CAPTION (10-word maximum)

(8 words)

QUESTION (20-word maximum)

Should the Charter be amended to not count days of an appointment to Council when less than 365.25 days?
(19 words)

SUMMARY (175-word maximum)

The Measure would amend the Wilsonville City Charter to clarify the calculation of years of service relating to term limits. If passed, the Measure would not count the number of days served during an appointment to Council to fill a vacancy when the number of days served during the appointment are less than 365.25 days.

The existing City Charter calculates how many years a person served in a 20-year period by determining the aggregate number of days served on Council within the 20 years prior to commencement of the proposed term and then attributing a year of service for every 365.25 days of service within that period. The Charter does not state whether service on Council for less than 365.25 days equals a year of service when determining the number of years of service. The measure would clarify that if a person is appointed to fill a vacant position on the City Council for less than 365.25 days, the days attributable to filling the vacancy are not counted toward the calculation of years of service.
