Item Name A RESOLUTION APPROVING A TASK ORDER FOR
DESIGN ENGINEERING SERVICES FOR THE SWIFT
STREET WATER MAIN RECONSTRUCTION PROJECT Committee or Board Board

BUDGET IMPACT

Amount:	N/A	Budgeted:	N/A
List what fund:	N/A		

EXECUTIVE SUMMARY

The Village Board previously approved a task order for design engineering services related to the Swift Street Water Main Reconstruction Project at its January 21, 2026 meeting. Village staff held a project kickoff meeting with Fehr Graham on February 6, 2026, and design work is currently underway by the Village Engineer.

The Village is now proceeding into the bidding phase of the project. The project is scheduled to be posted for bid on May 1, 2026, with bids due and opened on May 18, 2026 at 10:00 a.m. Following the bidding process, results will be presented to the Village Board at the May 20, 2026 meeting for consideration of bid award and authorization to proceed with construction.

The anticipated construction schedule includes substantial completion by September 11, 2026, and final completion by September 18, 2026.

This project will replace aging and outdated transite water main infrastructure along Swift Street, resolve long-standing hydraulic issues, and support the Village's broader effort to improve water system reliability and public health through phased investment in critical utility upgrades.
