

## **Recommended Areas to Focus on Updates for the Ordinance Review Committee**

### **City Council (made in the Aug 2<sup>nd</sup> Special Council Meeting):**

- Masonry requirements need to be removed
- Parking throughout code needs to match the Traffic Code Chapter 70  
Parking update
- Board of Adjustment needs to be brought into line with State Code
- Chapter 34 needs a re-write
- Ignore Chapter 30
- Ignore Greenspaces Chapter
- Ignore Chapters 154 through 157 (K.Friese has updates prepared)
- Look for inconsistencies in definitions and language used
- Ask: Is this code serving citizens?
- Look for a reduction in enforcement needed
- 

### **Planning and Zoning Recommendations (made in the ----- meeting of P&Z):**

### **Additional Councilmember Recommendations:**

- Do the water conservation efforts seem appropriate for our city?
- Does the city need to create a Parkland Dedication ordinance? “Parkland dedication is a requirement imposed by a local Governmental entity mandating that subdivision developers or builders dedicate land for a park and/or pay a fee to be used by the government entity to acquire and develop park facilities.” an average for cities might be ‘10 acres per 1000 residents’.
- Does the city want to set its own goal for public park space? Common metric would be ‘within 14 minute walking distance’.
