CITY OF WOODCREEK

PROCUREMENT POLICY

I. Purpose

This Policy document establishes guidelines and procedures for the procurement of goods or services for the City of Woodcreek. In accordance with the public trust placed upon the City of Woodcreek, its governing body, staff, and City Manager, it is essential that all City Officials and Employees adhere to the procedures set forth by this Policy.

The intent is to purchase equipment, materials, supplies and services at the lowest possible cost to the City from the most responsible and reputable sources.

II. Procedure

A. All expenditures must be in accordance with the Annual City budget, as approved by the governing body. Any unbudgeted purchases must be approved in advance by the City Council by a formal motion and a majority vote. Unbudgeted purchases may be subject to the budget amendment process.

B. Contracting Services: verbal agreements will not be legally binding; a written contract or purchase agreement must be secured prior to the release of City funds.

1. Professional Service:

a. The City will pursue services from the most qualified provider. It is essential the City Manager, or any other authorized representative of the City, do their due diligence in researching providers for professional services such as, but not limited to, debt management, investment portfolio management, financial advising, legal representation and more.

b. Relevant qualifications to provide the needed service shall be the primary reason for their selection. Monetary concerns and limitations shall be secondary in this process unless there is a reasonable need to reduce costs and a similarly qualified service provider is available at a lower cost.

2. Contract Labor:

a. The City will solicit three proposals for all contract work over \$10,000.

b. A report to the governing body shall be required for all expenditures over \$1,500 not pertaining to the regular function and daily maintenance involved in the basic operations of the City and previously allocated in the Current City Budget. Expenditures over \$1,500 may be subject to approval by the governing body.

c. A W-9 is required from all contractors and will be furnished prior to the start of work.

d. All contractors are required to provide proof of liability insurance, have the necessary professional licenses should there be any required and show proof of such, and provide for the compensation of all workers under their supervision. Work shall not begin, and no payment will be processed without all proper documentation on file with the City.

e. The City will not be held liable for unpaid labor under a contractors' supervision during work or after final payment has been released to the contractor. It is the sole responsibility of the contractor to carry worker's compensation, adequate liability insurance, and full compensation for work provided by their staff. The City shall require a document stating these provisions be signed by the contractor thus waiving their rights to claim otherwise.

f. Initial payments to begin work shall not exceed two-thirds of the final total bill. The final payment will only be released upon completion of the work and will require an inspection from the supervising City Official with a satisfactory report.

g. The City Manager shall coordinate with all contract employees but may delegate this duty to a subordinate without relegating their ultimate responsibility of project management including securing proper documentation in advance, final inspections, and the processing of all payments.

h. If changes are necessary after a contract has been agreed upon, the City Manager must be the one to approve the change order, except when approval of the governing body is necessary. Every attempt shall be made to limit change orders and to establish a final expected cost prior to finalizing written agreements or providing payments.

i. When estimates are received from Hays County Transportation Services, found to be fair and reasonable, and are within budgeted amounts allocated in the Annual Budget, the City Manager may approve these expenditures so long as they do not exceed \$1500. All expenditures over \$1,500 must be reported in advance to the governing body and may be subject to their approval.

C. Daily Operations and Regular Maintenance: it is recognized that some expenditures involved in regular city business should not be subject to constant reporting and approval as they are accounted for in the Annual Budget as approved by the governing body and are regular monthly expenses not subject to significant change.

1. Some such examples include personnel costs, janitorial services, pothole filling, cost of utilities, landscape maintenance, IT subscriptions, emergency services, and lease of normal business equipment such as the copier.

2. These items will be reported in the monthly check registers and regularly monitored by the City Manager and governing body.

3. The cost of these items may exceed spending limits set forth in this Policy document for other services and goods and are not subject to approval or reporting unless there is a significant change in cost or service expected.

2. An invoice, charge slip, or receipt must be obtained and submitted to the City Manager.

3. Purchases for daily operations and janitorial supplies should be purchased in bulk and the City Manager is authorized to create an account at a provider with an annual subscription fee in order to secure these resources at discounted rates and in bulk quantities.

E. Purchase of Equipment: the purchase of all equipment over \$5,000 shall require a minimum of three quotes and approval of the governing body.

F. Spending Limits: the City shall have reasonable spending limits set for all goods, services, and authorized personnel in order to protect the City's assets and financial stability.

This must be taken into account when authorizing their use and it is prohibited to authorize the use of restricted funds for any purpose outside of those designated by their revenue source if such designation exists.
