

Diversity, Equity and Inclusion (DEI) Committee Staff Report

Date: February 10, 2026

From: Zoe Mombert, Assistant to the City Manager

Subject: Clackamas Community College Partnership Opportunity

Recommended Action

The DEI Committee should consider whether or not they would want to participate in and promote Clackamas Community College cultural events?

Draft Motion

“I move to partner with Clackamas Community College, by promoting and participating in their 2026 cultural events.”

Background

The DEI Committee strives to create a sense of belongingness for all community members. The committee does this by providing educational and cultural events. In 2026, the committee has the opportunity to promote and participate in events hosted by Clackamas Community College (CCC). This is in alignment with committee goal “work with other cities/school district to elevate, promote, support or partner in the development of cultural events.”

The CCC Summer Connections event is a free community event featuring a resource fair, entertainment and food. The event honors Juneteenth and Pride. The 2026 event will take place on May 30, 1 – 4pm, at the Oregon City CCC campus.

The CCC Indigenous Peoples Day event highlights the local Indigenous Community. The event includes entertainment, food and an Indigenous artisan products market. Additional details will become available later in the year.
