

AGENDA ITEM COMMENTARY

MEETING NAME:	City Council
MEETING DATE:	November 3, 2025
ITEM TITLE:	Demonstration of new online public budget interface
STAFF INITIATOR:	Randy Criswell, City Manager

BACKGROUND:

Throughout the budget process you were seeing for the first time the new look and feel of ClearGov, our new budget system. One thing that I told you about, but you haven't seen yet is the transparency and interactive capability of the ClearGov website. I've asked Brandon Lopez, our TTU MPA student intern, to provide you with a brief view of what the customer interface looks like. I think you'll be impressed and as proud as we staff are. This level of professionalism and transparency is something all cities strive for and few achieve.

EXHIBITS:

COUNCIL ACTION/STAFF RECOMMENDATION:

Demonstration only – no action to be taken.
