APPLICANT: Estacado Interest

The applicant is requesting a change in zoning from Manufactured Home to Commercial Corridor-Special Use Permit (CC-SUP) on 1.793 acres located at 1001 State Highway 78 for a motor vehicle fueling station with convenience store and car wash use as required by the Zoning Ordinance. Site Plan and plat applications shall be required if the zoning is approved.

The applicant has provided a zoning exhibit which includes a 2,824 sq.ft. convenience store with canopy covered fueling pumps. A 3,652 sq.ft. car wash structure is also proposed with vacuum bays. The development is to be accessed from State Highway 78 with two access points.

The Special Use Permit conditions allows for the car wash exiting vehicle bay to face State Highway 78 and allows for the fueling station site to have a master sign plan.

The surrounding properties are zoned commercial to the north and west. Light Industrial development to the south and manufactured home development to the east. The site is located in the Regional Commercial sector of the future land use map and is consistent with the existing surrounding development and land use classification of the comprehensive plan.
