

# City of Wilsonville Emergency Operations Plan (EOP) Update

## Council Briefing January 5, 2026

# What is the EOP?

The City of Wilsonville Emergency Operations Plan serves as the foundational plan for the City's emergency management program.

It provides a multi-hazard approach to how the City will conduct emergency operations.

# What is New in the 2025 Update?

- Full Plan Refresh – Reflects current City organization, authorities, capabilities, and partnerships.
- Community Lifelines Integration – Framework for identifying what must be protected during emergencies.
- Enhanced EOC Concept & ICS Support – Updated approach for EOC operations and stronger ICS implementation guidance.
- Refreshed Annexes – Includes a new Extreme Heat Annex and updates to functional and incident annexes.

# Process and Engagement

The Emergency Operations Plan was developed over nine months with a deliberate focus on engaging City departments and external partners throughout the process.

# Plan Organization

The EOP is organized in three primary parts:

- Basic Plan with Appendices
- Functional Annexes
- Incident Annexes

# Basic Plan with Appendices

## Chapter

1. Introduction
2. Risk and Resilience
3. City Emergency Management Program
4. Concept of Operations
5. Incident Management
6. Partner Organization and Cooperation
7. Program Sustainment

## Appendix

- A-1 References and Resources
- B-1 Community Lifeline Summary
- D-1 Emergency Declaration Authority and Materials

# EOP Functional Annexes

-  ESF 15 – Public Information

## Emergency Services

### Associated Emergency Support Functions

-  ESF 2 – Communications
-  ESF 4 – Firefighting
-  ESF 9 – Search and Rescue
-  ESF 10 – Hazardous Materials
-  ESF 13 – Law Enforcement

## Infrastructure Services

### Associated Emergency Support Functions

-  ESF 1 – Transportation
-  ESF 3 – Public Works
-  ESF 12 – Energy
-  ESF 17 – Cyber and Infrastructure Security

## Health and Human Services

### Associated Emergency Support Functions

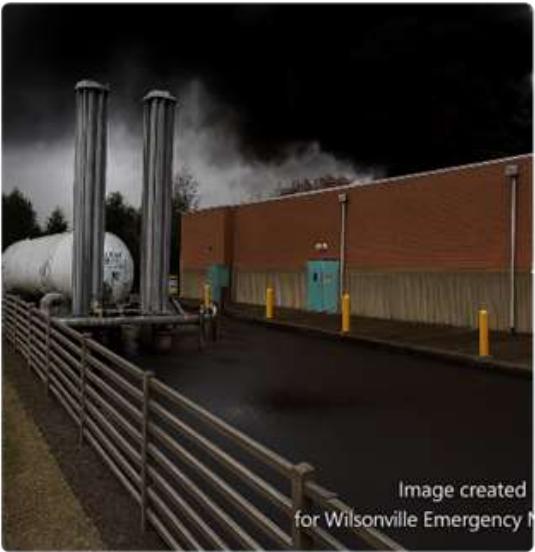

-  ESF 6 – Mass Care
-  ESF 8 – Health and Medical
-  ESF 11 – Agriculture and Animal Protection
-  ESF 16 – Volunteers and Donations

# EOP Functional and Incident Annexes

## Incident Annexes

- Earthquake (including Landslide)
- Severe Weather
- Hazardous Materials
- Flood (including Dam Failure)
- Major Fire
- Transportation Accident
- Volcano
- Terrorism
- Extreme Heat - **NEW**

# Tabletop Exercise

## MODULE 1: READINESS

## MODULE 2: EMERGENCY OPERATIONS CENTER ACTIVATION

## MODULE 3: RESPONSE STRATEGIES

### Anatomy of a Module

Each module consists of the following elements:

**Scenario Update** that presents the expanding scenario

**Situation Status Update** organized using Community Lifelines

**Player Discussion** using simulated activities and discussion questions

# Exercise Key Takeaways

## **Strengthen Operational Capability**

- Test dual-location operations (City EOC + ICP at Public Works).
- Move from discussion-based to operational exercises.
- Annual setup drills; progress to functional exercises.
- Include: Ability to support 24-hour operations with integrated shift change component.

## **Advance Planning Cycle & Tools**

- Focus: Understand the planning cycle and integrate Community Lifelines.
- Develop tailored templates for SitReps, agendas, and IAPs aligned with ICS and city structure.

## **Deepen External Partnerships**

- Focus: Create space for support departments to practice their roles.
- Expand collaboration with agencies for critical services (e.g., Red Cross, Clackamas County).
- Enhance capabilities of supporting departments.

# QUESTIONS?
