Re: Engineering & Surveying Services Proposal for Water Distribution System Loop Lines
Wolfforth, Texas

Dear Mr. Criswell:

This engineering and surveying proposal is for the water distribution system loop lines. The proposed total cost is as follows:

1. Engineering Surveying Services:

Scope of Work:

This project consists of the design and surveying required to install water distribution lines in preparation for the new EDR Treatment Plant. Services include evaluation of the existing distribution system to determine the most cost effective practical locations for the distribution lines. Provide land surveying services for land acquisition and topographic surveying services for design. Prepare design and construction package, project estimating and the preparation of bid packages.

The proposed total cost for the referenced project is as follows:

- | | |
|---|------------------|
| • Surveying Services: | \$25,000 |
| Includes boundary survey for land acquisition, topographic survey for design purposes and construction staking. | |
| • Engineering Design Services: | \$175,000 |
| Includes engineering design along with TCEQ submittal and approval. | |
| • Construction Engineering Services: | \$25,000 |
| Includes construction management, inspection, testing management and review and approval of pay applications. | |
| Total: | \$225,000 |

OJD Engineering
The Benchmark

Any work beyond the scope of work shall be negotiated under a separate agreement or under the attached fee schedule.

If you have any questions concerning this proposal, please don't hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Michael J. Adams'.

Michael J. Adams, P.E.
