

AGENDA ITEM COMMENTARY

MEETING NAME:	City Council
MEETING DATE:	December 1, 2025
ITEM TITLE:	Consider and take appropriate action on request from Public Utility Commission for City of Wolfforth to accept Temporary Manager appointment for Casey Home Estates Water System
STAFF INITIATOR:	Randy Criswell, City Manager

BACKGROUND:

Early in November, we received an email from Mr. Nima Momtahan from the Public Utility Commission of Texas, requesting that we have a conversation with him about a small private water system south of town called the Casey Home Estates Water Utility. I agreed to the request, and Rick, Randy and I visited with Mr. Momtahan on November 7. The PUCT is looking to appoint a Temporary Manager for the Casey system due to the desire of the current owner to relieve itself of the system.

A Temporary Manager would be responsible for managing the system, including meter reading, billing, collections, etc. In return, the Temporary Manager would receive \$15/month/connection.

I promised Mr. Momtahan we'd have an answer for him after the Council was able to discuss the matter, since, clearly, taking on another system would be a policy decision the Council would need to make.

EXHIBITS:

Original email from PUC

COUNCIL ACTION/STAFF RECOMMENDATION:

Council direction.
