This Agreement shall serve as guidance for the review and approval of any additional variances or other municipal authorizations not specifically included in this Agreement Which must hereafter be approved by all required City boards and commissions and the City Council.

- (a) Except as otherwise noted herein or in the exhibits hereto, the City confirms that the Conceptual Plan attached as Exhibit B complies with the City's 2020 Vision-Master Plan for the City of Woodcreek and that the Conceptual Plan has been approved by all requisite City departments, boards and commissions and by the City Council. The City approves the land uses, densities, reservations of land for public purposes, exceptions, utility and roadway alignments and sizing and other matters shown on the Conceptual Plan. The City's execution of this Agreement shall be deemed to be the approval of the Conceptual Plan, Exhibit B on which the Final Plat and Subdivision Construction Plans for development of the Property will be based.
- (b) The parties specifically agree as follows:
- (i) The public right-of-way (ROW) along the proposed dead-end street shall be a minimum of thirty feet (30') wide;

- (iv) The minimum lot depth for single-family lots shall be one hundred & twenty feet (120')
- (v) There shall be no minimum lot width or area for the Open Space or Drainage & Water Quality lots.

4.2.3 Density of Development. The Property shall not have more than 22 single-family residential units under the Development Plan.

4.2.4 Land Use. For purposes of this Agreement the following shall be allowed within the Property: single family residences (and related accessory structures as hereafter approved by the City upon Owner request); passive recreational features and amenities; water and wastewater facilities; drainage, detention and water quality facilities; and roads, trails and other vehicular access facilities.

4.2.5 Impervious Cover. Owners shall have the right to apportion impervious cover limits on a use by use basis, not to exceed thirty-five percent (35%) on the entire Property. Owners may apportion such limits as they deem desirable so long as the overall limitation herein specified is not exceeded. Owners may count in density and impervious cover calculations land designated as greenbelt, open space, mitigation land or similar areas.

4.2.6 Phasing of Development. The Project may be developed in phases. The calculation of impervious cover and similar requirements shall be determined and calculated on a whole-project basis. Each plat filed with the City shall contain a chart indicating: (a) the amount of impervious cover required for the entire Property, (b) the amount associated with prior platted areas, and (c) the amount associated with the area subject to such plat. So long as this Agreement remains in effect, such re-platting shall be deemed controlled by this Agreement as if the same were an original platting of such re-platted portions.

4.3 Standard for Review. The City's review and approval of any submissions by Owners will not be unreasonably withheld or delayed. The City will review any plans, plat or other filing by Owners in accordance with the applicable City's ordinances, state law and this Agreement. If any submittal is not approved, the City will provide written comments to Owners specifying in detail all changes that will be required for the approval of the submittal.

4.4 Approvals & Appeals. The City acknowledges that timely City reviews are necessary for the effective implementation of Owners' development program. Therefore, the City agrees that it will comply with all statutory and internal City time frames for development reviews. The City further agrees that if, at any time, an impasse has been reached with the City staff on any development issue affecting the Project or if Owners wish to appeal any decision of the City staff regarding the Project; then Owners may immediately appeal in writing to the Board of Adjustment, and the process in the City's code of ordinances shall be followed.

4.5 Conceptual Plan Amendments.

4.5.1 Due to the fact that the Project comprises a significant land area and its development will occur in phases over a number of years, modifications to the Conceptual Plan may become necessary due to changes in market conditions or other factors. In order to provide flexibility with respect to certain details of the development of the Project, Owners may seek changes in the location and configuration of the residential use lots shown on the Conceptual Plan, including changes within the proposed residential, mitigation or open space areas shown on the Conceptual Plan. Such changes will only require an administrative amendment to the Conceptual Plan so long as (1) the Impervious Cover requirements herein are met; (2) there are no changes to the density of the project; and (3) such changes do not materially alter the Conceptual Plan.

4.5.2 The City Manager shall be responsible for consideration and approval of such administrative amendments to the Conceptual Plan. The City Manager may defer such approval to the City Council at the City Manager's discretion. Further, minor changes, as determined by the City Manager, that are proposed for the Conceptual Plan that do not result in (1) an increase in the overall density of development of the Property; (2) increase of the Impervious Cover Percentage of the Project; (3) material change to the Conceptual Plan; and (4) which otherwise comply with the Applicable Rules and this Agreement may be approved by the City Manager. Similarly, minor variations of a preliminary plat or final plat from the Conceptual Plan that are approved by the City Manager that do not increase the overall density of development of the Property or increase the overall Impervious Cover limits of thirty-five percent (35%) on the Residential Area, and which otherwise comply with the Applicable Rules and this Agreement, will not require an amendment to the Conceptual Plan.

4.6 Term of Approvals. The Conceptual Plan, the Project Approvals, and any preliminary plat or final plat approved pursuant to this Agreement will be effective for the term of this Agreement unless otherwise agreed by the Parties.

4.7 Extension of Permits & Approvals. Any permit or approval under this Agreement or granted by the City pursuant to, or in accordance with, this Agreement shall be extended for any period during which performance by any Owners are prevented or delayed by action of a court or administrative agency, or any Owners are delayed due to failure to receive a governmental permit despite demonstrable diligent efforts to obtain said permit.

4.8 Building Code. Owners agree that all habitable buildings shall be constructed in accordance with all building or construction codes that have been adopted by the City. Fees for all building permits or building inspections by the City or the City's designee under this section shall be paid by builders. Building permit and building inspection fees are not included among the fees specifically listed in this Agreement, and therefore are subject to the current fee schedule at the time of application.

4.9 Deed Restrictions. Owners agree that all restrictive covenants for the Project shall reinforce the provisions of this section and applied to all builders and subsequent buyers and shall be appropriately drafted and filed to effectuate this intent and Agreement.

SECTION 5. AUTHORITY

5.1 Term.

5.1.1 Initial Term. The term of this Agreement will commence on the Effective Date and continue for fifteen (15) years thereafter ("Initial Term"), unless sooner terminated under this Agreement. This Agreement may be extended for a longer duration not to exceed an additional five (5) years upon mutual agreement of the Parties.

5.1.2 Expiration. After the Initial Term and any extension, this Agreement will be of no further force and effect, except that termination will not affect any right or obligation arising from Project Approvals previously granted.

5.1.3 Termination or Amendment. This Agreement may be terminated or amended as to all of the Property at any time by mutual written consent of the City and Owners or may be terminated or amended only as to a portion of the Property by the mutual written consent of the City and the Owners of only the portion of the Property affected by the amendment or termination.

5.2 Authority. This Agreement is entered under the statutory authority of Chapter 212, Subchapter G, Local Government Code. Except as may be otherwise provided in Section 2.4 hereof, the Parties intend that this Agreement guarantee the continuation of the extraterritorial status of portions of the Property as provided in this Agreement; authorize certain land uses and development on the Property; provide for the uniform review and approval of plats and development plans for the Property; provide exceptions to certain ordinances; and provide other terms and consideration, including the continuation of land uses and zoning upon annexation of any portion of the Property to the City.

5.3 Right to Continue Development. In consideration of Owners' agreements hereunder, the City agrees that, during the term of this Agreement, it will not impose or attempt to impose: (a) any moratorium on building or development within the Project, or (b) any land use or development regulation that limits the rate or timing of land use approvals, whether affecting preliminary plans, final plats, construction plans, building permits, certificates of occupancy or other necessary approvals, within the Project. No City-imposed moratorium, growth restriction, or other limitation affecting the rate, timing or sequencing of development or construction of all or any part of the Project will apply to the Property if such moratorium, restriction or other limitation conflicts with this Agreement or would have the effect of increasing Owners' obligations or decreasing Owners' rights and benefits under this Agreement. This Agreement on the part of the City will not apply to temporary moratoriums uniformly imposed throughout the City and ETJ due to an emergency constituting an imminent threat to the public health or safety, provided that the temporary moratorium continues only during the duration of the emergency.

5.4 Equivalent Substitute Obligation. If either Party is unable to meet an obligation under this Agreement due to a court order invalidating all or a portion of this Agreement, preemptive state or federal law, an imminent and bona fide threat to public safety that prevents performance or requires different performance, subsequent conditions that would legally excuse performance under this Agreement, or, the Parties agree to cooperate to revise this Agreement to provide for an equivalent substitute right or

obligation as similar in terms to the illegal, invalid, or unenforceable provision as is possible and is legal, valid and enforceable, or other additional or modified rights or obligations that will most nearly preserve each Party's overall contractual benefit under this Agreement.

SECTION 6. GENERAL PROVISIONS

6.1 Assignment & Binding Effect.

6.1.1 Binding Assignment. This Agreement, and the rights and obligations of Owners hereunder, may be assigned by Owners to a subsequent purchaser of all or a portion of the undeveloped property within the Project. Any assignment must be in writing, specifically describe the property in question, set forth the assigned rights and obligations, that the assignee assumes all of the obligations hereunder, be executed by the proposed assignee, and be approved by the City. A copy of the assignment document must be delivered to the City and recorded in the real property records as may be required by applicable law. Upon any such assignment, the assignor will be released of any further obligations under this Agreement as to the property sold and obligations assigned, save and accept and liability that may have accrued prior to assignment. The obligations created by this Agreement shall run with the Property. Reference to this Agreement shall be included in restrictive covenants for Property divided and conveyed.

6.1.2 Non-severability of Assignment. If Owners assign their rights and obligations hereunder as to a portion of the Project, then the rights and obligations of any assignee and Owners will be non-severable, and Owners will be liable for the nonperformance of the assignee and vice-versa. In the case of nonperformance by one developer and/or owner, the City may pursue all remedies against that nonperforming developer, even if such remedies will impede development activities of any performing developer as a result of that nonperformance.

6.1.3 Title Encumbrance. The provisions of this Agreement will be binding upon, and inure to the benefit of the Parties, and their respective successors and assigns. This Agreement will not, however, be binding upon, or create any encumbrance to title as to, any ultimate consumer who purchases a wholly developed and improved lot within the Project.

6.2 Severability. If any provision of this Agreement is illegal, invalid, or unenforceable, under present or future laws, it is the intention of the Parties that the remainder of this Agreement not be affected, and, in lieu of each illegal, invalid, or unenforceable provision, that a provision be added to this Agreement which is legal, valid, and enforceable and is as similar in terms to the illegal, invalid or enforceable provision as is possible. Such provisions must be mutually agreed upon by the Parties prior to inclusion in this Agreement.

6.3 Governing Law, Jurisdiction & Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, as it applies to contracts performed within the State of Texas (subject to all immunity in favor of the City) and without regard to any choice of law rules or principles to the contrary. The parties acknowledge that this Agreement is performable in Hays County, Texas and hereby

submit to the jurisdiction of the courts of that County, and hereby agree that any such Court shall be a proper forum for the determination of any dispute arising hereunder.

6.4 No Third-Party Beneficiary. This Agreement is not intended, nor will it be construed, to create any third-party beneficiary rights in any person or entity who is not a Party, unless expressly otherwise provided.

6.5 Mortgagee Protection. This Agreement will not affect the right of Owners to encumber all or any portion of the Property by mortgage, deed of trust or other instrument to secure financing for the Project. The City understands that a lender providing financing for the Project ("Lender") may require interpretations of or modifications to this Agreement and agrees to cooperate with Owners and their Lenders' representatives in connection with any requests for interpretations or modifications. The City agrees not to unreasonably withhold or delay its approval of any requested interpretation or modification if the interpretation or modification is consistent with the intent and purposes of this Agreement and meets with the City's approval. The City agrees as follows:

6.5.1 Neither entering into this Agreement, nor any breach of this Agreement, will affect any lien upon all or any portion of the Property.

6.5.2 The City will, upon written request of a Lender given in compliance with Section 6.17, consider, but shall not be required, providing the Lender with a copy of any written notice of default given to Owners under this Agreement within ten (10) days of the date such notice is given to Owners.

6.5.3 In the event of default by Owners under this Agreement, a Lender may, but will not be obligated to, cure any default during any cure period extended to Owners, either under this Agreement or under the notice of default.

6.5.4 Any Lender who comes into possession of any portion of the Property by foreclosure or deed in lieu of foreclosure will take such property subject to the terms of this Agreement.
