On Veterans Day 1996, the Vietnam Veterans Memorial Fund (VVMF) unveiled a replica of the Vietnam Veterans Memorial in Washington, D.C., designed to travel to communities throughout the United States. Since its dedication, *The Wall That Heals* has been displayed at nearly 800 communities throughout the nation, spreading the Memorial's healing legacy to millions.

Bringing The Wall home to communities throughout our country allows the souls enshrined on the Memorial to exist once more among family and friends in the peace and comfort of familiar surroundings. The traveling exhibit provides thousands of veterans who have been unable to cope with the prospect of facing The Wall to find the strength and courage to do so within their own communities, thus allowing the healing process to begin.

The city will need volunteers to assist in the education center, to guide visitors and help visitors find names on the wall. To sign up, please fill out the City volunteer form here:
