

AGENDA ITEM COMMENTARY

MEETING NAME: City Council Meeting
MEETING DATE: January 22, 2024
ITEM TITLE: Consider and take appropriate action on approval of payment to Allen Doggett Construction for WWTP aeration repairs.
STAFF INITIATOR: Randy Hall, Public Works Director

BACKGROUND:

Recently, two aerators at the wastewater treatment plant stopped functioning within days of each other. One of the aerators was about 20 years old and an entire new aerator, motor, pump, and float had to be replaced. On the other aerator, only the pump and motor had to be replaced. Aeration is a critical component of our treatment process, so these repairs/replacements were made immediately. Attached is the invoice for the replacement of these parts and labor, totaling \$24,977.10.

EXHIBITS:

1. Invoice from Allen Doggett Construction

COUNCIL ACTION/STAFF RECOMMENDATION:

Staff recommends approval of payment for work performed to Allen Doggett Construction.
