# CivicServe
Economic Development Technologies

INCENTIVES
MODULE

Designed to complement CivicServe core platform for CRM, project and lead management. This module centralizes operations, engagement and reporting on incentive activities.

Progress City Incentive Programs

PURPOSE-BUILT SOLUTION WITH OPTIONS TO MANAGE:

Economic Development Incentive Programs
Manage all of your incentive programs including abatements, districts, TIFs, grants, zones, PILOTs and more

Incentive Applications
Digitize applications and project documents with a feature to score projects against strategic goals

Project Timelines
Enable transparency across project timelines and manage projects throughout the entire lifecycle

Agreement Compliance
Notify all parties of responsibilities and obligations; Collect required materials

Incentive Reporting
Streamline collection of parcel and assessment data; Satisfy local, state and federal reporting requirements

THE *ONLY* ONE WITH:

Multi-Agency Architecture
✓ Enable collaboration across all economic development partners (government teams, EDOs, consultants, etc.)
✓ Tie team and partner agency activities to strategic goals
✓ Centralize incentive program communication and files

GIS Integration
✓ Verify incentive application eligibility by address
✓ Report incentive activities and outcomes by district, ward, zip code and custom boundaries

Template Libraries
✓ Digitize incentive programs, forms and processes with peer templates for reference
✓ Launch best practice incentive activities in minutes
✓ Automate incentive notifications and KPI collection
