Nuisance Code (Chapter 6) Amendments**

4.113 Residential Development in Any Zone

(.07) Fences:

...

E. When fences create an enclosed side yard area five feet or less in width, gates or other openings shall be provided creating a through connection to either a rear yard or alley.

Amendment Description:	Special nuisance regulations for narrow side yards
Applicability:	Citywide, including existing development
Impacted Code Section(s):	6.221 (new)
Relationship to Frog Pond East and South Master Plan:	Accommodates a variety of housing configurations as called for in the Master Plan and associated side yard configurations.
Rationale for Amendment Text:	This language, together with new language in Chapter 4, Subsection 4.113 (.07), above, provides a simple means to ensure narrow fenced areas are maintained and do not become nuisance areas. The concept is that ensuring access will increase use and with increased use there is a greater propensity for maintenance, and if maintenance does not happen there is a specific code provision to address the issue.
Impact on Housing Cost:	Adding a gate creates a minimal cost increase while supporting a clear public policy objective. The requirement applies to all residential types the same.
Compliance Notes:	Not driven by any compliance standards, however supports clear and objective standards for housing as required in ORS 197.307 (4).
