESOLUTION NO. 432

WHEREAS, on December 15, 2023, the City received an application for Class II Review with respect to the real property located at 29400 SW Town Center Loop West (respectively, the "Location") from applicant/appellant Dan Zoldak, of Lars Andersen & Associates, Inc. ("Appellant") (this application is referred to as "AR23-0031" in City records); and

WHEREAS, in its application, Appellant requested a "Class II Staff Interpretation to confirm that The Home Depot and Fry's Electronics are both warehouse retail uses" at the Location, and alternatively, a "staff interpretation of the Wilsonville Development Code to confirm that The Home Depot store proposed for [the Location] constitutes a warehouse retail use and may operate in the existing structure"; and

WHEREAS, the City processed the Appellant's application as a request to confirm that the Home Depot's (the "Proposed Occupant") proposed use of the Location will constitute a <u>continuation</u> of the non-conforming use, as provided in Wilsonville Code (WC) Section 4.189(.01), which existing nonconforming use was confirmed in the related but separate Class I decision relating to the Location (which was established by the Development Review Board ("DRB") in Resolution No. 429, and later confirmed by Order on Appeal by City Council dated April 15, 2024); and

WHEREAS, the Planning Director referred the application to the DRB for a public hearing per WC 4.030(.01)B., and did not issue a Planning Director's decision; and

WHEREAS, the DRB held a public hearing on April 8, 2024 (this proceeding is referred to as "DB24-0003" in City records); and

WHEREAS, the DRB closed the public hearing on April 8, 2024, but kept the written record open to allow the submission of evidence and legal argument, and reconvened to consider the application and issued a decision on April 24, 2024; and

WHEREAS, on April 24, 2024 the DRB unanimously adopted Resolution No. 432; and

WHEREAS, during its regularly scheduled meeting on May 6, 2024, anticipating that Appellant would appeal Resolution No. 432, City Council adopted an order establishing the scope of this appeal proceeding and the procedure that City Council would follow during the appeal proceeding, and set May 17, 2024 at 12:00 p.m. as the date and time of the appeal proceeding (the "Procedural Order"); and,

WHEREAS, on May 7, 2024, Appellant submitted the document titled "Appellant's Notice of Appeal" to the City (the "Notice of Appeal") within the prescribed appeal period; and

WHEREAS, City Council held an appeal proceeding to address this matter on May 17, 2024 in accordance with the Procedural Order; and,

WHEREAS, all references to the "staff report" in this order are to the staff report prepared

by staff for the May 17, 2024 titled "Order on Appeal: DRB Resolution No. 432" (the "Staff Report") and all citations in the following findings are to the attachments to this Staff Report.

FINDINGS:

- 1. The foregoing recitals are hereby incorporated as findings of the Council, as if fully set forth herein.
- 2. As of the date of this order, the recognized non-conforming use at the Location is "a 159,400 square-foot electronics-related retail store," which was determined by the DRB Decision in Case File DB24-0002 (Resolution No. 429), and affirmed by Council in its Order on Appeal dated April 15, 2024 (the "Recognized Non-Conforming Use"). Council finds re-argument of the settled issue of the Recognized Non-Conforming Use in the Class I land use proceedings irrelevant to this decision.
- 3. Appellant describes itself as a "home improvement warehouse store" (Attachment 3b, page 89), which is not the same as an "electronics-related retail store."
- 4. Appellant has the burden of proof in this appeal to establish that the Proposed Occupant's proposed use of the Location would be a continuation of the Recognized Non-Conforming Use at the Location. Council finds that Appellant has not satisfied its burden of proof for the following reasons:
 - a. Council finds that Appellant relies on evidence irrelevant to this Class II Review, including: (1) the exhibits attached to Appellant's April 15, 2024 "Open Record Submittal" to the DRB, (2) discussion of the Town Center Plan and related zoning, and (3) the document referred to as the "1991 Decision" throughout these proceedings (Attachment 3b, pages 94-254). Council finds the reasoning on pages 14-17 of the Staff Report persuasive.
 - b. Proposed Occupant proposes to engage in the following activities at the Location, and there is no evidence in the record that establishes that the Current Occupant engaged in these activities at the Location as of June 5, 2019. Regardless of any ancillary commonalities that may be shared by Proposed Occupant and Current Occupant, these activities amount to a "fundamental change in the nature of the use" and go beyond the scope of the Recognized Non-Conforming Use. See Hendgen v. Clackamas Cnty., 115 Or App 117, 121 (1992). The ancillary commonalities are insufficient to compel the Council to grant the relief that has been requested by Appellant.
 - i. Based on the document titled "Applicant's Narrative and Exhibits Demonstrating Compliance with the Relevant Approval Criteria," which was submitted by Appellant to the DRB, Proposed Occupant plans to sell tools and construction products (Attachment 3b, page 89). This description is supported by photos showed during Appellant's presentation at the DRB public hearing on April 8, 2024 (Attachment

3b, pages 468-484), which showed images of merchandise, often stocked floor-to-ceiling, that included large electric power tools, floor polishers, tools, hardware, chainsaws, flooring, paint, cleaning products, windows and doors, large household appliances (e.g. washing and drying machines, refrigerators), light fixtures and lighting systems, saw blades, and patio furniture. There is no evidence in the record of Current Occupant selling these products, or even these types of products. Further, the as-built floor plan submitted by the Current Occupant to the City's Building Division in 2014 (Attachment 3b, page 15) supports this assessment; the only similar type of product shown on this floor plan is small appliances, which are not the same as large household appliances such as washing and drying machines. The as-built floor plan predates the date of non-conformance by five years, which lessens the weight Council assigns to this evidence. However, Council finds it more credible than other evidence submitted by Appellant that is: (1) not from the Location (i.e., other Fry's Electronics stores), (2) earlier in time, and/or (3) fails to demonstrate that the Current Occupant and the Proposed Occupant engaged in the same retail sales.

- ii. Proposed Occupant plans to have a garden center (i.e., a nursery that sells live plants). The site plan included in Appellant's application materials shows a garden center at the front of the building (Attachment 3b, page 256). During the DRB public hearing on April 8, 2024, Barry Simmons, a real estate manager for the Proposed Occupant, acknowledged that there would be a garden center with "live goods" inside the existing building (Attachment 5, page 10). A garden center that contains live plants would require some kind of irrigation or watering. There is no evidence in the record of Current Occupant selling these types of products, or anything live that required irrigation or watering.
- iii. Proposed Occupant would have at least some operations outside of the existing building at the Location. The site plan included in Appellant's application materials shows a "lumber pad" at the back of the building (Attachment 3b, page 256). The extent of the activities that would occur in this area is not clear. During the DRB public hearing on April 8, 2024, Barry Simmons stated that the lumber pad area would be used to unload heavier products off of a flatbed truck, and that it would not be used for exterior storage (Attachment 5, page 10). There is no evidence in the record of Current Occupant having any operations outside of the building that currently exists at the Location, whether for receiving, unloading, temporary storage, or for some other purpose. Although the extent of these activities is unclear, Council must rely to some extent on what has been represented in Appellant's initial application materials.
- iv. Contractors and other home improvement professionals would account

for close to half of the Proposed Occupant's annual sales (Attachment 3b, page 90). There is no evidence in the record of Current Occupant selling to contractors or other home improvement professionals.

- c. During the DRB public hearing on April 8, 2024, Barry Simmons suggested that Proposed Occupant would probably invest about \$20 million into redeveloping the Location, including upgrading roads, the water system, sewer system, and called the project a "redevelopment" (Attachment 5, page 14). This statement strongly suggests that Proposed Occupant's plans involve significant changes to the Location, which go far beyond a mere continuation of nonconforming use.
- 5. Appellant failed to preserve any argument regarding the utilization of both Class I and Class II review processes in this matter. Assuming, without acknowledging, that the argument was preserved, WC 4.030(.01)A.7. states that confirmation of an existing non-conforming use is subject to a Class I Review, not the determination whether a proposed use is a continuation of an existing non-conforming use. A Class II Review is required for determining continuation of existing non-conforming use, as explained in the Staff Report. Further, Council finds that City staff proposed that Appellant withdraw its Class I application, while preserving its arguments concerning existing non-conforming use, in order for the Class I and Class II applications to be processed together, and Appellant refused (Attachment 3b, pages 63-65).
- 6. DRB followed correct procedures, and in particular, the DRB did not err when it adopted the staff report dated April 1, 2024 for the reasons stated on pages 2-3 of the Staff Report. DRB properly applied the relevant Wilsonville Code provisions, including, but not limited to, WC 4.030 and 4.189, as evidenced by findings A5 through A11 of DRB Resolution No. 432.
- 7. For the reasons provided in the Staff Report, Council finds Appellant's arguments unpersuasive regarding: (a) parking spaces and traffic impacts, (b) certificates of occupancy, (c) the 1991 Decision, (d) the 1992 CCRs, (e) current Town Center zoning regulations; (f) the "codification" rule and, relatedly, Ordinance No. 55; and (g) the "common nucleus" test.

IT IS THEREFORE ORDERED, by the City of Wilsonville City Council, at its special meeting on this 17th day of May 2024, that the Development Review Board decision in Resolution No. 432 is affirmed, and further, that this was the correct and appropriate decision made based on applicable laws, policies, and standards. The Appeal is therefore respectfully denied.

DATED this 17th day of May 2024.
