SUMMARY / HISTORY

All as detailed in my report of July 14 report to Council as sent to Councilmember Hines with a copy to Staff.

RECOMMENDATION:

While it has been presented to me that these revised Chapters will be sent to legal and returned back to our Committee for further revision, let me assure you that this is totally unnecessary. Besides incurring needless expense, our reports reflect Citizen input. These revisions reflect our opinions as to how they may "read better," make them easier to interpret. To have legal change them would be to make them reflect legal's opinion, not ours. As I have repeatedly tried to explain, we do not create a finished product; it is not meant to be a published Ordinance. We submit to our Council liaison and it is up to her and Council what they next do with it. By continuing to submit in our coloured text format, a reader can easily see how are changes vary from the Original text. This cannot be done in a bullet-point fashion; that would make it much harder for anyone down the chain to undersand.

We will submit to Staff in the future using this form as you have requested, but we will continue to finalize our revised texts by sending them with a report to Council liaison. We are very happy to work with Staff in these matters, but our report will continue to represent our Committee's opinion.
