Subject

Discuss Aquatics Study – Joint work session with Parks and Recreation Board.

Recommendation

Discussion

In 2020, the City Council adopted the newest Parks, Recreation, and Open Space Plan. The plan identified priorities for parks and recreation facility development based on citizen, City Council, Parks and Recreation Board, and staff input. Two areas of development identified are various aquatics amenities and park development in and around Lavon Lake.

The two studies are currently funded in the FY2020-2021 Budget. Both studies will be performed by Dunaway Associates, they were the consultants that completed the adopted Master Plan in 2020. The January 26, 2020 work session will be an opportunity for both the City Council and Parks and Recreation Board to gain insight on the construction, operation, and potential revenues for aquatic facilities. The work session will also identify some goals and outcomes for the project. The aquatic study will be completed this fiscal year.

A work session for the Lavon Lake study is currently scheduled for the February 9, 2021 City Council Meeting.
