

## **Diversity, Equity and Inclusion Committee Staff Report**

---

**Date: March 10, 2026**

**From: Zoe Mombert, Assistant to the City Manager**

**Subject: Little Free Library Art Review**

### **Recommended Action:**

Review the mural planned for the Little Free Library at Boones Ferry Park.

### **Background and Process:**

The Library Foundation invited the Committee to support and steward the planned Little Free Library (LFL) at Boones Ferry Park near the inclusive playground. The committee enthusiastically supported the project and steward the program at their March 11, 2025 meeting. The stewardship agreement was completed in May 2025.

The LFL will be a larger version of the normal box and include books that focus on diversity. A plaque identifying the support of the DEI Committee is expected to be added to the LFL. Also, to make the LFL extra special, Kristi Park, volunteer and coordinator for Wilsonville's LFL program worked with Wilsonville High School Students to commission a mural for the exterior of the physical LFL box. Ms. Park is seeking the committee's feedback on the design to ensure that it is inclusive, and the committee does not see any potential errors or omissions.

### **Next Steps:**

The committee will provide feedback and become the steward of this LFL upon its installation.
